June 25, 2012

Honorable Mayor Frank G. Jackson
City of Cleveland Council and
Citizens of the City of Cleveland, Ohio

Introduction

We are pleased to submit the Comprehensive Annual Financial Report of the City of Cleveland (the City) for the year ended December 31, 2011. This report, prepared by the Department of Finance, includes the basic financial statements that summarize the various operations and cash flows related to the City's 2011 activities. Our intention is to provide a clear, comprehensive and materially accurate overview of the City's financial position at the close of last year. The enclosed information has been designed to allow the reader to gain an understanding of the City's finances, including financial trends, financial instruments and fund performances. The City has complete responsibility for all information contained in this report.

This report consists of management's representations concerning the finances of the City. Consequently, management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, management of the City has established a comprehensive internal control framework that is designed both to protect the City's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the City's financial statements in conformity with generally accepted accounting principles in the United States of America (GAAP). Because the cost of internal controls should not outweigh their benefits, this comprehensive framework of internal controls has been designed to provide reasonable, rather than absolute, assurance that the financial statements will be free of material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The City's financial statements have been audited by Clark, Schaefer, Hackett & Co. The goal of the independent audit is to provide reasonable assurance that the financial statements of the City for the year ended December 31, 2011, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. Clark, Schaefer, Hackett & Co. concluded, based upon its audit, that there was a reasonable basis for rendering an unqualified opinion that the City's financial statements for the year ended December 31, 2011 are fairly presented in conformity with GAAP. The Independent Auditor's Report is presented as the first component of the financial section of this report.

The independent audit of the financial statements of the City was part of a broader, federally mandated "Single Audit" designed to meet the special needs of federal grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited government's internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal awards. These reports are available in the City's separately issued Single Audit Report.

GAAP requires that management provide a narrative introduction, overview and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The City's MD&A can be found immediately following the Independent Auditors' Report.

Structure of this Comprehensive Annual Financial Report

This Comprehensive Annual Financial Report (CAFR) is designed to assist the reader in understanding the City's finances. This CAFR consists of the following sections:

- The Introductory Section, which includes this letter of transmittal and contains information pertinent to the City's management and organization.
- The Financial Section contains the Independent Auditors' Report, Management's Discussion and Analysis (MD&A), Basic Financial Statements and various other statements and schedules pertaining to the City's funds and activities.
- The Statistical Section contains numerous tables of financial and demographic information. Much of this information is shown with comparative data for the ten-year period from 2002 through 2011.

References throughout this report to Note 1, Note 2, etc., are to the Notes to Financial Statements included in the Financial Section of this CAFR.

Profile of the Government

The City

The City is a municipal corporation and political subdivision of the State of Ohio. It is located on the southern shore of Lake Erie and is the county seat of Cuyahoga County.

The City is included in the Cleveland-Elyria-Mentor, OH Metropolitan Statistical Area (MSA), comprised of Cuyahoga, Lake, Lorain, Geauga and Medina counties. This MSA is the 26th largest of 366 Metropolitan Areas in the United States and the largest Metropolitan Area in the State of Ohio.

Cleveland is located in the northeast part of the state, approximately 150 miles north-east of Columbus. Bordering Lake Erie, Cleveland is home to world-renowned medical facilities, professional sports venues, Severance Hall, numerous State of Ohio lakefront parks, the Port of Cleveland, the Rock and Roll Hall of Fame and operates the nation's eighth largest water system. Interstate highways I-71, I-480, I-77 and I-90 serve as some of the City's major transportation arteries. The City is rich in educational and medical facilities, including Cleveland State University, Case Western Reserve University, the Cleveland Clinic and University Hospitals of Cleveland.

City Government

The City operates under, and is governed by, the Charter which was first adopted by the voters in 1913 and has been and may be further amended by the voters from time to time. The City is also subject to certain general State laws that are applicable to all cities in the State. In addition, under Article XVIII, Section 3 of the Ohio Constitution, the City may exercise all powers of local self-government and may exercise police powers to the extent not in conflict with applicable general State laws. The Charter provides for a mayor-council form of government.

The City's chief executive and administrative officer is the Mayor, elected by the voters for a four-year term. Frank G. Jackson was elected as Mayor of the City in November 2005 and began his first term on January 2, 2006. He was re-elected to a second term in November 2009. Prior to assuming office as Mayor, Mr. Jackson served as a Ward 5 City Council member for 16 years and in 2002, was elected by the 21-member City Council to serve as Council President. Under the Charter, the Mayor may veto any legislation passed by Council, but a veto may be overridden by a two-thirds vote of all members of the Council.

Legislative authority is currently vested in a 19-member Council. Council members serve four year terms and are elected from wards. The present terms of the Mayor and Council members expire on December 31, 2013. The Council fixes compensation of City officials and employees and enacts ordinances and resolutions relating to City services, tax levies, appropriating and borrowing money, licensing and regulating businesses and trades, and other municipal functions. The presiding officer is the President of Council, elected by the Council members. Martin J. Sweeney was re-elected as President of Council in November 2009. The Clerk of Council is appointed by Council. The Charter establishes certain administrative departments; the Council may establish divisions within departments or additional departments. The Mayor appoints all of the directors of the City's 12 departments.

The Director of Finance and City Controller believe that, to the best of their knowledge, the data contained in this report present fairly the financial position and results of operations of the various funds of the City. All necessary disclosures are included in this report to enable the reader to understand the City's financial activities.

Financial Reporting Entity

The City has applied guidelines established by Governmental Accounting Standards Board (GASB) Statement No. 14, *The Financial Reporting Entity*. Provisions outlined in this statement define the operational, functional and organizational units for which the City, "acting as Primary Government", is required to include as part of its reporting entity. The inclusion of a component unit as part of the City's reporting entity requires the appointment of a voting majority of the component unit's board and either (1) the City's ability to impose its will over the component unit or (2) the possibility that the component unit will provide a financial benefit to or impose a financial burden on the City.

Under these provisions, the City's financial reporting entity acts as a single rather than multi-component unit. The provisions permit the entity to include all funds, agencies, boards and commissions that, by definition, comprise components within the primary government itself. For the City, these components include police and fire protection services, waste collection, parks and recreation, health, select social services and general administrative services. Primary enterprise activities owned and operated by the City include a water system, electric distribution system and two airports.

In accordance with GASB Statement No. 14, the Cuyahoga Metropolitan Housing Authority, Cleveland-Cuyahoga Port Authority and Cleveland Municipal School District are defined as related organizations and Gateway Economic Development Corporation of Greater Cleveland is defined as a jointly governed organization. None of these organizations are included within the City's reporting entity.

Internal Control

Management of the City is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the City are protected from loss, theft or misuse. The internal control structure ensures that accounting data is compiled to allow for the preparation of financial statements in conformity with GAAP. The internal control structure is designed to provide reasonable assurances that these objectives are met. The concept of reasonable assurance recognizes that (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

As a recipient of federal, state and county financial assistance, the City is also responsible for maintaining a rigorous internal control structure that ensures full compliance with applicable laws and regulations related to those programs. This internal control structure is subject to periodic evaluation by management, external auditors and the internal audit staff of the City. The City is required to undergo an annual audit in conformity with the provisions of the Single Audit Act Amendments of 1996 and U.S. Office of Management and Budget Circular A-133, *Audits of State and Local Governments and Non-profit Organizations*. The information related to the Single Audit, including the schedule of federal awards expenditures, findings and recommendations and auditor's reports on the internal control structure and compliance with applicable laws and regulations are included in a separate report.

Accounting and Financial Reporting

The City's accounting system is organized and operated on a fund basis. A fund is defined as an independent fiscal and accounting entity with a self-balancing set of accounts. The types of funds to be used are determined by GAAP and the number of individual funds established is determined by sound financial administration. Each fund is a separate accounting entity with its own self-balancing set of accounts, assets, liabilities and fund balance. The City's governmental funds include the General Fund, Special Revenue Funds, Debt Service Funds and Capital Projects Funds. The City's proprietary funds are its Enterprise Funds that provide services to the general public, including utilities and airport service and Internal Service Funds that provide services to City departments, divisions and other governments. The City also maintains Fiduciary Funds to account for assets held by the City in an agent capacity for individuals, private organizations and other governments.

Except for budgetary purposes, the basis of accounting used by the City conforms to GAAP as applicable to governmental units. All governmental funds are accounted for using a current financial resources (current assets and current liabilities) measurement focus. The modified accrual basis of accounting is utilized for governmental funds. Revenues are recognized when they are susceptible to accrual (both measurable and available). Expenditures are recognized when the related liability is incurred, except for interest on long-term debt which is recorded when due.

The measurement focus of the City's proprietary funds is on the flow of total economic resources (all assets and liabilities). The accrual basis of accounting (revenues are recognized when earned and expenses when incurred) is utilized for the Enterprise and Internal Service Funds.

The City's basis of accounting for budgetary purposes differs from GAAP in that revenues are recognized when received, rather than when susceptible to accrual (measurable and available), and encumbrances and pre-encumbrances are included as expenditures rather than included in fund balances.

In March of 2009, Governmental Accounting Standards Board (GASB) Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions* was issued. This statement is effective for fiscal periods beginning after June 15, 2010. The objective of this statement is to enhance the usefulness of fund balance information by providing clearer fund balance classifications that can be more consistently applied and by clarifying the existing governmental fund type definitions. As required, the City has implemented GASB Statement No. 54.

Budgeting Procedures

Detailed provisions regulating the City's budget, tax levies and appropriations are set forth in the Ohio Revised Code and the City Charter. The Mayor is required to submit the appropriation budget, called "The Mayor's Estimate" to City Council by February 1 of each year. The Council may adopt a temporary appropriation measure for the first three months of the year, but must adopt a permanent appropriation measure for the fiscal year by April 1. The Cuyahoga County Auditor must certify that the City's appropriation measure does not exceed the amounts set forth in the County Budget Commission's Certificate of Estimated Resources.

The City maintains budgetary control on a non-GAAP basis at the character level (personnel and related expenditures and other expenditures) within each division. Lower levels within each character are accounted for and reported internally. Lower levels are referred to as the program level. Estimated expenditure amounts must be pre-encumbered and subsequently encumbered prior to the release of purchase orders to vendors or finalization of other contracts. Pre-encumbrances and encumbrances that would exceed the available character level appropriation are not approved or recorded until the Council authorizes additional appropriations or transfers. Unencumbered appropriations lapse at the end of each calendar year. As an additional control over expenditures, the City Charter requires that all contracts in excess of \$50,000 shall first be authorized and directed by ordinance of City Council.

Budget-to-actual comparisons are provided in this report for each individual governmental fund for which an appropriated annual budget has been adopted. For the General Fund, this comparison is shown on page 55 as part of the basic financial statements. For other governmental funds with appropriated annual budgets, this comparison is presented in the supplementary information subsection of this report along with more detailed information regarding the General Fund, which starts on page 109.

Factors Affecting Financial Condition

Local Economy

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment within which the City operates.

Cleveland's economic condition draws strength and stability from its evolving role as the focal point of a growing, changing and substantial regional economy. The City is located at the center of one of the nation's heaviest population concentrations. The Cleveland metropolitan area is a significant local market, housing 2.1 million people. Cleveland also provides superior links to the global markets. The Cleveland-Cuyahoga Port Authority handles the largest amount of overseas cargo on Lake Erie and includes a Foreign Trade Zone. The City is also well-served with extensive highways and Cleveland Hopkins International Airport serves as a United Continental Airlines Hub and is serviced by all major airlines. The re-emergence of downtown Cleveland as a vibrant center for national and regional entertainment and major cultural activities signals a turning point in the City's overall fortunes and is paving the way for further economic expansion that will be significantly more entrepreneurial in scope.

Major Industries, Economic Conditions and Employment

Cleveland, as well as most large urban municipalities across the nation, has faced significant economic challenges in recent years. Like all manufacturing cities across the country, Cleveland has tried to combat the declining industry base with more professional and service industry opportunities. The City’s budget basis income tax collections increased 4.6% in 2011.

While the City’s economy has shifted more toward health care and financial services, its manufacturing base has assumed a smaller, yet still vital role. Competitive pressures in manufacturing have limited job creation, but the competitive position of Cleveland based industrial companies has improved.

The 2007 economic census indicates that Cleveland’s employment base continues to become more diversified. The following table summarizes the percentage of Clevelanders employed by industry type based on 2007 census figures.

Industry	Percent of Workforce
Utilities	0.39 %
Administration and Support of Waste Management and Remediation Services	8.40
Manufacturing	16.77
Wholesale Trade	6.54
Retail Trade	12.60
Transportation and Warehousing	3.28
Information	2.42
Finance, Insurance and Real Estate	9.57
Professional, Scientific Management	6.09
Education, Health, Social Services	19.43
Arts, Entertainment, Recreation	1.62
Other Services	3.42
Accommodation and Food Services	9.47
Total	<u>100.00 %</u>

Current Projects and 2011 Accomplishments

The 2011 budget focused on continuing the City’s commitment to improve the quality of life of its citizens by strengthening our neighborhoods, fostering a favorable business climate and providing superior services.

Despite fiscal constraints and economic challenges, the City achieved the following 2011 programmatic goals and projects without an income or property tax increase:

Department of Community Development

- Neighborhood Stabilization Program (NSP) and other federal funds were committed to support “Green Building” by requiring all housing development supported by City funding to comply with the City’s Green Building Standards. In 2011, the City committed \$28,307,210 to single family and multifamily development projects that will meet standards for sustainability and energy efficiency. The Standards created a formula for completing 571 “Green” housing units in 2011.
- Completed installation of 46 green space and urban agricultural projects funded by the Re-Imagining Cleveland Grant program. The primary source of funding for this program was the City’s NSP 1 grant.
- Commenced program to improve Land Bank land for transfer as side yard expansions or for lease to Community Development Corporations to be operated as public green space using NSP 2 funding. To date, 46 sites have been designated for improvement.

- In 2011, the Storefront Renovation Program (SRP) continued its efforts to make Cleveland's neighborhood retail districts visually attractive and economically competitive via private/public partnerships with commercial building and business owners. In conjunction with Community Development Corporations, the City provides marketing support, design assistance and program coordination to commercial property owners. A total of 46 projects were completed in 2011. Of that total, 12 projects consisted of full building renovations, 16 consisted of signage for new businesses that opened in already renovated storefronts located in neighborhood retail districts and 18 consisted of signage located in the downtown business district. The SRP rebate incentive of \$293,369 leveraged a private investment of \$903,763 (a \$3.08 to \$1.00 private-to-public investment ratio). These completed SRP projects represent 811 full and part-time employees and 282 temporary construction jobs.
- Supported community-based development corporations (CDC's) who undertook an array of revitalization programs tailored to their respective neighborhoods. Twenty-five CDC's received \$8.8 million in support from the City in 2011 for activities including but not limited to:
 - Purchase and rehab of vacant structures;
 - Residential and commercial code enforcement;
 - Block club-based safety programs;
 - Technical assistance to businesses;
 - Home repair services; and
 - Greening projects, including community and market gardens and pocket parks.
- Awarded \$4.1 million to non-profit organizations for providing essential social services, homeless services, AIDS prevention related services and services for at-risk youth.
- Partnered with the Cleveland/Cuyahoga County Office of Homeless Services to use Homeless Prevention & Rapid Rehousing funds to help families avoid homelessness or help homeless persons find permanent housing. Program results have been:
 - Assisted 1,759 households avoid homelessness in 2011 and 3,572 since the grant began at the end of 2009;
 - Assisted 946 homeless households to find housing in 2011 and 1,440 since the grant began at the end of 2009; and
 - Completed construction of a 70 unit permanent supportive housing building for disabled chronically homeless individuals and committed funding to the 2012 construction of two projects that will provide an additional 105 units of permanent supportive housing.
- The Senior Housing Assistance Program (SHAP) provided services to 106 units for income eligible seniors. In addition, seniors were assisted with emergency repairs, emergency tree removal and gutter cleaning.
- The City weatherized 1,302 homes, exceeding the 2011 goal of 1,147 units.

Department of Building and Housing

- Demolished 607 condemned structures. Since January 2006, the Department has inspected, condemned and razed over 5,854 structures.
- Initiated 1,899 court cases against negligent property owners.
- Issued 5,800 violation notices.
- Issued 15,082 construction permits valued at \$1.556 billion in new construction.
- Boarded-up and secured 4,164 vacant structures.
- Deconstructed 15 structures to achieve a more sustainable demolition process.
- Issued 1,822 condemnation notices.

Department of Economic Development

- Provided a \$400,000 loan to the Park Building Condominium project, a \$12.8 million mixed-use project on Cleveland's Public Square.
- Supplied a \$720,000 Vacant Property Initiative (VPI) loan to the developer of the West 25th Street Lofts, a renovation of the Odd-Fellows Lodge and Brewery and contiguous buildings. Once complete, the \$21.3 million project will provide 72 loft style apartments and 34,000 square feet of commercial space.
- The City was awarded a \$1.45 million Boating Infrastructure Grant from the United States Department of the Interior. The funding will be used to construct a transient marina located behind the Rock and Roll Hall of Fame in downtown Cleveland.
- The City provided a Non-School Tax Increment Financing designation related to \$16 million in improvements that AmTrust Financial Services, Inc. will make at the 800 Superior Building. Upon completion, the project will add over 1,000 new employees to the Nine Twelve District of downtown.
- Provided a \$80,000 Citywide Business Grant to Cleveland Research Company LLC to retain the growing company. The company currently has 68 full-time employees and is expecting to add 30 new jobs in the future.
- Granted loans and other financial assistance to Snavely Construction related to the construction of a 150-room LEED certified Courtyard by Marriott in University Circle. The \$26 million business-class hotel will help meet substantial demand generated by the hospitals, university and other institutions in the area.

Department of Health

- Performed 12,774 proactive nuisance inspections in 2011. Nuisance complaints decreased overall by 51%, from 17,685 in 2010 to 8,695 in 2011.
- Encouraged food operators to take ServSafe and/or Person-in-Charge food training courses. As a result, the number of food complaints decreased 13% from 351 to 304.
- Administered 1,437 seasonal influenza vaccinations at the city's health centers and off-site events.
- Increased the number of HIV tests provided at the health centers by 14% in 2011.
- Hosted the most successful "We Run This City" youth marathon program to date with 720 participants.
- Collected \$168,151 in air permit fees and completed 449 Ohio EPA-mandated inspections.
- Educated the community through meetings, forums, festivals and other outreach opportunities. Education touch-points tallied 79,757 in 2011.
- Distributed 118,689 birth and death certificates to Clevelanders and 30 Cuyahoga County suburbs as well.
- Inspected Cleveland's food shops, including restaurants, grocery stores, mobile food service operations, vending food service operations and temporary food service operations. A total of 6,517 food inspections were completed, exceeding last year's total by 6%.

