What is Medicare Part D?

Part D is Medicare's comprehensive prescription drug coverage benefit and is available to anyone eligible for Medicare Part A or Part B.

People with Medicare may enroll in Part D coverage through either a stand-alone plan or a Medicare Advantage plan. People on Medicare who choose not to enroll and have no other drug coverage may pay more for late enrollment.

What Does Part D Cost?

Each Medicare drug plan has its own formulary. Many plans place drugs into different "tiers" on their formularies. Drugs in each tier have a different cost; drugs in a lower tier will generally cost you less than those in a higher tier.

Monthly Premiums: \$0 - \$108.00

Annual Deductible: \$0 - \$545

Copays or Coinsurance: 25% or flat amount until \$13,172.18 in total costs

Catastrophic Coverage: Eliminated in 2024! \$8,000 out-of-pocket max - NEW!

How Do I Choose a Part D Plan?

Each year you should review your plan options and look for three things:

Convenience: know what pharmacies are in network and if the plan has preferred pharmacies

Cost: know all possible out-of-pocket expenses

Coverage: make sure all your current prescription medications are included

What is the 'Extra Help' Program?

Extra Help is a Medicare program that helps people with limited income and resources pay Medicare prescription drug costs. You may qualify for Extra Help, also called low-income subsidy (LIS), if your annual income and total resources are below these limits this year.

Single Person	Married Person
Monthly Income: \$1,903	Monthly Income: \$2,575
Resources: \$17,220	Resources: \$34,360

For help applying for Extra Help benefits, contact the the Ohio Department of Insurance at 800-686-1578.

What Counts as Income and Resources?

Resources include money in a checking or savings account, stocks, bonds, mutual funds, and Individual Retirement Accounts (IRAs). Resources don't include your home, car, household items, burial plot, burial expenses (up to \$1,500 per person), or life insurance policies. Income includes any money received from social security, pensions, employment, interest and more.

If you qualify for Extra Help, Medicare will pay:

- All or most of the monthly premium
- All of your annual deductible
- Most of your copayments/coinsurance
- Full coverage during the donut hole

In 2024, drug costs for most people who qualify will be no more than \$4.50 for each generic drug and \$11.20 for each brand name drug. Look on the Extra Help letters you get, or contact your plan to find out your exact costs.

NOTE: All people with Medicare should review their drug options EVERY year and choose the plan that's best for them!