Department of Aging

- Provided core services to 5,388 clients including senior citizens and adults with disabilities.
- Secured over \$500,000 of external grants.
- The Annual Senior Day Program held in May 2011 attracted more than 2,000 senior citizens; the Annual Senior Walk attracted over 400 senior citizens.
- Provided the following services: 1,658 received Benefit Checkups, 128 received one or more major home repairs, 677 received grass cutting services, 874 received assistance with snow removal and 3,353 received other supportive services.

The Office of Equal Opportunity

- Collected over \$55,000 in penalties from contractors for non-compliance with the Codified Ordinance 188.
- Under Codified Ordinance 123, OEO is assuming a leadership role in coordinating touch points for Prevailing Wage citywide.
- OEO is on track to complete the Citywide Disparity Study being conducted by National Employment Rights Authority by August 2012.
- To improve efficiency, OEO purchased and will begin implementation/testing of the new real-time compliance software, Business to Government Now (B2GNow).
- Monitored over 118 construction contracts exceeding \$100,000 to ensure compliance with the Cleveland Resident Employment Law (aka Fannie M. Lewis Law) requiring that at least 20% construction worker hours are City of Cleveland residents.

Department of Public Service

- The Division of Recreation served 86,120 summer lunches during 2011.
- The Division of Park Maintenance serviced 47,539 vacant properties in 2011, a 2.4 % increase from 2010.
- The Division of Motor Vehicle Maintenance provided the following services:
 - Acquired 141 new vehicles; and
 - Consolidated various automotive contracts into one contract from one vendor. This streamlined our supply chain, eased payment volume, provided easier communication and resulted in timelier delivery of parts. This move also contributed to savings realized from invoice discounts.
- The Division of Urban Forestry trimmed 4,457 trees.
- The Division of Waste Collection collected and disposed of 239,000 tons of debris and recycled 10,938 tons of material. They also expanded the automated waste collection and curbside recycling program to 25,000 additional households, bringing the citywide total to 40,000.
- The Division of Parking initiated a \$500,000 capital improvement project at the Gateway East Garage.
- The Division of Streets used over 6,500 tons of asphalt and 3,500 cubic yards of concrete for street repairs in 2011. They also resurfaced over 34,000 square yards of roadway.
- The Division of Traffic Engineering painted over 650 miles of lane lines and replaced over 4,500 traffic light bulbs.

Department of Public Safety

- The Violence and Gun Reduction and Interdiction Program (V-GRIP) was introduced to develop new partnerships to address gun violence. Agents from the FBI and the Bureau of Alcohol, Tobacco, Firearms and Explosives joined the Division of Police in patrolling some of Cleveland's most crime-ridden neighborhoods in search of guns and the criminals who use them. Federal agents also conducted "knock and talks" in some neighborhoods, going door-to-door to obtain information about crime and guns. In 2011, 14 firearms were confiscated, 1,333 citations were issued and 189 arrests were made.
- Conducted monthly Neighborhood Safety Initiatives. Every enforcement strategy is utilized with an emphasis on combating crime in those areas reflecting the greatest volume of violent crimes in the previous six month period. In 2011 there were 498 felony arrests, 292 misdemeanor arrests, 68 firearms confiscated and 6,076 traffic citations issued.
- The Division of Police realized a reduction in reported cases of arson, rape and robbery.
- Provided citizens with the ability to view/print accident reports and file police reports for property damage and theft reports at no cost because of the establishment of online tools. In 2011, 113,570 accident reports were accessed and 1,351 police reports were filed.

- The Division of Fire reported three fire-related fatalities in 2011. This is the lowest number in recorded history for the second year in a row. These numbers have been achieved through the cooperative efforts of the Division of Fire, the Cleveland Divisions of Aging and Community Relations, the Greater Cleveland Chapter of the American Red Cross and many other local partnerships.
- The Division of Fire initiated the Community Risk Reduction program through a grant from the Vision 20/20 Federal Program. The program will assist in the installation of 2,500 smoke alarms in residences as well providing home safety surveys for those in the greatest need.

Department of Public Utilities

- The Division of Water provided service to approximately 414,006 individual accounts throughout the City and 69 surrounding suburbs. The Division also processes approximately 5,000 payments daily, which include payments for water, sewer, waste collection fee, final notices and delinquent notices.
- The Division of Cleveland Public Power provided electric service to approximately 74,000 customers in 2011. As part of an effort to increase the available customer base, the Division has implemented a Capacity Expansion Program to serve new customers throughout the downtown area. Construction is 50% complete with an anticipated in-service date of 2013.
- The Division of Water Pollution Control provides sewer service to approximately 125,209 customer accounts in the City. The sewer system is comprised of 1,200 miles of sewer lines with attendant catch basins and includes 18 pump/lift stations.

Department of Port Control

- Cleveland Hopkins International Airport (CLE) has received an award for its marketing and advertising efforts in 2011 by Ohio's travel and tourism industry leaders. The Ohio Travel Association (OTA) acknowledged CLE for its radio advertising and 2010 Annual Report during the recent Ruby Awards which are held annually during the Ohio Tourism Conference.
- Construction Phases II and III of Runway 10-28 Safety Area Improvements were completed in 2011. The Runway 28 end was shifted 600 feet to the East and the Engineering Material Arresting System (EMAS) block installation was completed on both ends of the runway. The runway was officially re-opened on December 15, 2011.

Department of Law

- Drafted approximately 400 contracts and reviewed over 1,000 contracts for legal form and correctness.
- Prepared 580 pieces of legislation for introduction to City Council.
- Obtained 1,203 search warrants for housing court enforcement actions and helped Building and Housing obtain legal authorization for more than 1,300 demolitions of unsafe structures in the City.
- Responded to 2,853 citizen requests for non-routine public records; provided legal advice as needed in response to more than 10,000 routine requests.
- Processed 1,063 claims for property damage and other losses.
- Pursued collection of money due for taxes, fines and loan defaults. Collected approximately \$1.4 million in income tax collection actions and collected more than \$1.6 million in money due for loan defaults, unpaid utility service, damage to City property and other debts to the City.

2012 Budget

The strategic implementation of the five-year budget projections to manage the City's finances, Operations Efficiency Task Force and Clean Cleveland have resulted in significant reductions in operating costs and a balanced budget for 2011. The many unknown variables due to the global economic crisis require that stringent fiscal controls and mandated energy conservation be the platform of the 2012 operating budget. The Budget Management Strategy for fiscal 2012 includes, but is not limited to, the following:

- A 3% cost-of-living increase for 2012.
- The elimination of most vacant positions.
- The continuation of a hiring freeze that has been in effect since 2006, except for critical positions.

The estimate of receipts and expenditures for all General Fund departments and divisions for the 2012 budget are:

- Revenues and other sources are projected to decrease from \$502.7 million in 2011 to \$490.2 million in 2012. This decrease is attributed to a decrease of \$12.5 million in the Local Government Fund due to State cuts.
- Expenditures and other uses are estimated to increase from \$492.7 million to \$507.0 million in 2012. This increase is primarily due to negotiated labor agreements and rising healthcare costs.

Major highlights of the 2012 budget are:

- Cost savings due to the merging of the Departments of Public Service and Parks, Recreations and Properties.
- Continued energy use reduction due to operation efficiency efforts.
- Savings due to attrition resulting from layoffs and other unfilled positions.
- Continue efforts to increase revenue, including implementing findings from a new fee study. Preliminary study completed. Portions of results already implemented and ordinances approved for 2012.

Long-term financial planning:

The City has a long-term goal of increasing the Rainy Day Reserve Fund to 5% of General Fund expenditures (approximately \$25 million). This will allow the City to obtain the lowest rates possible when issuing debt and also withstand economic downturns with minimum disruptions to City services.

The City manages its long-term financing of its capital needs through the annual updating of its Capital Improvement Plan (CIP). The CIP schedules capital improvements through the current and succeeding five years. The CIP does not include appropriations or authorizations to expend monies. Capital Projects are approved by City Council when funding sources have been determined. The City usually issues bonds to fund capital projects.

The following projects currently underway will provide the momentum necessary to continue rebuilding the City's economic base:

- Construction continued in 2011 on the \$465 million Convention Center and Medical Mart in downtown Cleveland. Once complete, the project is expected to generate up to \$330 million a year of economic activity.
- The \$33 million Greater Cleveland Aquarium opened in early 2012. As the only freestanding aquarium in the state of Ohio, the 40 tank-one million gallon attraction is projected to lure 500,000 visitors a year to the Old Powerhouse building located in the Flats west bank.
- Phase one of the Flats East Bank project (\$272 million) continued construction in 2011. The development will initially include an office tower, hotel and retail.
- Rock Ohio Caesars continued building the first phase (\$350 million) of a new casino in the historic Higbee Building on Public Square. The casino opened in May 2012 and is expected to attract over 10,000 visitors daily.

Major Initiatives

As the City plans ahead to achieve increased municipal efficiencies and enhanced infrastructure coordination, the Mayor has launched the following initiatives:

- *The Future of Public Safety*, a comprehensive plan outlining specific protocols for the Department of Public Safety addressing emergency preparedness, information and technology, professional standards and communications.
- *Five-Year Capital Improvement Program*, a comprehensive plan designed to meet the City's infrastructure needs with an emphasis on sustainability, increased efficiencies and consistent maintenance of City properties.
- *Clean Cleveland*, City crews from Public Works, Public Utilities, Public Health and Building and Housing Departments will inspect, fix and clean neighborhood properties in a coordinated and systemic fashion.
- *Connecting Cleveland: The Waterfront District Plan*, a blueprint was created to guide mixed-use commercial development of the waterfront between West 3rd and East 18th streets.

Awards and Acknowledgements

The Independent Audit: The City Charter requires an annual audit of the financial statements of all accounts of the City by an Independent Certified Public Accountant. Accordingly, this year's audit was completed by Clark, Schaefer, Hackett & Co. The year ended December 31, 2011, represents the 31st consecutive year the City has prepared a Comprehensive Annual Financial Report (CAFR). In addition to the independent auditors, the City maintains its own Internal Audit Division. Along with the duty of assisting the independent auditors, the Internal Audit Division is responsible for strengthening and reviewing the City's internal controls. The Internal Audit Division performs its own independent operational and financial audits of the City's many funds, departments and divisions. We believe that the City's internal control structure adequately safeguards its assets and provides reasonable assurance of proper recording of all financial transactions.

GFOA Certificate of Achievement Award: The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Cleveland, Ohio for its CAFR for the fiscal year ended December 31, 2010. The Certificate of Achievement is a prestigious national award recognizing conformance with the highest standards for preparation of state and local government financial reports.

In order to be awarded a Certificate of Achievement, a governmental unit must publish an easily readable and efficiently organized CAFR, the contents of which conform to program standards. Such CAFRs must satisfy both GAAP and applicable legal requirements. A Certificate of Achievement is valid for a period of one year only. The City has received a Certificate of Achievement for the last 27 years (years ended 1984 – 2010). We believe our current report continues to conform to the Certificate of Achievement program requirements and we are submitting it to the GFOA.

Acknowledgements: The preparation of this report could not have been accomplished without the efficient and dedicated service of the Finance Department, particularly the Division of Financial Reporting and Control. We would also like to thank the Mayor, the cabinet and members of City Council. Without their continued support, the Department of Finance could not have maintained the financial management practices required to ensure the financial integrity of the City. We would like to thank the representatives of Clark, Schaefer, Hackett & Co. for their efforts and professional conduct throughout the audit engagement.

Very truly yours,

Sharon Dumas, Director
Department of Finance

James E. Gentile, CPA

INDEPENDENT AUDITORS' REPORT

To the Honorable Frank G. Jackson, Mayor, Members of Council and the Audit Committee
City of Cleveland, Ohio:

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Cleveland, Ohio (the City) as of and for the year ended December 31, 2011, which collectively comprise the City's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the City's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the government activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City as of December 31, 2011, and the respective changes in financial position and, where applicable, cash flows and the budgetary comparison for the General Fund thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

As described in Note 17, during the year ended December 31, 2011, the City adopted the provisions of Governmental Accounting Standards Board Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*.

In accordance with *Government Auditing Standards*, we have also issued our report dated June 25, 2012 on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

f. 513.241.1212

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 29 through 47 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The combining and individual nonmajor fund financial statements and schedules and capital assets schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements as a whole.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The introductory and statistical sections are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

Clark, Schaefer, Hackett & Co.

Cincinnati, Ohio
June 25, 2012

CITY OF CLEVELAND, OHIO

MANAGEMENT'S DISCUSSION AND ANALYSIS

As management of the City of Cleveland (the City) we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City for the year ended December 31, 2011. Please read this information in conjunction with the City's financial statements and footnotes that begin on page 50.

FINANCIAL HIGHLIGHTS

- The assets of the City exceeded its liabilities at December 31, 2011 by approximately \$2.444 billion (net assets). Of this amount, \$419.0 million (unrestricted net assets) may be used to meet the City's ongoing obligations to citizens and creditors.
- Of the approximately \$2.444 billion of net assets, governmental activities accounted for approximately \$641 million of net assets, while business-type activities net assets accounted for approximately \$1.803 billion.
- The City's net assets increased by \$31.0 million as compared to 2010. The governmental activities net assets increased by \$14.3 million and the business-type activities net assets increased by \$16.7 million.
- At the end of the current year, unassigned fund balance for the General Fund was \$39.0 million, which represents the amount available for spending at the City's discretion. The unassigned fund balance equals 8.1% of the total current General Fund expenditures and other financing uses.
- In 2011, the City's total long-term debt and other debt-related obligations, excluding premiums, discounts and unamortized loss on debt refunding, decreased by \$63.0 million. The decrease indicates that the City's debt service payments and debt refunded or defeased exceeded new debt issued in 2011.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements are comprised of four components: (1) government-wide financial statements, (2) fund financial statements, (3) General Fund budget and actual statement and (4) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements.

Government-wide financial statements. The government-wide financial statements are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private sector business.

The statement of net assets presents information on all of the City's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The statement of activities presents information showing how the City's net assets changed during the most recent year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City principally include: General Government; Public Service; Public Safety; Community Development; Building and Housing; Public Health; Parks, Recreation and Properties; and Economic Development. The business-type activities of the City principally include: water; electricity; and airport facilities.

The government-wide financial statements can be found on pages 50 - 51 of this report.

Fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds and fiduciary funds.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on the near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the City's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City presents 34 individual governmental funds on a modified accrual basis. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures and changes in fund balances for the General Fund, which is considered to be a major fund. Data from the other 33 governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in this report.

The City adopts an annually appropriated budget for its General Fund, Enterprise and Internal Service Funds. The City adopts an annually appropriated budget for some of its Special Revenue and Debt Service Funds. The General Fund budgetary comparison has been provided as a separate financial statement to demonstrate compliance with its budget.

The basic governmental fund financial statements can be found on pages 52 - 55 of this report.

Proprietary funds. The City maintains two different types of proprietary funds. The first type is Enterprise Funds. They are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses Enterprise Funds to account for its water, electric, airport, sewer, public auditorium, markets, parking lots, cemeteries and golf course operations. The second type of proprietary fund the City uses is Internal Service Funds to account for its motor vehicle maintenance, printing and reproduction, postal services, utilities administration, sinking fund administration, municipal income tax administration, telephone exchange, radio communications operations and workers' compensation reserve. Internal Service Funds are an accounting device used to accumulate and allocate costs internally throughout the City's various functions. Because most of the internal services predominantly benefit governmental rather than business-type functions, they have been included within the governmental activities in the government-wide financial statements, except for the Utilities Administration Fund which has been classified as a business-type activity.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Division of Water, Cleveland Public Power and Department of Port Control Funds, which are considered to be major funds of the City. Conversely, Internal Service Funds are combined into a single, aggregated presentation in the proprietary fund financial statements. Individual fund data for the nonmajor Enterprise and Internal Service Funds is provided in the form of combining statements elsewhere in this report.

The basic proprietary fund financial statements can be found on pages 56 - 60 of this report.

Fiduciary funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the City's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds. All of the City's fiduciary funds are Agency Funds.

The basic fiduciary fund financial statement can be found on page 61 of this report.

Notes to the financial statements. The notes provide additional information that is essential to achieve a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 63 - 108 of this report.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Information regarding the government-wide net assets of the City is provided below:

Summary Statement of Net Assets as of December 31, 2011 and 2010

	<u>Governmental Activities</u>		<u>Business-Type Activities</u>		<u>Total</u>	
	2011	2010	(Amounts in 000's)		2011	2010
Assets:						
Current and other assets	\$ 728,561	\$ 742,618	\$ 1,202,684	\$ 1,252,668	\$ 1,931,245	\$ 1,995,286
Capital assets	<u>915,743</u>	<u>911,132</u>	<u>2,885,420</u>	<u>2,854,499</u>	<u>3,801,163</u>	<u>3,765,631</u>
Total assets	1,644,304	1,653,750	4,088,104	4,107,167	5,732,408	5,760,917
Liabilities:						
Long-term obligations	763,056	779,675	2,037,300	2,076,084	2,800,356	2,855,759
Other liabilities	<u>239,794</u>	<u>246,894</u>	<u>247,809</u>	<u>244,843</u>	<u>487,603</u>	<u>491,737</u>
Total liabilities	1,002,850	1,026,569	2,285,109	2,320,927	3,287,959	3,347,496
Net assets:						
Invested in capital assets, net of related debt	543,460	557,804	1,130,178	1,080,332	1,673,638	1,638,136
Restricted	117,765	159,942	234,050	243,511	351,815	403,453
Unrestricted	<u>(19,771)</u>	<u>(90,565)</u>	<u>438,767</u>	<u>462,397</u>	<u>418,996</u>	<u>371,832</u>
Total net assets	<u>\$ 641,454</u>	<u>\$ 627,181</u>	<u>\$ 1,802,995</u>	<u>\$ 1,786,240</u>	<u>\$ 2,444,449</u>	<u>\$ 2,413,421</u>

As noted earlier, net assets may serve, over time, as a useful indicator of a government's financial position. The City's assets exceeded liabilities by approximately \$2.444 billion at the close of the most recent fiscal year. This represents an increase of 1.3% in 2011. Of the City's net assets, 26.2% represents its governmental net assets and 73.8% represents its business-type net assets.

Of the net assets from governmental activities, \$543.5 million represents its investment in capital assets (e.g., land, land improvements, buildings, infrastructure, furniture, fixtures, equipment and vehicles), net of accumulated depreciation, less any related, still-outstanding debt issued to acquire, construct or improve those assets. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other resources, since the capital assets themselves cannot be used to liquidate these liabilities. Another significant portion of net assets, \$117.8 million, represents resources that are subject to external restrictions on how they may be used. There was an increase in unrestricted net assets of \$70.8 million.

In 2011, the total assets from governmental activities decreased by \$9.4 million. This decrease is primarily attributed to decreases of \$12.9 million in cash and cash equivalents and \$2.6 million in unamortized bond issuance costs. The total decreases were partially offset by an increase of \$4.4 million in net receivables.

Also in 2011, the total liabilities from governmental activities decreased by \$23.7 million. This decrease is primarily due to decreases of \$16.6 million in long-term obligations and \$9.4 million in deferred revenue, which was partially offset by an increase of \$9.1 million in due to other governments.

At the end of the current year, the City is able to report positive balances in total net assets for both its governmental activities and its business-type activities. Information regarding government-wide changes in net assets is provided below:

Changes in Net Assets
For Fiscal Years Ended December 31, 2011 and 2010

	<u>Governmental</u> <u>Activities</u>		<u>Business-Type</u> <u>Activities</u>		<u>Total</u>	
	2011	2010	(Amounts in 000's)		2011	2010

Net assets at end of year	<u>\$ 641,454</u>	<u>\$ 627,181</u>	<u>\$ 1,802,995</u>	<u>\$ 1,786,240</u>	<u>\$ 2,444,449</u>	<u>\$ 2,413,421</u>

Business-type net assets increased \$16.8 million in 2011. Of the business-type net assets, \$1.130 billion represents its investment in capital assets, net of accumulated depreciation, less any related, still-outstanding debt issued to acquire, construct or improve those assets. These capital assets are used to provide services to their customers. Consequently, these assets are not available for future spending. Although the City's investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other resources, since the capital assets themselves cannot be used to liquidate these liabilities. \$234 million of net assets are subject to external restrictions on their use. The remaining balance of \$439 million is unrestricted and may be used to meet the City's ongoing obligations to customers and creditors.

Revenues by Source - Governmental Activities

Other includes capital grants and contributions, other taxes, shared revenues, unrestricted investment earnings and other general revenues.

Expenses and Program Revenues - Governmental Activities

(Amounts in 000's)

Revenues by Source - Business-type Activities

Other includes operating grants and contributions, special items - gain on sale of capital assets and unrestricted investment earnings.

Expenses and Program Revenues - Business-type Activities

(Amounts in 000's)

In 2011, business-type total assets decreased by \$19.1 million primarily due to decreases in restricted cash and cash equivalents and investments of \$39.5 million. This decrease was partially offset by an increase in net capital assets of \$30.9 million. Business-type total liabilities decreased by \$35.8 million primarily due to decreases in long-term obligations of \$38.8 million and accrued interest payable of \$2.6 million. These decreases were partially offset by an increase in liabilities payable from restricted assets of \$3.7 million.

Business-type activities are principally accounted for in the City's Enterprise Funds. The City operates three major Enterprise Funds encompassing two airports, a water system and an electric distribution system. The City also operates other Enterprise Funds consisting of a sewer system, cemeteries, a public auditorium, golf courses, municipal parking lots and public market facilities. The operating results of the City's principal Enterprise Funds are discussed below.

Division of Water: The Division operates a major public water supply system, the ninth largest in the United States that serves not only the City, but also 69 suburban municipalities in Cuyahoga, Medina, Summit and Geauga counties. The Division is an emergency standby provider for systems in three other counties. The present service area covers over 640 square miles and serves over 1.5 million people. Operating revenue in 2011 decreased to \$236.6 million from \$237.3 million in 2010. Operating expenses, exclusive of depreciation, decreased approximately 2.2% to \$146.2 million compared to \$149.5 million in 2010. This decrease was primarily attributed to reductions in computer hardware maintenance expenditures as well as employee salary and benefit costs.

Division of Cleveland Public Power: The Division supplies electrical service to approximately 74,000 customers in the City. The Division is responsible for supplying, transmitting and distributing electricity and providing related electrical services to customers within its service area. The Division's 2011 operating revenue increased 1.0% to \$168.4 million from \$166.7 million in 2010. Purchased power expense decreased 4.3% to \$90.5 million in 2011 from \$94.6 million in 2010. Operating expenses, exclusive of depreciation and purchased power, increased 13.8% to \$49.4 million compared to \$43.4 million in 2010.

Department of Port Control: The City's Department of Port Control consists of the Divisions of Cleveland Hopkins International Airport and Burke Lakefront Airport. Currently, 27 passenger airlines provide scheduled airline service at Cleveland Hopkins International Airport. Burke Lakefront Airport, a federally certified commercial and general aviation reliever airport, provides the majority of its services to air taxi operators serving the City's downtown business activities. The airports' operating revenue in 2011 amounted to \$115.0 million. This represents a 7.8% increase from 2010 operating revenues. Cleveland Hopkins International Airport served 9,203,740 passengers in 2011. This reflects a 3.0% decrease in the number of passengers served from 2010. This decrease is attributed to normal industry fluctuation and the economic recession.

FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of the City's governmental funds is to provide information on near-term inflows, outflows and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current year, the City's governmental funds reported combined ending fund balances of \$362.9 million, a decrease of \$9.5 million and approximately 2.6% in comparison with the prior year. The components of the governmental fund balances include an unassigned balance of \$39.0 million, which indicates the amount available for spending at the City's discretion. An additional \$204.6 million of fund balance is available for expenditures that are legally restricted for a particular purpose. The nonspendable portion of fund balance has \$1.7 million of items that are not in a spendable form, such as inventory. An additional \$105.6 million is committed to fund specific purposes and cannot be reassigned without legislative approval. The remaining assigned balance of \$12.0 million represents funds that the City intends to use for a specific purpose.

The General Fund is the chief operating fund of the City. At the end of the current year, the unassigned fund balance of the General Fund was \$39.0 million and the total fund balance was \$51.6 million. As a measure of the General Fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures and transfers out. Unassigned fund balance represents 8.1% of total General Fund expenditures and other financing uses, while total fund balance represents approximately 10.8% of that same amount.

A two-year comparison of General Fund activity is shown below. The revenues, expenditures and changes in fund balance shown in these comparisons are presented on the modified accrual basis of accounting applicable to governmental funds.

General Fund		
Statement of Revenues, Expenditures and Changes in Fund Balance Information - GAAP Basis		
2011 and 2010		
(Amounts in 000's)

Fund balance at end of year	<u>\$ 51,594</u>	<u>\$ 30,815</u>

Analysis of General Fund Revenues

General Fund revenues and other sources totaled \$499.6 million in 2011, a decrease of approximately \$15.0 million from 2010. A discussion of each of the major types of General Fund revenues follows.

Municipal Income Taxes

Ohio law authorizes a municipal income tax both on corporate income (net profits from the operation of a business or profession) and employee wages, salaries and other compensation at a rate of up to 1% without voter authorization and at a rate above 1% with voter authorization. In 1979 and in 1981, the voters in the City approved increases of one-half of one percent to the rate of the income tax, bringing it to the current 2% rate. By the terms of the 1981 voter approval, as amended in 1985, one-ninth of the receipts of the total 2% tax (the Restricted Income Tax) must be used only for capital improvements, debt service or obligations issued for capital improvements or the payment of past deficits. The remaining eight-ninths of the municipal income tax is recorded in the General Fund and is pledged to, and may also be used for, debt service on General Obligation Bonds of the City, to the extent required and certain other obligations of the City.

The income tax is also imposed on gross salaries and wages earned in the City by non-residents of the City and on salaries, wages and other compensation of City residents earned within or outside the City. The income tax liability of a City resident employed outside the City is reduced by a credit equal to 50% of the tax paid to the municipality in which the City resident is employed. The tax on business profits is imposed on that part of profits attributable to business conducted within the City. In 2011, approximately 89% of the total income taxes paid to the City were derived from non-residents employed in the City and business profits.

Income tax collections increased approximately \$10.5 million in 2011 from 2010, primarily due to increased construction activity in the University Circle and downtown areas.

Property Taxes

Taxes collected from real property in one calendar year are levied in the preceding calendar year on assessed values as of January 1 of that preceding year. Taxes collected from tangible personal property in one calendar year are levied in the same calendar year on assessed values during and at the close of the most recent fiscal year of the taxpayer that ended on or before March 31 of the current calendar year, and at the rates determined in the preceding year. Public utility real and tangible personal property taxes collected in one calendar year are levied in the preceding calendar year on assessed values determined as of December 31 of the second year preceding the tax collection year.

The "assessed valuation" of real property is fixed at 35% of true value and is determined pursuant to rules of the State Tax Commissioner. An exception is that real property devoted exclusively to agricultural use is to be assessed at not more than 35% of its current agricultural use value. Real property devoted exclusively to forestry or timber growing is taxed at 50% of the local tax rate multiplied by the assessed value.

The assessed values of taxable property in the City for the past two years were as follows:

<u>Tax Collection Year</u>	<u>Real Property</u>	<u>Public Utility Tangible Personal (Amounts in 000's)</u>	<u>Total Assessed Valuation</u>
2011	\$ 5,398,098	\$ 242,172	\$ 5,640,270
2010	\$ 5,279,349	\$ 233,870	\$ 5,513,219

Property tax revenues decreased by \$2 million in 2011 principally due to lower current tax collections and an increase in delinquencies in 2011.

State Local Government Funds and Other Taxes and Shared Revenues

State Local Government Funds and Other Taxes and Shared Revenues include taxes levied and collected by the State of Ohio or counties and partially redistributed to the City and other political subdivisions. Other taxes and shared revenues include state income, sales, admission, motor vehicle, parking, hotel, commercial activity, corporate franchise, homestead and rollback, public utility, estate and cigarette taxes as well as liquor fees. State Local Government Funds and Other Taxes and Shared Revenues have decreased in total by approximately \$3.6 million in 2011.

Since 1993, the State Local Government Funds (LGF) have been the City's largest source of non-tax General Fund revenue. Through these funds, Ohio subdivisions share in a portion of the State's collection of the sales tax, use tax, personal income tax, corporate franchise tax and public utilities excise tax. The percentages of the five taxes supporting these funds have varied over the years. At times, the dollar amount in the funds has been capped at specified levels.

Pursuant to statutory law in Ohio, State LGF revenues are divided into county and municipal portions. The county portion, the larger of the two, is distributed to each of the State's 88 counties and is allocated based upon a statutory formula utilizing county population and county municipal property values. Once received by a county, the funds can either be distributed to all subdivisions using the statutory formula or the county and its subdivisions may agree upon an alternate method for allocating the funds. Cuyahoga County and its recipient communities have chosen the latter method which is comprised of a base allocation and an excess allocation. The excess allocation takes into account such factors as assessed value per capita, per capita income, population density and the number of individuals receiving public assistance. The municipal portion of the LGF is distributed directly by the State to those municipalities that collect an income tax. A municipality receives its share of the funds based upon its percentage of total municipal income taxes collected throughout the state in a given year.

Distributions from the State of Ohio and Cuyahoga County (as a conduit between the State and City) have generally decreased since 2000.

Analysis of General Fund Expenditures

General Fund expenditures and other financing uses totaled \$478.8 million in 2011, a decrease of 2.0% from 2010. The amount of expenditures and other uses by function on a GAAP basis, including the increases (decreases) over the prior year, are shown in the following table:

<u>Expenditures and Other Financing Uses</u>	<u>Actual 2011</u>	<u>% of Total</u>	<u>Restated</u>		<u>Increase (Decrease)</u>	<u>% Change</u>
			<u>Actual 2010</u>	<u>% of Total</u>		
(Amounts in 000's)						
Current:						
General Government	\$ 69,790	14.58	\$ 72,078	14.76	\$ (2,288)	(3.17)
Public Service	33,795	7.06	34,394	7.04	(599)	(1.74)
Public Safety	292,594	61.11	301,100	61.65	(8,506)	(2.82)
Building and Housing	8,333	1.74	8,337	1.71	(4)	(0.05)
Public Health	4,451	0.93	5,240	1.07	(789)	(15.06)
Parks, Recreation and Properties	36,130	7.55	35,715	7.31	415	1.16
Economic Development	1,400	0.29	1,188	0.25	212	17.85
Other	11,171	2.33	11,490	2.35	(319)	(2.78)
Capital Outlay	2,350	0.49			2,350	N/A
Transfers Out	<u>18,789</u>	3.92	<u>18,838</u>	3.86	<u>(49)</u>	(0.26)
Total Expenditures and Other Financing Uses	<u>\$ 478,803</u>		<u>\$ 488,380</u>		<u>\$ (9,577)</u>	

The total expenditures and other financing uses decreased by \$9.6 million. The decreases in General Government and Public Safety expenditures were due to decreases in full-time permanent personnel. The increase in capital outlay of \$2.4 million resulted from ongoing improvements to the Public Auditorium.

Proprietary Funds. The City’s proprietary fund financial statements provide the same type of information found in the government-wide financial statements, but in more detail.

The unrestricted net assets of the Division of Water, Cleveland Public Power and the Department of Port Control Funds amounted to \$204.9 million, \$58.2 million and \$128.9 million, respectively, at December 31, 2011. The change in net assets for each of the respective funds amounted to increases of \$10.1 million, \$1.8 million and \$4.0 million during 2011. Other factors concerning the finances of the City’s proprietary funds have already been addressed in the discussion of the City’s business-type activities.

Major Functional Expense Categories. A discussion of the City’s major functional expense categories follows:

Employees and Labor Relations

As of December 31, 2011 and 2010, the City had approximately 7,398 and 7,694 full-time employees, respectively. Of the 7,398 full-time employees, approximately 5,179 full-time employees are represented by 31 collective bargaining units. The largest collective bargaining units, together with the approximate number of employees represented by such units, include the American Federation of State, County and Municipal Employees, Local 100 – 1,279 members; Cleveland Police Patrolmen’s Association – 1,273 members; the Association of Cleveland Firefighters – 809 members; Municipal Foreman and Laborers Union, Local 1099 – 468 members; and Local 244 – 358 members.

There have been no significant labor disputes or work stoppages in the City within the last 28 years.

The Council, by ordinance, establishes schedules of salaries, wages and other economic benefits for City employees. Generally, the terms of these ordinances have been the product of negotiations with representatives of the employees or bargaining units, and increases in economic benefits have normally been provided on an annual basis.

Chapter 4117 of the Ohio Revised Code (the Collective Bargaining Law), establishes procedures for, and regulates public employer-employee collective bargaining and labor relations for the City and other state and local governmental units in Ohio. The Collective Bargaining Law creates a three-member State Employment Relations Board (the SERB), which administers and enforces the Collective Bargaining Law. Among other things, the Collective Bargaining Law: (i) creates rights and obligations of public employers, public employees and public employee organizations with respect to labor relations; (ii) defines the employees it covers; (iii) establishes methods for (a) the recognition of employees and organizations as exclusive representatives for collective bargaining and (b) the determination of bargaining units; (iv) establishes matters for which collective bargaining is either required, prohibited or optional; (v) establishes procedures for bargaining and the resolution of disputes, including negotiation, mediation and fact finding; and (vi) permits all covered employees to strike, except certain enumerated classes of employees, such as police and fire personnel.

Over the past two years, the total salaries and wages paid to the City’s employees from all funds were as follows:

<u>Year</u>	<u>Amount Paid</u> (Amounts in 000's)
2011	\$ 424,311
2010	\$ 424,680

In 2011, salaries and wages remained relatively consistent.

Employee Retirement Benefits

City employees are members of one of two retirement systems. These retirement systems provide both pension and post-retirement health care benefits to participants. They were created pursuant to Ohio statutes and are administered by state created Boards of Trustees. The boards are comprised of a combination of elected members from the respective retirement system’s membership and ex-officio members from certain state and local offices.

These two retirement systems are:

- Ohio Public Employees Retirement System (OPERS), created in 1935, represents state and local government employees not included in one of the other retirement systems. Management of the system indicates there are 349,188 actively contributing members and total net assets of this pension system approximated \$72.3 billion as of December 31, 2011, the latest information available. More data on this pension system is shown in Note 13 – Defined Benefit Pension Plans and Note 14 – Other Postemployment Benefits of this report.
- Ohio Police and Fire Pension Fund (OP&F), created in 1966, represents sworn personnel, not civilians, employed in police and fire divisions of Ohio’s local governments. As of December 31, 2010, the latest information available, management of the fund indicates membership of approximately 28,479 active members and assets of this pension fund approximated \$14.2 billion. All of the City’s police and fire officers are members of this pension fund. More data on this pension fund is shown in Note 13 – Defined Benefit Pension Plans and Note 14 – Other Postemployment Benefits of this report.

Over the past two years, the City and its employees have paid the following amounts to OPERS and OP&F:

	<u>2011</u>	<u>2010</u>
	(Amounts in 000's)	
Paid by City to:		
OPERS	\$ 35,782	\$ 40,348
OP&F	<u>32,612</u>	<u>33,294</u>
Total paid by City	<u>68,394</u>	<u>73,642</u>
Paid by employees to:		
OPERS	25,529	25,524
OP&F	<u>15,171</u>	<u>15,719</u>
Total paid by employees	<u>40,700</u>	<u>41,243</u>
Total	<u>\$ 109,094</u>	<u>\$ 114,885</u>

The City is current in all of its required contributions to the respective pension funds. The pension plans and other postemployment benefits for health care are explained in Note 13 – Defined Benefit Pension Plans and Note 14 – Other Postemployment Benefits.

GENERAL FUND BUDGETARY ANALYSIS

In 2011, the principal difference between the original and the final revenue budget (see page 55) was a \$4.6 million decrease in other taxes and shared revenues. This was due to the State of Ohio cuts to the Commercial Activity Tax. Also, \$14.0 million in proceeds from the Convention Center sale was properly reclassified from miscellaneous revenue to transfers in.

In 2011, the major differences between the final amended budget and the actual total revenues were increases of \$9.9 million in income taxes and \$3.2 million in licenses and permits. Both increases were primarily attributed to increased construction activity and an improving local economy. Also, actual transfers in was \$19.8 million less than budgeted because transfers related to the Convention Center sale and the Rainy Day Fund were not required. There was a difference of \$7.1 million between the final amended budget and the actual total expenditures including transfers out. This decrease in expenditures resulted primarily from citywide reductions in employee staff levels.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital assets: The City’s investment in capital assets for its governmental and business-type activities as of December 31, 2011, amounts to \$3.8 billion (net of accumulated depreciation). This investment in capital assets includes land; land improvements; utility plant; buildings, structures and improvements; furniture, fixtures, equipment and vehicles; infrastructure; and construction in progress. The total increase in the City’s investment in capital assets for the current fiscal year was .9% (a .5% increase for governmental activities and a 1.1% increase for business-type activities). A summary of the City’s capital assets at December 31, 2011 is as follows:

	<u>Capital Assets, Net of Accumulated Depreciation</u>		
	<u>Governmental</u> <u>Activities</u>	<u>Business-Type</u> <u>Activities</u> (Amounts in 000's)	<u>Total</u>
Land	\$ 66,188	\$ 191,512	\$ 257,700
Land improvements	51,922	22,379	74,301
Utility plant		771,885	771,885
Buildings, structures and improvements	339,955	306,359	646,314
Furniture, fixtures, equipment and vehicles	50,413	672,310	722,723
Infrastructure	319,136	542,234	861,370
Construction in progress	<u>88,129</u>	<u>378,741</u>	<u>466,870</u>
Total	<u>\$ 915,743</u>	<u>\$ 2,885,420</u>	<u>\$ 3,801,163</u>

Additions to construction in progress during the current fiscal year affecting the City’s capital assets included the following:

- Cleveland Public Power incurred \$14.1 million of capital expenditures relating to various projects, pole replacements, equipment and building betterments.
- The Division of Water had expenditures for capital improvements totaling \$100.1 million. Major expenses were for continuing renovations and enhancements at the Morgan, Baldwin and Nottingham Plants, equipment and rehabilitation of water mains.
- Port Control expenditures for capital improvements totaled approximately \$19.4 million. Major initiatives were the Runway 10/28 Safety Improvement Project, installation of a new terrazzo floor in the main concourse, and reconstruction and upgrading and enhancements of the terminal utilities.
- Water Pollution Control had capital expenditures of \$4.6 million. Major components included emergency repairs and various sewer line replacement projects.
- Major capital projects for Governmental Activities included land improvements, building improvements, vehicles and equipment, various computer system upgrades and infrastructure improvements.

The primary sources for financing the City’s Capital Improvement Projects are general obligation bond proceeds, certificates of participation proceeds, urban renewal bond proceeds, revenue bond proceeds, proceeds from capital leases, interest earned on funds prior to and during the construction period, restricted income taxes and funds from the State Issue 2 and Local Transportation Improvement Programs. The City has three primary goals relating to its Capital Improvements: (1) preservation and revitalization of the City’s neighborhoods, (2) economic development and job creation and (3) provision of cost-effective, basic City services to Cleveland residents and the business community. Additional information on the City’s capital assets, including commitments made for future capital expenditures, can be found in Note 15 – Capital Assets.

Long-term debt and certain other obligations: At the end of the current fiscal year, the City had total long-term debt and certain other obligations outstanding of \$2.70 billion as shown below. General Obligation Bonds are typically issued for general governmental activities and are backed by the full faith and credit of the City. Revenue bonds are typically recorded in the applicable Enterprise Fund and are supported by the revenues generated by the respective Enterprise Fund. The remainder of the City’s debt represents bonds or notes secured solely by specified revenue sources.

The activity in the City’s debt obligations outstanding during the year ended December 31, 2011 is summarized below (excluding unamortized discounts, premiums and losses on debt refundings).

	Balance January 1, <u>2011</u>	Debt Issued	Debt Refunded or Defeased	Debt Retired	Balance December 31, <u>2011</u>
			(Amounts in 000's)		
<u>Governmental Activities:</u>

Funds used to meet the debt service requirements of the City's General Obligation Bonds are from certain ad valorem taxes, restricted income taxes and interest earnings. Ad valorem taxes, the primary source of funds, amounted to \$19.33 million in 2011 which represents approximately 43% of the debt service requirements on the General Obligation Bonds. These taxes were derived from a levy of \$4.35 per \$1,000 of assessed property. The remaining 57% of debt service requirements is retired from a portion of the City's restricted income tax proceeds, homestead and rollback reimbursement from the State, interest earnings and other miscellaneous revenue sources generated within the Debt Service Funds.

The City issues its General Obligation Bonds within the context of its Capital Improvement Program. Programs which have benefited due to the issuance of general obligation debt include, but are not limited to, public service improvements, bridge and roadway improvements, recreation facilities, cemeteries and urban redevelopment. The City's Enterprise Funds implement their own individual Capital Improvement Programs and issue revenue bond and note debt necessary to fund their programs.

The City's bond ratings for general obligation and revenue bonds are as follows as of December 31, 2011:

	Moody's Investors Service	Standard & Poor's	Fitch Ratings
General Obligation Bonds	A1	AA	A+ *
Subordinate Lien Income Tax Bonds	A2	AA	N/A
Waterworks Revenue Bonds	Aa1	AA	N/A
Cleveland Public Power Revenue Bonds	A2	A-	N/A
Airport System Revenue Bonds	Baa1	A-	A- **
Parking Revenue Bonds (Insured Ratings)	Aa3	AA-	N/A

* On April 13, 2011, Fitch Ratings downgraded its rating on City GO Bonds from AA- to A+ with a stable outlook.

** On April 25, 2011, Fitch Ratings downgraded its ratings on the Airport System Bonds from A (negative outlook) to A- (stable outlook).

The ratio of net general bonded debt to assessed valuation and the amount of bonded debt per capita are useful indicators of the City's debt position to management, citizens and investors. Net general bonded debt is total general bonded debt supported by taxes less amounts available in the Debt Service Fund. This data at December 31, 2011 was:

Net General Bonded Debt:	\$297,172,000
Ratio of Net Bonded Debt to Assessed Valuation:	5.27%
Net General Bonded Debt Per Capita:	\$748.89

The Ohio Revised Code provides that the net debt of the municipal corporation, whether or not approved by the electors, shall not exceed 10.50% of the assessed value of all property in the municipal corporation as listed and assessed for taxation. In addition, the unvoted net debt of municipal corporations cannot exceed 5.50% of total assessed value of property. The City's total debt limit (10.50%) is \$592,228,390 and unvoted debt limit (5.50%) is \$310,214,871. At December 31, 2011, the City had capacity under the indirect debt limitation calculation per the Ohio Revised Code to issue approximately \$50 million of additional unvoted debt. These debt limitations are not expected to affect the financing of any currently planned facilities or services.

In addition, the City has entered into various derivative or hedging agreements since 1999. Derivative instruments are contracts, the value of which depends on, or derives from, the value of an underlying asset, index or rate. The most common types of derivatives used by governments are interest rate swaps and interest rate locks. A detailed description of each outstanding derivative, including its terms, objectives, risks and fair value, can be found in Note 5 – Debt and Other Long-Term Obligations.

In accordance with the implementation of GASB Statement No. 53, *Accounting and Financial Reporting for Derivative Instruments*, the City has reported a deferred outflow asset, a liability in the amount of the fair value of the interest rate swaps, which reflect the prevailing interest rate environment at December 31, 2011 and an investment loss as appropriate based on the change in fair value. The specific terms and conditions of each swap have been provided by the respective counterparty for each swap and confirmed by the City's financial advisor.

Additional information on the City's long-term debt can be found in Note 5 – Debt and Other Long-Term Obligations.

FACTORS EXPECTED TO IMPACT THE CITY'S FUTURE FINANCIAL POSITION OR RESULTS OF OPERATIONS

The City, like all municipalities both local and national, continues to face the challenges of economic recession. Basic operating costs continue to rise due to negotiated salary increases, higher benefit costs and federal and state mandates being placed upon municipalities at the same time federal and state funding is being reduced.

Over the last several years, the City has seen significant reductions in funding from the federal and state governments. To offset these reductions, the City continues to focus on stimulating economic and community development throughout its core business districts and neighborhoods to strengthen its housing stock value and ensure a strong local job market.

On October 6, 2011, the City completed the sale of the City-owned Gateway North Parking Garage to Rock Ohio Caesars Gateway LLC. The garage will be used in conjunction with the opening of a new casino being constructed in the Higbee Building adjacent to the garage. The net proceeds of the sale of the garage were placed into an escrow fund to be used to pay the principal and interest as it comes due on \$16,145,000 Parking Facilities Refunding Revenue Bonds, Series 2006.

Other Impacting Factors

- On February 23, 2012, the City issued \$235,150,000 Airport System Revenue Bonds, Series 2012A (Non-AMT).
- On February 24, 2012, the City issued \$15,325,000 Public Power System Revenue Bonds, Series 2012.
- On May 22, 2012, the City issued \$50,245,000 Various Purpose and Refunding General Obligation Bonds, Series 2012.
- On June 5, 2012, the City entered into an equipment lease agreement with PNC Equipment Finance LLC in the amount of \$6,507,400.

See Note 21 for additional information.

NEED ADDITIONAL INFORMATION

This financial report is designed to provide a general overview of the City's finances for all those with an interest in the City's finances. Questions concerning any of the information provided in this report or requests for additional information should be addressed to the Office of the Finance Director, City Hall, Room 104, 601 Lakeside Avenue, Cleveland, Ohio 44114.

CITY OF CLEVELAND, OHIO

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES OF GOVERNMENTAL FUNDS FOR THE YEAR ENDED DECEMBER 31, 2011

(Amounts in 000's)

Amounts reported for governmental activities in the statement of activities (page 51) are different because:

Net change in fund balances - total governmental funds (page 53)	\$ (9,537)
Governmental funds report capital outlays as expenditures; however, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period.	4,847
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.	1,468
The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets. Also, governmental funds report the effect of debt issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences, including accrued interest, in the treatment of long-term debt and related items.	9,327
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.	8,539
The net revenue of certain activities of internal service funds is reported with governmental activities.	<u>(371)</u>
Change in net assets of governmental activities (page 51)	<u>\$ 14,273</u>

The notes to the financial statements are an integral part of this statement.

CITY OF CLEVELAND, OHIO
NOTES TO FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF CITY OPERATIONS AND REPORTING ENTITY

The City: The City of Cleveland, Ohio (the City) operates under an elected Mayor/Council (19 Council members) administrative/legislative form of government.

Reporting Entity: The accompanying financial statements as of December 31, 2011 and for the year then ended have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) applicable to local governments. The Governmental Accounting Standards Board (GASB) is the standard-setting body for establishing governmental accounting and financial reporting principles, which are primarily set forth in the GASB's Codification of Governmental Accounting and Financial Reporting Standards (GASB Codification).

In evaluating how to define the governmental reporting entity, the City complies with the provisions of GASB Statement No. 14, *The Financial Reporting Entity*, under which the financial statements include all the organizations, activities, functions and component units for which the City (primary government) is financially accountable. Financial accountability is defined as the appointment of a voting majority of the component unit's board, and either (1) the City's ability to impose its will over the component unit or (2) the possibility that the component unit will provide a financial benefit to or impose a financial burden on the City.

On this basis, the City's financial reporting entity has no component units but includes in its financial statements the financial activities of all departments, agencies, boards and commissions that are part of the primary government, including police and fire protection, waste collection, parks and recreation, health, certain social services and general administrative services. In addition, the City owns and operates several enterprise activities, the principal ones consisting of a water system, an electric distribution system and two airports.

The following entities are related organizations of the City of Cleveland; however, the City's accountability does not extend beyond its appointing authority:

Cuyahoga Metropolitan Housing Authority – Created under the Ohio Revised Code, the Cuyahoga Metropolitan Housing Authority provides public housing services. The five-member board consists of two appointed by the Mayor of the City of Cleveland, two appointed by Cleveland City Council and one appointed by the Mayor of the City of East Cleveland with approval from its City Council.

Cleveland-Cuyahoga County Port Authority – Created under the Ohio Revised Code, the Cleveland-Cuyahoga County Port Authority conducts port operations and economic development activities. The nine-member Board of Directors consists of three appointed by the Cuyahoga County Commissioners and six appointed by the City of Cleveland.

Cleveland Metropolitan School District (Schools) – In November of 1998, the Mayor of the City of Cleveland was given appointing authority for the Schools. As approved by the State Legislature, the Ohio Revised Code provides for the Mayor to appoint a Chief Executive Officer who must be approved by the Board of Education (the Board). The Board is comprised of nine-members. The members of the Board are appointed by the Mayor from a pool of candidates presented to the Mayor by an independent nominating panel. In November 2002, the voters of Cleveland elected to maintain the current governance structure.

The following entity is a jointly governed organization of the City; however, the City has no ongoing financial interest or responsibility:

Gateway Economic Development Corporation of Greater Cleveland (Gateway) – Gateway is responsible for the operations of a sports complex and related economic development. The five-member board consists of two members appointed by the City, two members appointed by the Board of County Commissioners and one by the President of the Board of County Commissioners with concurrence of the Mayor of the City of Cleveland.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Significant Accounting Policies:

The following is a summary of the more significant policies followed during the preparation of the accompanying financial statements.

A. *Government-Wide and Fund Financial Statements*

GASB Statement No. 34 established requirements and a reporting model for the annual financial reports of state and local governments. GASB Statement No. 34 was developed to make annual reports easier to understand and more useful to the people who use governmental financial information to make decisions. Financial information of the City is presented in the following format:

Basic Financial Statements:

1. *Government-wide financial statements* consist of a statement of net assets and a statement of activities. These statements report all of the assets, liabilities, revenues, expenses, gains and losses of the City. Governmental activities are reported separately from business-type activities. Governmental activities are normally supported by taxes and intergovernmental revenues whereas business-type activities are normally supported by fees and charges for services and are usually intended by management to be financially self-sustaining. Fiduciary funds of the City are not included in these government-wide financial statements.

Interfund receivables and payables, bonds and notes issued and held by the City as investments within governmental and business-type activities have been eliminated in the government-wide statement of net assets. Related interest amounts are eliminated in the government-wide statement of activities. These eliminations minimize the duplicating effect on assets and liabilities within the governmental and business-type activities total column.

Internal Service Fund balances, whether positive or negative, have been eliminated against the expenses and program revenues shown as governmental activities in the statement of activities, except for the Utilities Administration Fund which is shown in the business-type activities column.

The statement of activities presents a comparison between direct expenses and program revenues for the different business-type activities of the City and for each function of the City's governmental activities.

Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenue includes (a) charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions, including special assessments that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues. General revenues are considered unrestricted in nature.

Program revenues and expenses previously reported as “Other” program revenues and expenses in governmental activities on the statement of activities are now classified as General Government program revenues and expenses as appropriate.

Business-type activities on the government-wide statement of activities summarizes other Enterprise Funds as Nonmajor activities. These include Sewer, Public Auditorium, West Side Market, East Side Market, Municipal Parking Lots, Cemeteries and Golf Courses.

2. *Fund financial statements* consist of a series of statements focusing on information about the City’s major governmental and Enterprise Funds. Separate statements are presented for the governmental, proprietary and fiduciary funds.

The City’s major governmental fund is the General Fund. Of the City’s business-type activities, the Division of Water Fund, Cleveland Public Power Fund and Department of Port Control Fund are considered major Enterprise Funds.

The General Fund is the primary operating fund of the City. It is used to account for all financial resources, except those required to be accounted for in other funds. Its revenues consist primarily of income and property taxes, investment earnings, other taxes and shared revenues, charges for services, licenses, fees and fines.

General Fund expenditures represent costs of General Government; Public Service (including waste collection); Public Safety (including police and fire); Building and Housing; Public Health; Parks, Recreation and Properties; and Economic Development. General Fund resources are also transferred annually to support other services which are accounted for in other separate funds.

The Division of Water Fund is a segment of the Department of Public Utilities of the City. The Division of Water was created for the purpose of supplying water services to customers within the Cleveland Metropolitan Area.

The Cleveland Public Power Fund is a segment of the Department of Public Utilities of the City. The Cleveland Public Power Fund was established by the City to provide electrical services to customers within the City.

The Department of Port Control Fund was established to account for the operations of the City’s airport facilities.

While not considered major funds, the City maintains Internal Service Funds used to account for the financing of goods or services provided by one department or division to another department, division or other government on a cost-reimbursement basis.

Also maintained by the City are fiduciary funds, such as Agency Funds, used to account for assets held by the City as an agent for individuals, private organizations or other governments.

3. The City’s General Fund budget to actual statement is presented as part of the basic financial statements.
4. Notes to the financial statements provide information that is essential to a user’s understanding of the basic financial statements.

B. ***Financial Reporting Presentation***

The accounts of the City are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund balance (equity), revenues and expenditures (expenses). The fund types and classifications that the City reports are as follows:

GOVERNMENTAL FUNDS

1. **General Fund** – The general fund should be used to account for and report all financial resources not accounted for and reported in another fund.
2. **Special Revenue Funds** – Special revenue funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditures of specified purposes other than debt service or capital projects. The term *proceeds of specific revenue sources* establishes that one or more specific restricted or committed revenues should be the foundation for a special revenue fund.
3. **Debt Service Funds** – Debt service funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for principal and interest. Debt service funds should be used to report resources if legally mandated (i.e. debt payable from property taxes). Financial resources that are being accumulated for principal and interest maturing in future years also should be reported in debt service funds.
4. **Capital Project Funds** – Capital project funds are used to account for and report financial resources that are restricted or committed to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets. Capital project funds exclude those types of capital-related outflows financed by proprietary funds or for assets that will be held in trust for individuals, private organizations, or other governments.

PROPRIETARY FUNDS

1. **Enterprise Funds** – The Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private business enterprises, where the intent of the governing body is that the costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges.
2. **Internal Service Funds** – The Internal Service Funds are used to account for the financing of goods or services provided by one department or division to other departments or divisions or to other governments on a cost-reimbursement basis. The City's most significant Internal Service Funds are used to account for Motor Vehicle Maintenance, Municipal Income Tax Administration and the Workers' Compensation Reserve.

FIDUCIARY FUNDS

1. **Agency Funds** – Agency Funds are used to account for assets held by the City as an agent for individuals, private organizations and other governments. The Agency Funds are custodial in nature (assets equal liabilities) and do not have a measurement focus. However, the accrual basis of accounting is used to recognize receivables and payables. The City's more significant Agency Funds are used to account for Municipal Court and income tax collections for other municipalities.

Fiduciary funds are not included in the government-wide statements.

C. ***Measurement Focus and Basis of Accounting***

Except for budgetary purposes, the basis of accounting used by the City conforms to GAAP as applicable to governmental units. The accounting and financial reporting treatment applied to a fund is determined by its measurement focus.

The government-wide, proprietary and fiduciary fund financial statements are reported using the economic resources measurement focus. The government-wide, proprietary and fiduciary fund financial statements are reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Non-exchange transactions, in which the City gives (or receives) value without directly receiving (or giving) equal value in exchange, include income taxes, property taxes, grants, shared revenue and donations. On an accrual basis, revenue from income taxes is recognized in the period in which the taxpayer's liability occurs and revenue from property taxes is recognized in the fiscal year for which the taxes are levied. On an accrual basis, revenue in the form of shared revenue is recognized when the provider government recognizes its liability to the City. Revenue from grants and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include: (1) timing requirements which specify the year when the resources are required to be used or the year when use is first permitted; (2) matching requirements, in which the City must provide local resources to be used for a specified purpose; and (3) expenditure requirements, in which the resources are provided to the City on a cost-reimbursement basis.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when both measurable and available. Revenues are considered to be available when they are collected within the current period or soon enough thereafter to pay liabilities of the current period. The City generally considers all revenues reported in the governmental funds to be available if the revenues are collected within sixty days after year end. Expenditures are generally recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments and compensated absences, which are recognized as expenditures only when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt are reported as other financing sources.

In applying the susceptible-to-accrual concept under the modified accrual basis, the following revenue sources are deemed both measurable and available (i.e., collectible within the current year or within sixty days after year end and available to pay obligations of the current period): income taxes, investment earnings and shared revenues. Reimbursements due for federal or state funded projects are accrued as revenue at the time the expenditures are made or, when received in advance, deferred until expenditures are made. Property taxes and special assessments, though measurable, are not available to finance current period obligations. Therefore, property tax receivables are recorded and deferred until they become available. Other revenues, including licenses, fees, fines and forfeitures and charges for services are recorded as revenue when received in cash because they are generally not measurable until actually received.

Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Operating expenses are necessary costs incurred to provide the goods or services that are the primary activity of the fund. Non-operating revenues, such as investment income and passenger facility charges, result from non-exchange transactions or ancillary activities.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed. The City uses unrestricted resources that are committed first, assigned second and unassigned last.

Pursuant to GASB Statement No. 20, *Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities that use Proprietary Fund Accounting*, the City complies with GASB guidance applicable to its proprietary funds and business-type activities. The City also complies with Financial Accounting Standards Board (FASB) guidance issued on or before November 30, 1989 to its business-type activities and to its proprietary funds that do not conflict with or contradict GASB pronouncements. The City has chosen the option not to apply future FASB standards (including amendments to earlier pronouncements).

D. **Budgetary Procedures**

The City is required by state law to adopt annual budgets for the General Fund, certain Special Revenue Funds (including the Division of Streets, Restricted Income Tax, Rainy Day Reserve, Schools Recreation and Cultural Activities and Cleveland Stadium Operations Funds), Debt Service Funds (except for Urban Renewal and Urban Renewal Reserve Funds) and Proprietary Operating Funds. Modifications to the original budget are approved by City Council throughout the year. The City maintains budgetary control by not permitting expenditures to exceed appropriations for personnel costs (including benefits) and other costs (including debt service and capital outlay), within a division of the City, without the approval of City Council. Adjustments to the budget can only be made within a division and then within each category. Further legislation is needed in order to move budget amounts from “personnel” to “other” or vice versa, or between divisions. City Council adopted six appropriation amendments during 2011 which reallocated appropriations and decreased the budget less than 1% from the original budget.

Unencumbered appropriations for annually budgeted funds lapse at year end.

The City’s budgetary process does not include annual budgeting for certain Special Revenue Funds and Capital Project Funds. Appropriations in these funds remain open and carry over to succeeding years (i.e., multi-year) until the related expenditures are made or until they are modified or canceled. Appropriations for these funds are controlled on a project basis.

The City’s budgetary process accounts for certain transactions on a basis other than GAAP. The major differences between the budget basis and the GAAP basis are that:

- Revenues are recorded when received in cash (budget) as opposed to when susceptible to accrual (GAAP).
- Expenditures are recorded when paid in cash (budget) as opposed to when the liability is incurred (GAAP).
- Encumbrances and pre-encumbrances are recorded as the equivalent of expenditures (budget) as opposed to being included in fund balances (GAAP).

A reconciliation of the General Fund’s results of operations for 2011 reported on the budget basis versus the GAAP basis is as follows:

	(Amounts in 000's)
Excess of Revenues and Other Financing Sources over Expenditures and Other Financing Uses (Budget Basis)	\$ 10,031
Adjustments:	
Revenue Accruals	(8,385)
Expenditure Accruals	9,393
Encumbrances and Pre-Encumbrances	7,772
Differences due to GASB54 Implementation	1,968
Net Change in Fund Balance	<u>\$ 20,779</u>

E. **Other Significant Accounting Policies**

Cash and Cash Equivalents: Cash resources of certain individual funds are combined to form a pool of cash and investments which is managed by the City Treasurer. Investments in the Pooled Cash Account, consisting of certificates of deposit, repurchase agreements, U.S. government securities, mutual funds, guaranteed investment contracts, State Treasurer Asset Reserve Fund (STAROhio) and time deposits, are carried at fair value (see Note 4 – Pooled And Segregated Cash And Investments) based on quoted market values, where applicable. Interest earned on pooled cash and investments is distributed to the appropriate funds utilizing a formula based on the month-end balance of cash and investments of each fund. Cash equivalents are defined as highly liquid investments with a maturity of three months or less at the time they are purchased by the City.

Investments: The City reports its investments at fair value based on quoted market values, where applicable, and recognizes the corresponding change in the fair value of the investments recorded in investment earnings in the year in which the change occurs.

Unbilled Revenue: Unbilled revenues are estimates for services rendered but not billed to customers at year end.

Inventory of Supplies: Utility funds' inventory is valued at average cost. All other funds' inventory is valued at cost using the first in/first out method. Inventory generally consists of construction materials, utility plant supplies and parts inventory not yet placed into service. Inventory costs are charged to operations when consumed.

Restricted Assets: Issuance of debt and amounts set aside for payment of Enterprise Fund revenue bonds and construction loans are classified as restricted assets since their use is limited by applicable bond indentures. Passenger facility charges are restricted for capital expenditures or related debt. Construction loans are restricted to fund approved capital projects.

Capital Assets: Capital assets, which include property, plant, equipment and infrastructure assets (e.g., roads, bridges, sidewalks and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements to the extent the City's capitalization threshold is met. The City defines capital assets as assets with an estimated useful life in excess of one year and an individual cost of more than \$5,000 for land, furniture, fixtures, equipment and vehicles; and \$10,000 for all other assets or projects. Assets are recorded at historical cost or estimated historical cost, if historical cost is not available. Contributed capital assets are recorded at their estimated fair market value on the date contributed.

As permitted under the implementation provisions of GASB Statement No. 34, the historical cost of infrastructure assets acquired, significantly reconstructed or that received significant improvements prior to January 1, 1980 have not been included as part of governmental capital assets in the government-wide financial statements.

Capital assets in the proprietary funds are capitalized in the fund in which they are utilized. The valuation basis for proprietary fund capital assets are the same as those used for the general capital assets. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed. Capitalized interest is amortized on the straight-line basis over the estimated useful lives of such assets. The City applies guidance provided by the Financial Accounting Standards Board. This guidance requires capitalization of the interest cost of the borrowings less interest earned on investment of the bond proceeds from the date of the borrowing until the assets constructed from the bond proceeds are ready for their intended use. This guidance is applied to Waterworks Improvement First Mortgage Revenue Bonds, its Public Power Improvement First Mortgage Revenue Bonds and its Airport Revenue Bonds.

Costs for maintenance and repairs are expensed when incurred. However, costs for repairs and upgrading that materially add to the value or life of an asset and meet the above criteria are capitalized.

The City depreciates capital assets on a straight-line basis using the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Land improvements	15-100
Utility plant	5-100
Buildings, structures and improvements	5-60
Furniture, fixtures, equipment and vehicles	3-60
Infrastructure	3-50

Compensated Absences: The City accrues for compensated absences such as vacation, sick leave and compensatory time using the termination payment method specified under GASB Statement No. 16, *Accounting for Compensated Absences*. In the government-wide and proprietary funds financial statements, the entire amount of unpaid compensated absences is reported as a liability. A liability for compensated absences is accrued in the governmental funds only if the amount is currently due and payable at year end. These amounts are recorded as accrued wages and benefits in the fund from which the employees who have accumulated leave are paid. The remaining portion of the liability is not reported in the governmental funds.

Normally, all vacation time is to be taken in the year available. The City allows employees to carryover vacation time from one year to the next. Sick days not taken may be accumulated until retirement. An employee is paid one-third of accumulated sick leave upon retirement, calculated at the three year average base salary rate, with the balance being forfeited.

Uniformed police and fire employees are eligible to defer earned vacation time and overtime, with the appropriate approvals, until retirement. Once deferred, the employee cannot use deferred time as vacation. Deferred vacation is paid to the employee upon retirement, calculated using their current hourly rate at the date of retirement. Deferred overtime is paid once a year upon request up to the amount budgeted for the year for such purpose. If requests exceed the budgeted amounts, the requests are to be paid on a pro-rata basis.

Long-Term Obligations: In the government-wide financial statements and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities and proprietary fund type statements of net assets and balance sheet. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the effective interest method. Losses on advance refundings are deferred and amortized over the life of the new debt, or the life of the advance refunded debt, whichever is shorter. Bonds payable are reported net of the applicable unamortized bond premium, discount or advance refunding losses. Bond issuance costs are reported as other assets and amortized over the term of the related debt.

In the governmental fund financial statements, bond premiums and discounts are reported as other financing sources and uses during the period in which they are incurred. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as expenditures.

Swap Agreements: The City may enter into interest rate swap agreements to modify interest rates on outstanding debt. The City has implemented GASB Statement No. 53 beginning with the year ending December 31, 2010 and has accordingly recorded the fair value of each swap in the Government-wide financial statements. As further described in Note 5 – Debt And Other Long-Term Obligations, the City has four swap agreements outstanding at December 31, 2011, one for its Subordinated Income Tax Variable Rate Refunding Bonds, one on the Parking Facilities Refunding Revenue Bonds and two associated with the 2008 Water Revenue Bonds Series Q and 2010 Water Revenue Bonds Series U and V.

Grants and Other Intergovernmental Revenues: Grants and assistance awards made on the basis of entitlement programs are recorded as intergovernmental receivables and revenues when entitlement occurs. Reimbursement-type grants are recorded as intergovernmental receivables and revenues when the related expenditures (expenses) are incurred. The City accounts for loans receivable related to the Economic Development Funds, Urban Development Action Funds, Community Development Block Grants, Neighborhood Development Investment Funds and Supplemental Empowerment Zone as restricted or committed fund balance in the fund financial statements to the extent that these loans do not have to be repaid to the Federal government. Loans receivable deemed uncollectible are included in the allowance for doubtful accounts. The loan proceeds are earmarked for future reprogramming under federal guidelines and are not available to fund current operating expenditures of the City.

Encumbrances and Pre-Encumbrances: Encumbrance accounting, under which purchase orders, requisitions, contracts and other commitments for expenditures are recorded as encumbrances or pre-encumbrances to reserve the applicable portion of the appropriation.

Interfund Transactions: During the course of normal operations, the City has numerous transactions between funds, including the allocation of centralized expenses and transfers of resources to provide services, construct assets and service debt. Such transactions are generally reflected as transfers or direct expenses of the fund that is ultimately charged for such costs.

Statement of Cash Flows: The City utilizes the direct method of reporting cash flows from operating activities in the Statement of Cash Flows as defined by the GASB Statement No. 9, *Reporting Cash Flows of Proprietary and Nonexpendable Trust Funds and Governmental Entities that use Proprietary Fund Accounting*. In the statement of cash flows, cash receipts and cash payments are classified according to operating, noncapital financing, capital and related financing and investing activities.

F. **Accounting Pronouncements**

In March of 2009, Governmental Accounting Standards Board (GASB) Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions* was issued. This statement is effective for fiscal periods beginning after June 15, 2010. The objective of this statement is to enhance the usefulness of fund balance information by providing clearer fund balance classifications that can be more consistently applied and by clarifying the existing governmental fund type definitions. As required, the City has implemented GASB Statement No. 54 effective for the 2011 fiscal year.

NOTE 3 – RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

- A. Explanation of certain differences between the governmental fund balance sheet and the government-wide statement of net assets.

The governmental fund balance sheet includes a reconciliation between *fund balance – total governmental funds and net assets – governmental activities* as reported in the government-wide statement of net assets. One element of that reconciliation explains that long-term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported in the funds. The details of this \$735 million difference are as follows:

	(Amounts in 000's)
Bonds payable	\$ (629,480)
Less: Deferred charge for issuance costs (to be amortized over life of debt)	23,370
Unamortized bond premium	(15,602)
Accrued interest payable	(9,677)
Capital leases payable	(12,908)
Loans payable	(2,475)
Claims and adjustments	(1,799)
Compensated absences	<u>(86,463)</u>
Net adjustments to reduce <i>fund balance - total governmental funds</i> to arrive at <i>net assets - governmental activities</i>	<u>\$ (735,034)</u>

- B. Explanation of certain differences between the governmental fund statement of revenues, expenditures and changes in fund balances and the government-wide statement of activities.

The governmental fund statement of revenues, expenditures and changes in fund balances includes a reconciliation between *net changes in fund balances – total governmental funds* and *changes in net assets of governmental activities* as reported in the government-wide statement of activities. One element of that reconciliation explains that governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. The details of this \$4.8 million difference are as follows:

	(Amounts in 000's)
Capital outlay	\$ 56,196
Depreciation expense	(51,125)
Capital asset disposal	<u>(224)</u>
Net adjustment to increase <i>net changes in fund balances - total governmental funds to arrive at changes in net assets of governmental activities</i>	<u>\$ 4,847</u>

Another element of that reconciliation states that revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the fund statements. The details of this difference are as follows:

	(Amounts in 000's)
Reversal of prior year deferred revenue	\$ (90,767)
Current year deferred revenues	<u>92,235</u>
Net adjustment to decrease <i>net changes in fund balances - total governmental funds to arrive at changes in net assets of governmental activities</i>	<u>\$ 1,468</u>

Another element of that reconciliation states that the issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the financial resources of governmental funds. Neither transaction, however, has any effect on net assets. Also, governmental funds report the effect of issuance costs, premiums, discounts and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. The net effect of these differences, including accrued interest and in the treatment of long-term debt is \$9.3 million which is detailed as follows:

	(Amounts in 000's)
Debt issued or incurred:	
Issuance of general obligation bonds and other obligations	\$ (38,763)
Accrued interest	3,381
Principal repayments:	
General obligation debt and other obligations	44,577
Payment on capital lease	2,644
Payment on loan	85
Amortization of debt issuance cost	<u>(2,597)</u>
Net adjustment to increase <i>net changes in fund balances - total governmental funds to arrive at changes in net assets of governmental activities</i>	<u>\$ 9,327</u>

Another element of that reconciliation states that some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds. The details of this \$8.5 million difference are as follows:

	(Amounts in 000's)
Compensated absences	\$ 6,338
Claims judgements	<u>2,201</u>
Net adjustment to increase <i>net changes in fund balances - total governmental funds</i> to arrive at <i>changes in net assets of governmental activities</i>	<u>\$ 8,539</u>

NOTE 4 – POOLED AND SEGREGATED CASH AND INVESTMENTS

Monies for the Debt Service Funds, certain Capital Project Funds, Central Collection Agency, Municipal Courts, Department of Port Control, Division of Water, Division of Water Pollution Control, Division of Cleveland Public Power, Division of Municipal Parking Lots, Cemeteries, Golf Courses and certain Special Revenue Funds are deposited or invested in individual segregated bank accounts.

Monies of all other funds of the City, including the accounts of the General Fund, other Special Revenue Funds, other Capital Project Funds, other Enterprise Funds, Internal Service Funds and other fiduciary funds are maintained or invested in a common group of bank accounts. Collectively these common bank accounts and investments represent the Pooled Cash Account (PCA). Each fund whose monies are included in the PCA has equity therein.

Certain funds have made disbursements from the PCA in excess of their individual equities in the PCA. Such amounts have been classified as due to other funds and due from other funds between the Restricted Income Tax Special Revenue Fund, General Fund and the respective funds that have made disbursements in excess of their individual equities in the PCA.

The City has a restrictive arrangement for certain segregated monies held in escrow at the banks' trust departments in which the City must act in conjunction with a trust officer in order to make investments. The City's role is that of investment manager and the trust officer's role is that of purchasing agent. For other segregated monies, the City acts alone in placing investments with the banks. Amounts held in escrow are designated for a special purpose and are entrusted to a third party to fulfill certain legal provisions.

Deposits: Ohio law requires that deposits be placed in eligible banks located in Ohio. The City's policy is to place deposits only with major commercial banks having offices within the City of Cleveland. Any public depository in which the City places deposits must pledge as collateral eligible securities of aggregate market value equal to the excess of deposits not insured by the Federal Deposit Insurance Corporation. Further, City ordinance requires such collateral amounts to exceed deposits by 10%. Collateral that may be pledged is limited to obligations of the following entities: the United States and its agencies, the State of Ohio, the Ohio Student Loan Commission and any legally constituted taxing subdivision within the State of Ohio. The City also requires that non-pooled securities pledged be held by either the Federal Reserve Bank or other trust institution, as designated by the City, as trustee. This collateral is held in joint custody with the financial institution pledging the collateral and cannot be sold or released without written consent from the City.

Monthly, the City determines that the collateral has a market value adequate to cover the deposits and that it has been segregated either physically or in book entry form. At year end, the carrying amount of the City's deposits including certificates of deposit was \$275,847,000 and the actual bank balance totaled \$282,243,000. The difference represents outstanding warrants payable and normal reconciling items. Based on the criteria described in GASB Statement No. 3, *Deposits with Financial Institutions, Investments (including Repurchase Agreements), and Repurchase Agreements*, and GASB Statement No. 40, *Deposit and Investment Risk Disclosures – an Amendment of GASB Statement No. 3*, \$282,243,000 of the bank balance was insured or collateralized with securities held by the City or by its agent in the City's name.

Custodial credit risk for deposits is the risk that in the event of bank failure, the City will not be able to recover deposits or collateral for securities that are in possession of an outside party. At year end, the City's deposits were fully insured or collateralized. All deposits are collateralized with eligible securities pledged and deposited either with the City or with a qualified trustee by the financial institution as security for repayment of all public monies deposited in the financial institution whose market value at all times is equal to at least 110% of the carrying value of the deposits being secured.

Investments: The City's investment policies are governed by state statutes and City ordinances which authorize the City to invest in obligations of the U.S. Treasury, agencies and instrumentalities; State Treasurer Asset Reserve Fund (STAROhio); commercial paper; U.S. Government Money Market Mutual Funds; guaranteed investment contracts; manuscript debt; bonds and other State of Ohio obligations; certificates of deposit; and repurchase transactions. Such repurchase transactions must be purchased from financial institutions as discussed in "Deposits" above or registered broker/dealers. Repurchase transactions are not to exceed a period of one year and confirmation of securities pledged must be obtained. Under City policy, investments are limited to repurchase agreements, U.S. government securities, commercial paper, guaranteed investment contracts, manuscript debt, certificates of deposit, investments in certain money market mutual funds and STAROhio. Generally, investments are recorded in segregated accounts by way of book entry through the bank's commercial or trust department and are kept at the Federal Reserve Bank in the depository institution's separate custodial account for the City, apart from the assets of the depository institution. Ohio statute prohibits the use of reverse repurchase agreements.

Investment securities are exposed to various risks such as interest rate, market and credit. Market values of securities fluctuate based on the magnitude of changing market conditions; therefore, significant changes in market conditions could materially affect portfolio value.

Interest rate risk: In accordance with its investment policy, the City limits its exposure to fair value losses caused by rising interest rates, investing primarily in short-term investments maturing within five years from the date of purchase. The intent is to avoid the need to sell securities prior to maturity.

Custodial Credit Risk: For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the City will not be able to recover the value of the investments or collateral securities that are in the possession of an outside party. The City does not have an investment policy dealing with investment custodial risk beyond the requirement in the State statute.

Credit Risk: The City's investments as of December 31, 2011 include U.S. Agencies, STAROhio, commercial paper, money market mutual funds, guaranteed investment contracts and manuscript debt. The City maintains the highest ratings for its investments. Investments in the Victory Money Market Fund, PNC Government Money Market Fund (A) and STAROhio carry a rating of AAAM, which is the highest money market fund rating given by Standard & Poor's. Ohio law requires that STAROhio maintain the highest rating provided by at least one nationally recognized standard rating service. The City has no investment policy that would further limit its investment choices.

The City's investments shown in the following table include those which are classified as cash equivalents in accordance with the provisions of GASB Statement No. 9:

<u>Type of Investment</u>	<u>Fair Value</u>	<u>Cost</u>	<u>Investment Maturities</u>		
			<u>Less than One Year</u>	<u>1 - 5 Years</u>	<u>5 Years or More</u>
			(Amounts in 000's)		
U.S. Agency Obligations	\$ 107,052	\$ 106,782	\$ 107,052	\$	\$
STAROhio	186,152	186,152	186,152		
Commercial Paper	199,527	199,527	199,527		
Investments in Mutual Funds	415,614	415,614	415,614		
Guaranteed Investment Contracts	36,850	36,850		36,850	
Manuscript Debt	6,531	6,531			6,531
Other	<u>4,757</u>	<u>4,757</u>	<u>4,757</u>		
Total Investments	956,483	956,213	913,102	36,850	6,531
Total Deposits	<u>275,847</u>	<u>275,847</u>	<u>275,847</u>		
Total Deposits and Investments	<u>\$ 1,232,330</u>	<u>\$ 1,232,060</u>	<u>\$ 1,188,949</u>	<u>\$ 36,850</u>	<u>\$ 6,531</u>

Amounts represented by "Other" consist of deposits into a collective pool managed by Huntington Bank, as trustee. STAROhio is an investment pool created pursuant to Ohio statutes and managed by the Treasurer of the State of Ohio. The fair value of the City's position in STAROhio is equal to the value of the shares the City owns in the investment pool.

Concentration of Credit Risk: The City places a limitation on the amount it may invest in any one issuer to help minimize the concentration of credit risk. As of December 31, 2011, the investments in U.S. Agency Obligations, STAROhio, commercial paper, mutual funds, guaranteed investment contracts, manuscript debt and other are approximately 11%, 19%, 21%, 43%, 4%, 1% and 1%, respectively, of the City's total investments.

Reconciliation to Financial Statements: Total cash and investments are reported as follows:

Government-Wide Financial Statements

	(Amounts in 000's)
Unrestricted:	
Cash and cash equivalents	\$ 604,823

(Concluded)

Internal Service Funds predominantly serve the governmental funds, except the Utilities Administration Fund, which serves only business-type activity funds. Long-term liabilities for all Internal Service Funds, except the Utilities Administration Fund, are included as part of the totals for governmental activities in the government-wide statement of net assets. At December 31, 2011, \$1,160,207 of the Internal Service Funds, except for Utilities Administration Fund, compensated absences were included in the governmental activities accrued wages and benefits. Long-term liabilities for the Utilities Administration Fund are included as part of the totals for business-type activities in the government-wide statements. At December 31, 2011, \$478,864 of the Utilities Administration Fund compensated absences were included in business-type activities accrued wages and benefits.

The Subordinated Income Tax Refunding Bonds were issued to fund the City's obligation for the employer's accrued liability to the Police and Firemen's Disability and Pension Fund of the State of Ohio. All other bonds were issued to fund capital related activities.

The accrued wages and benefits liability will be paid from the fund from which the employees' salaries are paid. The estimated claims payable liability will be paid from the fund that incurred the liability or from Judgment Bond proceeds.

A detailed summary of General Obligation Bonds and business-type activities debt by purpose is as follows for 2011:

The schedule of minimum principal and interest payments for construction loans includes the amortization on fourteen loans provided to the Division of Water and the Division of Water Pollution Control by the Ohio Water Development Authority (OWDA) and two loans to the Division of Water Pollution Control by the Ohio Public Works Commission (OPWC). This amortization is based upon the full amount expected to be financed, regardless of whether the Division of Water and the Division of Water Pollution Control have received all the loan proceeds. Therefore, at December 31, 2011, the amount financed on these OWDA loan projects, which is reflected in the amortization schedule, less the principal payments made to date, exceeds the actual loan balances shown on the schedule of long-term debt outstanding and changes in long-term debt obligations by \$1,514,000.

General Obligation Bonds

General Obligation Bonds: General Obligation Bonds are backed by the full faith and credit of the City. Such bonds are payable from ad valorem property taxes levied within the limitations provided by law, irrespective of whether such bonds are secured by other receipts of the City in addition to such ad valorem property taxes.

Under the direct debt limitation imposed by the Ohio Revised Code, the City had the capacity to issue \$310,214,871 of additional unvoted debt at December 31, 2011.

Effective May 19, 2011, the City issued \$31,260,000 Various Purpose General Obligation Bonds, Series 2011. The proceeds of the bonds will be used to pay costs of various public improvements to public facilities, parks and recreation facilities, cemeteries and bridges and roadways and to pay the costs of issuing the bonds.

Other Governmental Obligations

Urban Renewal Bonds: In 1993, the City issued \$10,800,000 of Urban Renewal Bonds (Rock and Roll Hall of Fame and Museum Project) for the purpose of paying a portion of the costs of the acquisition and construction of a “port authority educational and cultural facility” to conduct programs of an educational and instructional nature relating to the field of contemporary music, including rock and roll music, which constitutes the Rock and Roll Hall of Fame and Museum (the Facility). The net proceeds were contributed to the Cleveland-Cuyahoga County Port Authority which owns and leases the facility to Rock and Roll Hall of Fame and Museum, Inc., an Ohio non-profit corporation. The Rock and Roll Hall of Fame and Museum opened in September 1995. The Urban Renewal Bonds are not general obligations of the City and are not secured by the full faith and credit of the City nor are they payable from the general revenues or assets of the City. The Urban Renewal Bonds are secured solely by pledged receipts, consisting of payments to be made in lieu of real property taxes pursuant to Development Agreements between the City and certain property owners and interest income on those payments.

Subordinated Income Tax Variable Rate Refunding Bonds: Effective June 1, 1994, the City issued \$74,700,000 of Subordinated Income Tax Variable Rate Refunding Bonds, Series 1994. The proceeds were used to fund the City’s obligation for the employer’s accrued liability to the Ohio Police and Fire Pension Fund (the Fund). The principal use of the proceeds was the current refunding of the City’s obligation to the Fund for the employer’s accrued liability in the amount of \$104,686,400, which was payable in semi-annual installments of \$2,696,243 through May 15, 2035. Pursuant to Section 742.30 (C) of the Ohio Revised Code, the City and the Fund entered into an agreement that permitted the City to make a one-time payment to the Fund to extinguish the City’s obligation. The payment amount of \$70,493,204 was calculated by applying a 35% discount factor to the \$104,686,400 accrued liability plus adding accrued interest of \$2,447,044.

Effective August 6, 2008, the City issued \$59,960,000 Subordinate Lien Unrestricted Income Tax Bonds, Series 2008 (Police and Fire Pension Payment) to refund all the outstanding Subordinated Income Tax Variable Rate Refunding Bonds, Series 1994. The interest rate swap related to the Series 1994 Bonds was terminated by the City on July 28, 2008 and the termination payment of \$4,325,000 owed to Ambac Financial Services, LLC, the swap counterparty, was paid from the proceeds of the Series 2008 Bonds. The City refunded the Series 1994 Bonds in order to address the increased interest rates incurred on the bonds as a result of the downgrade of the bond insurer. The Bonds are not general obligations of the City and are not secured by its full faith and credit. The Series 2008 Bonds are unvoted special obligations secured by a pledge of and a lien on the unrestricted municipal income taxes of the City, to the extent that such income taxes are not needed to pay debt service on the City’s currently outstanding unvoted General Obligation Bonds or unvoted General Obligation Bonds issued in the future.

Interest Rate Swap Transaction:

Terms: On February 7, 2003, the City sold an option to JPMorgan Chase Bank (JPM) that gives JPM the right to execute an interest rate swap at its discretion at any time until the option expires on May 15, 2024 on a declining notional amount equal to the outstanding principal amount of the City’s Subordinated Income Tax Variable Rate Refunding Bonds, Series 1994. The swaption is now associated with the Series 2008 Bonds. Under the swap agreement, the City will be the fixed rate receiver, receiving the fixed rate of 4.88%, and JPM will be the floating rate receiver, receiving interest on what would have been the outstanding notional amount of the original 1994 Bonds of \$50,200,000 at December 31, 2011, at a rate equal to the weekly Securities Industry and Financial Markets Association (SIFMA) index. If the option is exercised, the stated termination date under the swap agreement with JPM will be May 15, 2024. The obligation of the City under the swap agreement to make periodic floating rate payments (but not any termination payment) is secured by a subordinate pledge of the income tax receipts, subordinate to the pledge of the income tax receipts made under the “General Bond Ordinance” securing the City’s General Obligation Bonds. The payment of any termination payment is subordinate to the payment of debt service on the Subordinate Lien Unrestricted Income Tax Bonds, Series 2008, and the periodic floating rate payments under the swap agreement.

Objective: The City entered into the swaption in order to potentially capture in the future the savings which could be derived from converting these bonds back to a variable rate if or when the option is exercised. In exchange for selling the option to JPM, the City received a premium payment of \$1,700,000.

Basis Risk: There is no basis risk for the City associated with this transaction with the exception of the risk inherent in all variable rate debt. If the option is exercised, the City will receive a fixed rate of 4.88% which is approximately 29 basis points less than the fixed rate being paid on the Series 2008 Bonds. This transaction would leave the City paying the weekly SIFMA rate plus 29 basis points.

Counterparty Risk: The City selected JPM as a counterparty partly due to its credit strength. Over the long-term, it is possible that the credit strength of JPM could change and this event could trigger a termination payment on the part of the City.

Termination Risk: The swap agreement may be terminated prior to its stated termination date under certain circumstances. Upon termination, a payment may be owed by the City to JPM, or by JPM to the City, depending upon the prevailing economic circumstances at the time of the termination.

Fair Value: The fair value of the swaption at December 31, 2011 as reported by JPM was \$442,000 which would be payable by the City.

Subordinate Lien Income Tax Bonds: Effective June 23, 2010, the City issued \$27,380,000 Subordinate Lien Income Tax Bonds, Series 2010. The proceeds of the bonds will be used to pay costs of various municipal improvements including public facilities, parks and recreation, and bridges and roadways. The \$5,405,000 Series 2010A-1 Bonds were issued as traditional tax-exempt debt. The City took advantage of several new financing programs created by the American Recovery and Reinvestment Act (ARRA) when issuing the remaining portion of the bonds. The \$5,385,000 Series 2010A-2 Bonds were issued as taxable Build America Bonds while the \$8,245,000 Series 2010B Bonds and the \$8,345,000 Series 2010C Bonds were issued using the City's allocation of taxable Recovery Zone Bonds. Pursuant to these programs, the City will receive federal cash subsidies in amounts equal to a portion of the interest on these bonds.

These bonds are special obligations of the City and are not general obligation debt and are not secured by a pledge of the full faith and credit of the City. The bonds are payable from the City's municipal income tax revenues to the extent those revenues are not needed to pay debt service charges on the City's unvoted general obligation debt or unvoted general obligation debt issued in the future. It is the City's intention to pay the debt service on these bonds and the Series 2008 Subordinate Lien Income Tax Bonds from the Restricted Income Tax collections.

Non-Tax Revenue Bonds – Stadium: Effective December 16, 2004, the City issued \$14,835,000 Non-Tax Revenue Bonds, Series 2004 (Cleveland Stadium Project) to refund the Non-Tax Revenue Stadium Bonds, Series 1999A&B. These bonds do not represent a general obligation debt or pledge of the full faith and credit or taxing power of the City, and are payable solely from non-tax revenues of the City.

Non-Tax Revenue Bonds – Economic Development Bonds Series 2003A and Series 2003B (Lower Euclid Avenue Project): In November 2003, the City issued \$7,200,000 Economic Development Revenue Bonds, Series 2003A and \$1,000,000 Economic Development Revenue Bonds, Series 2003B-1 for the Lower Euclid Avenue Project. In November 2004, the final \$1,000,000 Economic Development Revenue Bonds, Series 2003B-2 were issued. The proceeds of these bonds were made available to the owners of certain properties on Euclid Avenue for the construction and renovation of commercial restaurant and retail facilities and the construction of a parking garage. These Tax Increment Financing (TIF) Bonds are secured by a pledge of (a) service payments in lieu of taxes received by the City from the owners of certain properties located within a tax increment financing district, (b) loan payments payable to the City and (c) by a pledge of certain non-tax revenues of the City, subject to the prior pledge by the City of such non-tax revenues to secure other obligations of the City.

Non-Tax Revenue Bonds – Taxable Economic and Community Development Revenue Bonds (Core City): Effective July 24, 2008, the City issued \$28,160,000 Taxable Economic and Community Development Refunding Revenue Bonds, Series 2008 (Core City Fund). The proceeds of these bonds were used to refund the outstanding \$26,900,000 Series 2003 Taxable Economic and Community Development Revenue Bonds, to fund a bond reserve fund and to pay the costs of issuing the bonds. The Series 2003 Bonds were refunded in order to address increased interest rates incurred on the bonds due to the collapse of the auction rate securities market. The Series 2008 Bonds, which are special obligations of the City, were issued as variable rate demand obligations secured by a letter of credit provided by Citizens Bank. Upon the expiration of the letter of credit in 2010, the City obtained a new letter of credit for the Series 2008 Bonds from PNC. The Bonds are payable from the City's non-tax revenues and net project revenues.

On November 10, 2004, the City issued Taxable Economic and Community Development Revenue Bonds, Series 2004 (Core City). The Series 2004 Bonds were issued in the amount of \$19,280,000 to pay the costs of certain economic and community development projects. These Series 2004 Bonds were issued as fixed rate securities and are special obligations of the City, payable from non-tax revenues and net project revenues.

Annual Appropriation Bonds – Flats East Bank: On December 21, 2010, the City issued \$11,000,000 City Annual Appropriation Bonds through the Cleveland-Cuyahoga County Port Authority. The proceeds of the bonds are being used to provide funds for land purchase and public improvements in the area of the Flats East Development Project. The bonds are special obligations of the Port Authority payable from appropriation payments made by the City under a cooperative agreement. The City's obligation to make payments is subject to and dependent upon annual appropriations being made by the City. The City intends to make these debt service payments from the Restricted Income Tax collections.

Certificates of Participation (COPS) - Stadium: In June 1997, Certificates of Participation (COPS) in the amount of \$139,345,000 were issued to assist in the construction of an open-air stadium for the play of professional football and other events. In October 1999, COPS in the amount of \$20,545,000 were issued to retire then outstanding Non-Tax Revenue Bond Anticipation Notes. The City will make lease payments subject to annual appropriation by City Council and certification by the Director of Finance as to the availability of funds from those appropriations. These obligations do not constitute a debt or pledge of the full faith and credit of the City.

On February 13, 2003 the City sold an option to UBS giving UBS the right, at its discretion, to enter into an interest rate swap transaction on November 15, 2007 on a declining notional amount equal to the outstanding principal amount of the City's to be issued COPS, Series 2007. On August 17, 2007, UBS notified the City that it was exercising its option under the swaption agreement. This agreement required the issuance of variable rate refunding bonds. Therefore, effective October 11, 2007, the City issued \$108,390,000 Refunding COPS, Series 2007, to currently refund \$105,800,000 of the outstanding COPS, Series 1997. These were issued as auction rate securities and the City realized \$753,000 of net present value savings. The swap associated with this transaction went into effect on November 15, 2007.

Due to the downgrade of the bond insurers beginning in late 2007 and the collapse of the auction rate securities market, the COPS, Series 2007 experienced failed auctions and interest rates as high as 12% in early 2008. To address these issues, the City converted all of the outstanding \$108,390,000 COPS, Series 2007 Auction Rate Certificates to Weekly Rate Certificates effective May 29, 2008. The payment of principal and interest was secured by a direct-pay letter of credit provided by Wachovia Bank, National Association.

Effective April 22, 2010, the City issued \$63,225,000 COPS, Series 2010A and \$69,900,000 COPS, Series 2010B to refund all of the outstanding \$108,390,000 COPS, Series 2007, upon the expiration of the Wachovia letter of credit. Proceeds of the COPS, Series 2010, were used to currently refund the COPS, Series 2007, on the day of closing, to fund a required debt service reserve fund in the amount of \$8,324,045, to make a termination payment on the existing hedge agreement with UBS in the amount of \$17,322,000 and to pay costs of issuing the COPS. This refunding was undertaken (1) to remove Ambac as the bond and swap insurer and eliminate the risk of early termination of the hedge agreement due to Ambac's possible insolvency, (2) to obtain lower credit enhancement costs and (3) to restructure debt service payments. The COPS, Series 2010A, were issued as fixed rate obligations. The COPS, Series 2010B, were purchased by Wells Fargo Bank, National Association, as floating rate obligations, the interest on which is reset weekly based on the SIFMA index plus a spread of 135 basis points. As a result of this refunding, the City achieved an economic gain (the difference between the present values of the old and new debt service payments) of approximately \$3,461,000 or 3.19%.

Capital Lease Arrangements: The City has entered into various agreements to lease equipment. Such agreements are treated as lease purchases (Capital Leases) and are classified as long-term lease obligations in the financial statements. The lease contracts contain annual one-year renewal options that can be exercised by the City if sufficient funds are appropriated by City Council. Upon the exercise of each annual one-year renewal option and satisfaction of the lease obligations related thereto, title to the equipment will pass to the City.

In April 2004, the City entered into an equipment lease agreement with Minority Alliance Capital, LLC which resulted in the City purchasing approximately \$6,603,000 of heavy duty vehicles and apparatus. In July 2005, the City entered into an equipment lease agreement. This lease agreement is with Chase Equipment Leasing, Inc. and allowed the City to purchase approximately \$8,425,000 of heavy duty vehicles and apparatus. The City entered into an equipment lease agreement in February 2010. This lease agreement is with The Fifth Third Leasing Company and resulted in the City purchasing approximately \$6,690,000 of heavy duty vehicles and apparatus. On June 30, 2011, the City entered into an equipment lease agreement. This agreement is with PNC Equipment Finance LLC and will enable the City to purchase approximately \$6,585,000 of vehicles and equipment for various departments, including police cars, a fire truck, waste collection equipment and ambulances. Payments on all of these equipment leases are made over a period of seven years from issuance from the Restricted Income Tax Fund. The final payment on the 2004 lease was made in April 2011.

The assets recorded by the City under Capital Leases were as follows as of December 31, 2011:

	Governmental Activities (Amounts in 000's)
Furniture, fixtures and equipment	\$ 29,197
Less – accumulated depreciation	<u>(12,253)</u>
Net book value	<u>\$ 16,944</u>

Gateway Note Payable: In October 1996, the City and Cuyahoga County each agreed to pay \$5,000,000 for additional costs associated with the Gateway Sports Complex. The amounts are to be repaid in annual installments of \$250,000 for 20 years. The monies are deducted from the monthly distribution of the State Local Government Fund which is recorded in the City's General Fund. The first deduction was made in March 1997.

Accrued Wages and Benefits: Accrued wages and benefits, included in long-term obligations, consist of the non-current portion of vacation and sick pay benefits earned by employees of the City. The City accrues vacation and sick pay benefits when earned and future compensation is likely.

Police and Fire Overtime and Deferred Vacation Pay: Uniformed employees of the Police and Fire Divisions accumulate overtime compensation in accordance with the union contracts and the requirements of the Fair Labor Standards Act. In addition, uniformed employees may defer earned vacation time, with the appropriate approvals, until retirement. The liabilities for overtime and deferred vacation time, at current pay rates including their related fringe benefits and converted to straight time hours, at December 31, 2011, follow:

<u>Division</u>	<u>Overtime</u>		<u>Deferred Vacation</u>	
	<u>Hours</u>	<u>Dollars</u>	<u>Hours</u>	<u>Dollars</u>
(Amounts in 000's)				
Police	1,382	\$ 41,853	\$	
Fire	<u>222</u>	<u>7,059</u>	<u>95</u>	<u>2,999</u>
Total	<u>1,604</u>	<u>\$ 48,912</u>	<u>95</u>	<u>\$ 2,999</u>

Business-Type (Enterprise Fund) Obligations

Airport System Revenue Bonds: These bonds are secured by the pledge of all airport revenues, as defined in the revenue bond indenture. Further, the City has assigned to the trustee all its interests in and rights to the airline use agreements under the revenue bond indenture.

In June 2011, the Airport System, under its rights to optional redemption, elected to deposit cash on hand into the Series 2008G Bond Fund and into the Series 2008H Bond Fund sufficient to redeem, prior to maturity, all of the outstanding Series 2008G and Series 2008H Bonds. A notice of full redemption of the bonds was issued by the trustee on June 15, 2011. After taking into account the funds on hand in the respective bond funds, other available Airport funds were placed into the accounts to pay on June 22, 2011 principal in the amount of \$7,425,000 on the Series 2008G Bonds and \$430,000 on the Series 2008H Bonds, plus accrued interest to the redemption date. As a result, these bonds have been defeased and the liability for the bonds has been removed from long-term debt.

Effective November 16, 2011, the City issued \$74,385,000 Airport System Revenue Bonds, Series 2011A (Non-AMT). Of this amount, \$64,515,000 of the proceeds was issued to pay a portion of the costs of improvements to the Airport System, to fund deposits to the bond reserve fund and the Renewal and Replacement Fund and to pay issuance costs. The remaining \$9,870,000 was used to refund a portion of the outstanding Airport System Revenue Bonds, Series 2008D in the aggregate principal amount of \$9,200,000 on November 28, 2011 and to pay costs of issuing the bonds. As a result, the refunded bonds have been defeased and the liability for these bonds has been removed from long-term debt. The City obtained an economic gain (the difference between the present values of the old and new debt service payments) of approximately \$1.67 million as a result of the refunding.

Interest Rate Swap Transactions:

On November 2, 2011, the City, at its option, terminated the four interest rate exchange agreements originally entered into in 2003 and most recently identified as hedges for the Series 2008D Bonds and the Series 2009D Bonds. The City owed a payment to the counterparty, JP Morgan Chase Bank, National Association, under each hedge agreement in connection with the early terminations. Those termination payments totaled \$10,515,000 and were paid on November 16, 2011 from available Airport funds. The City has no remaining interest rate swap agreements in place with respect to any Airport System Revenue Bonds.

Public Power System Revenue Bonds: These bonds are payable from the net revenues derived from the Public Power System and are secured by a pledge of and lien on such net revenues.

On September 8, 2010, the City issued \$23,915,000 of Public Power System Revenue Bonds, Series 2010. Proceeds of these bonds were used to refund all of the outstanding \$26,425,000 Public Power System Bonds, Series 1998. Net proceeds of the Series 2010 Bonds in the amount of \$27,081,033 were placed in an irrevocable escrow account to pay the principal and interest on the refunded 1998 Bonds on October 8, 2010. As a result, the refunded bonds were defeased and the liability for these bonds has been removed from long-term debt. The City completed the refunding in order to achieve debt service savings of approximately \$3,138,000 or an economic gain (the difference between the present values of the old and new debt service payments) of approximately \$3,055,000.

Waterworks Improvement Revenue Bonds: These bonds are payable from the revenues derived from operations of the Waterworks System after the payment of all operating and maintenance expenses (net revenue) and from monies and investments, on deposit in the Revenue Fund, the Debt Service Fund, the Debt Service Reserve Fund, the Contingency Fund and the Additions and Improvements Fund.

Effective October 6, 2011, the City issued \$82,090,000 Water Revenue Bonds, Series W, 2011. Proceeds of these bonds were used to refund (1) the outstanding \$1,940,000 Waterworks Improvement and Refunding First Mortgage Revenue Bonds, Series H, 1996, (2) the outstanding \$42,865,000 Waterworks Refunding Revenue Bonds, Series J, 2001, (3) the outstanding \$48,095,000 Water Revenue Bonds, Series K, 2002 and to pay issuance costs. Net proceeds of the Series W Bonds, amounts then on deposit in the Series H, J and K bond funds and an amount released from the debt service reserve fund totaling \$95,349,171 were placed in an irrevocable escrow account to pay the principal and interest on the refunded bonds on January 1, 2012. As a result, the refunded bonds were defeased and the liability for these bonds has been removed from long-term debt. The City completed the refunding in order to achieve debt service savings of approximately \$9,527,000 or an economic gain (the difference between the present values of the old and new debt service payments) of approximately \$8,955,000 or 9.6%.

In December 2011, the Division of Water utilized cash on hand to defease \$2,825,000 principal amount of outstanding Series O Bonds and \$6,075,000 principal amount of outstanding Series P Bonds. The Division placed \$9,327,000 in an irrevocable account which will be used to pay principal and interest on the defeased bonds. As a result, the bonds are considered defeased and the liability for those bonds has been removed from long-term debt.

Effective December 30, 2010, the Division issued \$54,935,000 Water Revenue Bonds, Series U, and \$26,495,000 Water Revenue Bonds, Series V. Proceeds of these bonds were used to refund the outstanding Water Revenue Bonds, Series R, 2009 and Water Revenue Bonds, Series S, 2009. The Series U bonds were issued in order to eliminate high letter of credit fees and the Series V Bonds were issued to address higher than expected interest rates caused by the downgrade of the letter of credit bank. The City negotiated a direct purchase of all of the Series U Bonds by U.S. Bank at an index rate of 75% of LIBOR plus 63.75 basis points. The City negotiated a direct purchase of the Series V Bonds by PNC Bank at an index rate of 65% of LIBOR plus 81.25 basis points. Both rates will be reset monthly and the bonds can be tendered for purchase after three years. The City obtained an economic gain (the difference between the present values of the old and new debt service payments) of approximately \$2.7 million or 3.329% as a result of the refundings.

Interest Rate Swap Transactions:

Series U and Series V Bonds (previously Series R and Series S Bonds):

When the Series R and Series S Bonds were refunded in 2010, the swap associated with these bonds was transferred to a portion of the new Series U and Series V Bonds.

Terms: Simultaneously with the issuance of the City's \$175,000,000 Water Revenue Bonds, Series M on August 10, 2004, the City entered into floating to fixed rate swap agreements with notional amounts equal to the total declining balance of the Series M Bonds. Bear Stearns Financial Products Inc. (Bear Stearns) (which has since been acquired by JPMorgan Chase Bank, N.A. (JPM)) was the counterparty on a two-thirds pro-rata share of the transaction and Morgan Stanley Capital Services Inc. (Morgan Stanley) is the counterparty on a one-third pro-rata share of the transaction. Under the original swap agreements for the Series M Bonds, the Water System was the fixed rate payor, paying a fixed rate of 3.533%. Each counterparty was a floating rate payor, with each paying the Water System 61.25% of one month LIBOR plus a spread of 28 basis points. Net payments were exchanged semiannually on January 1 and July 1. The obligation of the Water System to make periodic payments (but not any termination payment) was secured by a pledge of and lien on the net revenues of the Water System on a parity with the pledge and lien securing the payment of debt service on the bonds. Both the bond debt service payments on the Series M Bonds and the periodic swap payments are insured by Financial Security Assurance (FSA).

As part of the refunding of the Series M Bonds, the City amended and restated the original swap agreements to (a) eliminate the swap insurance and related insurer rights, (b) modify the payment frequency, (c) transfer the original swap agreement from Bear Stearns to JPM and (d) split each original swap agreement into two separate interest rate swaps in order to hedge separate series of bonds. The original Bear Stearns swap which has been assumed by JPM hedged the entire principal amount of Series R and certain maturities of the Series Q Bonds. The original Morgan Stanley swap hedged the entire principal amount of Series S and a portion of the Series Q Bonds. The floating rate received by the City was not altered. However, the fixed rate paid by the City was adjusted to 3.553% for the JPM swap and 3.5975% for the Morgan Stanley swap. The termination date for the swaps associated with Series Q is January 1, 2021 while the termination date for the Series R and Series S swaps is January 1, 2033. Net payments are now exchanged monthly. With the refunding of the Series R and Series S Bonds, the JPM swap now hedges all but \$200,000 of the Series U Bonds and the Morgan Stanley swap hedges all but \$200,000 of the Series V Bonds.

Objective: The City entered into the swaps in order to maximize the savings associated with the refunding of the bonds. The actual savings to be realized by Water System will depend upon the payments made on the variable rate bonds and the payments received under the swap agreement.

Basis Risk: By entering into swaps based upon the 30 day LIBOR rate of interest, the City has undertaken basis risk associated with a change in tax rates and structure. While the average relationship between SIFMA (tax-exempt) and LIBOR (taxable) interest rates has been 67%, this relationship may not always apply. If the payments received from the counterparties are less than the amount paid on the variable rate bonds, the Water System must make up the difference in addition to paying the fixed rate resulting from the swap. As a result of the turmoil in the financial markets since 2008, the SIFMA/LIBOR ratio was significantly higher than 67% for periods of time. In addition, a reduction in federal income tax rates might increase the percentage relationship between SIFMA and LIBOR and may potentially increase the cost of financing.

Counterparty Risk: The City selected highly rated counterparties in order to minimize this risk. However, in the wake of the sub-prime mortgage crisis, Bear Stearns was acquired by JPM. The portion of the City's swap with Bear Stearns as the counterparty has been assumed by JPM. Over the long-term it is possible that the credit strength of JPM and/or Morgan Stanley could change and this event could trigger a termination payment on part of the City.

Termination Risk: The swap agreement may be terminated prior to its stated termination date under certain circumstances. Upon termination, a payment may be owed by the City to JPM and Morgan Stanley or by JPM and Morgan Stanley to the City, depending upon the prevailing economic circumstances at the time of the termination. The City obtained insurance to mitigate much of the risk associated with termination due to the event of a rating downgrade of the Water System.

Fair Value: The fair value of the swaps (including accrued amounts) at December 31, 2011 as reported by JPM and Morgan Stanley totaled \$27,955,000, which would be payable by the City.

Short-term Obligation: At the end of 2011, the Division of Water had \$50,000,000 of Subordinate Lien Revenue Notes outstanding. The notes, which are subordinate to the Division's outstanding revenue bonds, are due on July 26, 2012 and are backed by the revenues generated by the Division.

	Balance January 1, <u>2011</u>	<u>Increase</u>	<u>Decrease</u> (In thousands)	Balance December 31, <u>2011</u>	Due Within <u>One Year</u>
Water Revenue Notes:					
Subordinate Lien Revenue Notes, due 2011	\$ 50,000	\$	\$ (50,000)	\$	\$
Subordinate Lien Revenue Notes, due 2012	<u> </u>	<u>50,000</u>	<u> </u>	<u>50,000</u>	<u>50,000</u>
Total revenue notes	<u>\$ 50,000</u>	<u>\$ 50,000</u>	<u>\$ (50,000)</u>	<u>\$ 50,000</u>	<u>\$ 50,000</u>

Ohio Water Development Authority and Ohio Public Works Commission Loans: These loans are payable from net revenues derived from the Waterworks and Water Pollution Control Systems. These obligations do not have a lien on revenues of the Divisions. In 2011, Water expended an additional \$565,862 out of an expected \$9,000,000 for the Baldwin Residuals and Fairmount Reservoir. This is a zero percent 20 year loan.

Parking Facilities Revenue Bonds: These bonds are payable from net revenues generated from certain parking facilities and other operating revenues of the Division of Parking Facilities, including parking meter revenue. In addition, the City has pledged other non-tax revenue to meet debt service requirements. The City has pledged and assigned to the trustee a first lien on pledged revenues consisting of fines and penalties collected as a result of the violation of municipal parking ordinances and fines, waivers and costs relating to citations for misdemeanor offenses and the special funds as defined within the bond indenture.

Effective October 6, 2011, the City completed the sale of the City-owned Gateway North Parking Garage to Rock Ohio Caesars Gateway LLC. The garage will be used by the purchaser in conjunction with the opening of a new casino being constructed in the Higbee Building adjacent to the garage. The net proceeds of the sale of the garage received by the City totaled \$20,915,504. Of this amount, \$19,578,288 was placed into an irrevocable escrow fund, along with \$1,967,425 released from the debt service reserve fund as a result of the transaction, to be used to pay the principal and interest as it comes due on \$16,145,000 Parking Facilities Refunding Revenue Bonds, Series 2006. As a result, a portion of these bonds are considered to be defeased and the liability for the bonds has been removed from long-term debt. In addition, \$480,000 of the sale proceeds was used to terminate the portion of an existing basis swap which was associated with the bonds being defeased. Sale proceeds were also utilized to pay costs of the transaction. As a result of this transaction, the City expects to save approximately \$600,000 annually through 2022.

Effective August 15, 2006, the City issued \$57,520,000 of Parking Facilities Refunding Revenue Bonds, Series 2006. The bonds were issued to currently refund \$56,300,000 of the outstanding Parking Facilities Refunding Revenue Bonds, Series 1996. In addition, proceeds were also used to fund a portion of a payment owed by the City upon early termination under an interest rate swaption agreement entered into in 2003. Net proceeds of \$58,709,855 were placed in an irrevocable escrow account which was used to pay the principal, interest and premium on the refunded bonds. As a result, the refunded bonds are considered to be defeased and the liability for these bonds has been removed from long-term debt. The City completed the refunding to reduce its total debt service payments by \$1,340,000 and to obtain an economic gain (the difference between the present values of the old and new debt service payments) of approximately \$970,000. At the time of the issuance of the Series 2006 Bonds, the City entered into a basis swap agreement with UBS which is described below.

Interest Rate Swap Transaction:

Terms: Simultaneously with the issuance of the City's \$57,520,000 Parking Facilities Refunding Revenue Bonds, Series 2006 on August 3, 2006, the City entered into a floating-to-floating rate basis swap agreement with a notional amount equal to the total declining balance of the Series 2006 Bonds. UBS is the counterparty on the transaction. Under the swap agreement for the Series 2006 Bonds, the City is the floating rate payor, paying a floating rate based on the SIFMA index. The counterparty is also a floating rate payor, paying the City 67% of one month LIBOR. The City also received an upfront payment in the amount of \$1,606,000. Net payments are exchanged semi-annually each March 15 and September 15. The obligation of the City to make periodic payments (but not any termination payment) is secured by a pledge of and lien on the parking revenues and additional pledged revenues as defined in the trust indenture securing the Parking Facilities Refunding Revenue Bonds, Series 2006, on parity with the pledge and lien securing the payment of debt service on the bonds.

Objective: The City entered into the swap in order to maximize the savings associated with the refunding of the bonds and to reduce the City's risk exposure. The actual overall savings to be realized by the City will depend upon the net payments received under the swap agreement.

Basis Risk: By entering into a swap based upon the 30 day LIBOR rate of interest, the City has undertaken basis risk associated with a change in tax rates and structure. While the average relationship between the SIFMA (tax-exempt) and LIBOR (taxable) interest rates has been 67%, this relationship may not always apply. Since late 2008, this relationship has been significantly higher for various periods of time due to the disruptions in the financial markets. The payments received from the counterparty may be less than the amount owed to the counterparty, resulting in a net increase in debt service. In addition, a reduction in federal income tax rates might increase the percentage relationship between SIFMA and LIBOR and may potentially increase the cost of the financing.

Counterparty Risk: The City selected a highly rated counterparty in order to minimize this risk. However, over the long-term it is possible that the credit strength of UBS could change and this event could trigger a termination payment on part of the City.

Termination Risk: The swap agreement may be terminated prior to its stated termination date under certain circumstances. Upon termination, a payment may be owed by the City to UBS or by UBS to the City, depending upon the prevailing economic circumstances at the time of the termination. The City obtained insurance to mitigate much of the risk associated with termination due to the event of a downgrade of the City's bond rating. An amount due by the City to UBS upon early termination of the agreement is insured by FSA up to a maximum amount of \$8,000,000.

Fair Value: The fair value of the swap at December 31, 2011 as reported by UBS totaled \$782,000, which would be payable by the City.

Debt Covenants: The Enterprise Funds' bond agreements have certain restrictive covenants and principally require that bond reserve funds be maintained and that fees charged to customers be in sufficient amounts, as defined, to satisfy the obligations under the indenture agreements. In addition, special provisions exist regarding covenant violations, redemption of principal and maintenance of properties in good condition.

Defeasance of Debt

The City has defeased certain debt by placing cash or the proceeds of new bonds in irrevocable trusts to provide for all future debt service payments on the old bonds. Accordingly, the trust account assets and defeased bonds are not recorded in the City's financial statements.

The aggregate amount of defeased debt outstanding at December 31, 2011 is as follows:

<u>Bond Issue</u>	<u>(Amounts in 000's)</u>	<u>Bond Issue</u>	<u>(Amounts in 000's)</u>
<u>Waterworks Improvement Bonds:</u>		<u>Unvoted Tax Supported GO:</u>	
Series H, 1996	\$ 1,940	Series 2002	\$ 26,080
Series J, 2001	52,335	Series 2003	24,970
Series K, 2002	116,420	Series 2004	7,530
Series O, 2007	2,825		
Series P, 2007	6,075		

Airport Special Facilities Revenue Bonds

Airport Special Revenue Bonds, Series 1990, totaling \$76,320,000 were issued to finance the acquisition and construction of a terminal, hangar and other support facilities leased to Continental Airlines at Cleveland Hopkins International Airport. These bonds were refunded in 1999 by the issuance of Airport Special Revenue Refunding Bonds, Series 1999 totaling \$71,440,000. Additional Airport Special Revenue Bonds, Series 1998, totaling \$75,120,000, were issued in 1998 to finance the design and construction of certain airport facilities leased to Continental Airlines, including a new regional jet concourse. Because principal and interest on these bonds are unconditionally guaranteed by Continental Airlines and paid directly by Continental Airlines, these bonds do not constitute a debt, liability or general obligation of the City or a pledge of the City's revenues. As such, no liabilities relating to these bonds are included in the accompanying financial statements.

Pledges of Future Revenues

The City has pledged future airport revenues to repay \$891,885,000 in various Airport System Revenue Bonds issued in various years since 2000. Proceeds from the bonds provided financing for airport operations. The bonds are payable from airport net revenues and are payable through 2033. Annual principal and interest payments on the bonds are expected to require less than 63% of net revenues. The total principal and interest remaining to be paid on the various Airport System Revenue Bonds is \$1,400,958,000. Principal and interest paid for the current year and total net revenues were \$48,600,000 and \$76,802,000, respectively.

The City has pledged future power system revenues, net of specified operating expenses, to repay \$255,818,000 in various Public Power System Revenue Bonds issued in various years since 1994. Proceeds from the bonds provided financing for Public Power System improvements. The bonds are payable from Public Power System net revenues and are payable through 2038. Annual principal and interest payments on the bonds are expected to require less than 72% of net revenues. The total principal and interest remaining to be paid on the various Power System Revenue Bonds is \$427,883,000. Principal and interest paid for the current year and total net revenues were \$21,068,000 and \$28,647,000, respectively.

The City has pledged future Water System revenues, net of specified operating expenses, to repay \$748,415,000 in various Water Improvement Revenue Bonds and Notes issued in various years since 1993. Proceeds from the bonds provided financing for Water System improvements. The bonds are payable from Water System net revenues and are payable through 2037. Annual principal and interest payments on the bonds are expected to require less than 70% of net revenues. The total principal and interest remaining to be paid on the various Water Improvement Revenue Bonds and Notes is \$1,079,593,000. Principal and interest paid for the current year and total net revenues were \$65,668,000 and \$92,743,000, respectively.

The City has pledged future revenues from certain parking facilities, net of specified operating expenses, and other operating revenues to repay \$34,045,000 in Parking Facilities Refunding Revenue Bonds issued in 2006. Proceeds from the bonds initially issued provided financing for the construction of parking facilities. The bonds are payable from parking facilities net revenues and are payable through 2022. Annual principal and interest payments on the bonds are expected to require the full amount of net pledged revenues. The total principal and interest remaining to be paid on the Parking Facilities Revenue Bonds is \$45,439,000. Principal and interest paid for the current year (including net swap payments) and total net revenues were \$6,120,000 and \$4,558,000 respectively.

In 2011, no additional pledged revenue was required to meet the debt service on the Parking Facilities Refunding Revenue Bonds. The trust indenture requires, among other things, that the Division will fix parking rates and will charge and collect fees for the use of the parking facilities and will restrict operating expenses. As of December 31, 2011, the Division of Parking Facilities was in compliance with the terms and requirements of the trust indenture.

Derivative Instruments

Derivative instruments are contracts, the value of which depends on, or derives from, the value of an underlying asset, index or rate. The most common types of derivatives used by governments are interest rate swaps and interest rate locks. The City has entered into various derivative or hedging agreements since 1999. A detailed description of each outstanding derivative, including its terms, objectives, risks and fair value, can be found in the section discussing the bonds to which the derivative relates.

The table below presents the fair value balances and notional amounts of the City's derivative instruments outstanding at December 31, 2011, classified by type, and the changes in fair value of these derivatives during fiscal year 2011 as reported in the 2011 financial statements. The fair values of the interest rate swaps, which reflect the prevailing interest rate environment at December 31, 2011 and the specific terms and conditions of each swap, have been provided by the respective counterparty for each swap and confirmed by the City's financial advisor.

	<u>Changes in Fair Value</u>		<u>Fair Value at December 31, 2011</u>		
	<u>Classification</u>	<u>Amount</u>	<u>Classification</u>	<u>Amount</u>	<u>Notional</u>
(Amounts in 000's)					
Investment Derivatives:					
Governmental Activities:					
Fixed to floating interest rate swap					
2003 Subordinated Income Tax Swaption	Investment Loss	\$ 472 (a)	Debt	\$ (442)	\$ 50,200
Business-Type Activities:					
Floating to floating interest rate swap					
2006 Parking Basis Swap	Investment Loss	1,047 (a)	Debt	(782)	34,045
Hedging Derivatives:					
Floating to fixed interest rate swaps					
2008 Q Water Swap	Deferred outflow	(2,210)	Debt	(10,161)	82,625
2010 U Water Swap	Deferred outflow	(5,467)	Debt	(11,904)	54,735
2010 V Water Swap	Deferred outflow	(2,614)	Debt	(5,890)	26,295

(a) These were reclassified from hedging derivatives to investment derivatives in 2011 due to the City's determination that the derivatives were not effectively hedged, therefore the loss recognized in 2011 was \$442,000 for governmental activities and \$782,000 for business-type activities.

The table below presents the objective and significant terms of the City's derivative instruments at December 31, 2011, along with the credit rating of each swap counterparty.

Bonds	Type	Objective	Notional Amount	Effective Date	Maturity Date	Terms	Counterparty Credit Rating
Subordinated Income Tax Bonds	Receive Fixed Interest Rate Swaption	Hedge of changes in fair value of Series 1994 Subordinated Income Tax Bonds	\$ 50,200,000	2/11/2003	5/15/2024	If option is exercised, Receive 4.88%, pay SIFMA	Aa1/A+/AA-
Water Series Q	Pay Fixed Interest Rate Swap	Hedge of changes in cash flow on the Series Q Water System Bonds	\$ 54,355,000	8/10/2004	1/1/2021	Pay 3.553%, receive 61.25% of LIBOR + 28 bps	Aa1/A+/AA-
Water Series Q	Pay Fixed Interest Rate Swap	Hedge of changes in cash flow on the Series Q Water System Bonds	\$ 28,270,000	8/10/2004	1/1/2021	Pay 3.5975%, receive 61.25% of LIBOR + 28 bps	A2/A/A
Water Series U	Pay Fixed Interest Rate Swap	Hedge in changes in cash flow on the Series U Water System Bonds	\$ 54,735,000	2/12/2009	1/1/2033	Pay 3.553%, receive 61.25% of LIBOR + 28 bps	Aa1/A+/AA-
Water Series V	Pay Fixed Interest Rate Swap	Hedge in changes in cash flow on the Series V Water System Bonds	\$ 26,295,000	2/12/2009	1/1/2033	Pay 3.5975%, receive 61.25% of LIBOR + 28 bps	A2/A/A
2006 Parking Bonds	Basis Swap - Pay Floating/Receive Floating	Exchange floating rate payments on Series 2006 Parking System Bonds	\$ 34,045,000	8/15/2006	9/15/2022	Pay SIFMA, receive 67% of LIBOR	Aa3/A/A

The following table presents the aggregate debt service requirements on the City's hedged debt and net receipts/payments on the associated hedging derivative instruments as of December 31, 2011. These amounts assume that the interest rates on variable rate bonds and the reference rates in existence as of December 31, 2011 remain the same for the life of the hedging agreement. However, these rates will vary over time and the actual interest payments on the variable rate bonds and the net receipts/payments on the hedging derivative instruments will deviate from the numbers presented below.

Aggregate Cash Flows on Hedging Derivative Instruments

Fiscal Year Ending	Principal	Interest	Hedging Derivatives, Net	Total
December 31				
(Amounts in 000's)				
2012	\$	\$ 860	\$ 4,879	\$ 5,739
2013		860	4,680	5,540
2014		860	4,422	5,282
2015		860	4,150	5,010
2016		860	4,093	4,953
2017-2021	2,170	4,282	16,515	22,967
2022-2026	82,300	2,253	5,458	90,011
2027-2031	63,685	483	422	64,590
2032-2036	24,075	26	18	24,119
Total	\$ 172,230	\$ 11,344	\$ 44,637	\$ 228,211

NOTE 6 – DEFERRED PAYMENT OBLIGATION / I-X CENTER

In January 1999, the City purchased the International Exposition (I-X) Center and the land on and around it for \$66.5 million as part of its master plan to expand Cleveland Hopkins International Airport. As part of the purchase agreement, the City leased the building back to the former owner for 15 years, after which the City may demolish the building to make way for airport development. Of the \$66.5 million purchase price, \$36.5 million was paid in cash in 1999. The remaining \$30 million, including interest at 7.75%, is being deferred by the seller and will be offset by future lease payments owed to the City over the 15 year lease period. The future lease payments are equal to the remaining purchase price plus interest at 7.75%, and as such, no cash will be exchanged between the City and the lessee over the term of the lease. The deferred payment is reported as “Deferred Payment Obligation” in the accompanying proprietary funds balance sheet.

In the event that either a similar facility is developed that exceeds a specified size, or there is an expansion of an existing facility that exceeds a specified size within the municipal boundary of the City of Cleveland, the lessee has the right to terminate the lease. Such termination would require the City to pay the lessee the remaining portion of the deferred purchase price.

Rental income recognized by the City under this agreement totaled \$3,389,000 in 2011. Of this amount \$621,000 was offset against interest expense and \$2,768,000 was offset against the principal balance of the deferred obligation.

NOTE 7 – RISK MANAGEMENT

Self Insurance: The City is exposed to various risks of loss related to torts; thefts of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City does not carry commercial insurance for such risks, except for certain proprietary funds and the football stadium. In accordance with GASB Statement No. 10, claims liabilities are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Liabilities include an amount for claims that have been incurred but not reported (IBNRs). Claims that meet this criteria are reported as liabilities of either governmental or business-type activities in the government-wide statement of net assets. In the fund financial statements, claims liabilities that relate to proprietary funds are reported. The current portion of claims is reported as a fund liability in governmental funds; however, the long-term portion of claims liabilities is not reported.

The result of the process to estimate the claims liability is not an exact amount as it depends on many complex factors, such as inflation, changes in legal doctrines and damage awards. Accordingly, claims are re-evaluated periodically to consider the effects of inflation, recent claim settlement trends (including frequency and amount of pay-outs) and other economic and social factors. The estimate of the claims liability also includes amounts for incremental claim adjustment expenses related to specific claims and other claim adjustment expenses, regardless of whether allocated to specific claims. Estimated recoveries, for example from salvage or subrogation, are another component of the claims liability estimate.

Changes in the estimated claims payable for all funds during the years ended December 31, 2011 and 2010 were as follows:

	<u>2011</u>	<u>2010</u>
	(Amounts in 000's)	
Estimated claims payable, January 1	\$ 4,000	\$ 4,889
Current year claims (including IBNRs) and changes in estimates	986	857
Claim payments	<u>(2,458)</u>	<u>(1,746)</u>
Estimated claims payable, December 31	<u>\$ 2,528</u>	<u>\$ 4,000</u>

The estimated claims liabilities are based on the estimated cost of settling claims (including incremental claim adjustment expenses) through a case-by-case review of all outstanding claims and by using historical experience. Claims payable are included as accounts payable on the modified accrual financial statements and are reclassified to long-term obligations as due with one year or due in more than one year on the Statement of Net Assets.

Insurance: Certain proprietary funds carry insurance to cover particular liability risks and property protection. Otherwise, the City is generally self-insured. No material losses, including incurred but not reported losses, occurred in 2011. There was no significant decrease in any insurance coverage in 2011. In addition, there were no insurance settlements in excess of insurance coverage during the past three years.

The City provides the choice of four separate health insurance plans for its employees. These plans are provided by two different insurers through commercial insurance. Operating funds are charged a monthly rate per employee, by type of coverage.

In January of 2003, the City exercised the option of retrospective rating as the premium rating mechanism for its workers' compensation program. The total estimated claims liability outstanding at December 31, 2011 was \$24,250,736. Of this amount, \$8,892,857 was recorded as a fund liability within each respective fund. The remaining \$15,357,879 is due in future years and is recorded as a liability in the Workers' Compensation Reserve Internal Service Fund. This liability is funded by charging the appropriate funds their proportionate share of this liability and recording the associated due to or due from as appropriate.

NOTE 8 – CONTINGENCIES

General Contingencies: Various claims and lawsuits are pending against the City. In accordance with GASB Statement No. 10, those claims which are considered "probable" are accrued (see Note 7 – Risk Management), while those claims that are considered "reasonably possible" are disclosed but not accrued.

As of December 31, 2011, the City had \$1,000,000 in claims for which an unfavorable outcome is deemed to be reasonably possible.

These estimates were based on a case-by-case review of outstanding claims by the City's in-house legal department.

Contingent Liabilities: In November 2009, participants in the American Municipal Power Generating Station (AMP) voted to terminate development of the 1,000 MW coal-fired generating station that was to be located on the Ohio River in Meigs County, Ohio. The City was one of 81 member participants in the project and had committed to receive an 80 MW share of the project's output.

The City and the other members participated in the project through "take or pay" contracts with AMP and are obligated to pay for the project's sunk costs based on each member's allocation. The City's share of the incurred project costs is \$13,084,418. AMP anticipates that any such costs that are not recovered through participation in a replacement project will be financed by AMP and recovered from the AMP participants over a period of time yet to be determined. AMP has rolled over a portion of the Meigs County facility cost into the Fremont Energy Center ("Fremont"), a new natural gas generating station that AMP is purchased in July 2011. AMP has provided the City a Development Cost Credit of \$6,281,769. These credits cut the City's risk of loss in half. None of these credits have been recorded in the City's financial statements through December 31, 2011.

City Council passed legislation in 2011 allowing the City to pass through 50% of the cost to customers in their monthly electricity bills over time. Through this legislation, the City will purchase power from the Fremont project, pay about half of its allocable share in AMP costs as power costs purchased from Fremont and include the costs in bills to customers over time. The legislation directs the City to pay its remaining share of costs due to AMP, estimated at \$3,401,325, from operating funds over a period of time yet to be determined.

The City of Cleveland has not paid any monies to AMP towards the project's sunk cost. Furthermore, the City has not reported the stranded costs in the financial statements as the City's communication received from AMP to date is that the amount of incurred cost that are not recoverable from the vendor is undeterminable.

Contingencies Under Grant Programs: The City participates in a number of federally assisted Investment Act Grant Programs, principal of which are Community Development Block Grants, Home Weatherization Assistance, the Healthy Start Initiative, Federal HOME Program, Youth Opportunity Area Grant, Workforce Investment Act Grant, Empowerment Zone and Federal Aviation Administration Airport Improvement Grant Programs. These programs are subject to financial and compliance audits by the grantors or their representatives.

In addition to the federally assisted Investment Act Grant Programs, the City received a portion of the American Recovery and Reinvestment Act (ARRA) funds. These funds were funded through existing programs. The ARRA funds are subject to financial and compliance audits by the grantor or their representative and are subject to availability.

NOTE 9 – INTERFUND TRANSACTIONS AND BALANCES

Interfund Transactions: During the course of normal operations, the City records numerous transactions between funds including expenditures and transfers of resources to provide services, subsidize operations and service debt. The City has the following types of transactions among funds:

- (1) Reciprocal interfund services provided and used – Purchases and sales of goods and services between funds for a price approximating their external exchange value.
- (2) Nonreciprocal interfund transfers – Flows of assets between funds without equivalent flows of assets in return and without a requirement for repayment. This includes transfers to subsidize various funds.
- (3) Nonreciprocal interfund reimbursements – Repayments from the funds responsible for particular expenditures or expenses to the funds that initially paid for them.

For the year ended December 31, 2011, transfers consisted of the following:

<u>Transfers Out</u>	<u>Transfers In</u>					
	<u>Total</u>	<u>General Fund</u>	<u>Other Governmental Funds</u>	<u>Total Governmental Funds</u>	<u>Enterprise Funds</u>	<u>Internal Service Funds</u>
	(Amounts in 000's)					
Governmental Funds:						
General	\$ 18,789	\$	\$ 15,918	\$ 15,918	\$ 2,031	\$ 840
Other Governmental	<u>52,725</u>	<u>8,404</u>	<u>44,321</u>	<u>52,725</u>		
Total Governmental Funds	<u>71,514</u>	<u>8,404</u>	<u>60,239</u>	<u>68,643</u>	<u>2,031</u>	<u>840</u>
Total	<u>\$ 71,514</u>	<u>\$ 8,404</u>	<u>\$ 60,239</u>	<u>\$ 68,643</u>	<u>\$ 2,031</u>	<u>\$ 840</u>

Interfund Balances: Interfund balances at December 31, 2011 represent charges for services or reimbursable expenses. These remaining balances resulted from the time lag between the dates that (1) interfund goods or services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting records and (3) payments between funds are made. All are expected to be paid within one year.

Interfund receivable and payable balances as of December 31, 2011 are as follows:

<u>Due To</u>	<u>Total</u>	<u>Due From</u>							
		<u>General Fund</u>	<u>Other Governmental Funds</u>	<u>Total Governmental Funds</u>	<u>Division of Water Fund</u>	<u>Cleveland Public Power Fund</u>	<u>Other Enterprise Funds</u>	<u>Total Enterprise Funds</u>	<u>Internal Service Funds</u>

Internal Service Funds	<u>202</u>	4		4		7	5	12	186
Total Due To/Due From	<u>\$ 46,384</u>	<u>\$ 8,953</u>	<u>\$ 11,687</u>	<u>\$ 20,640</u>	<u>\$ 12,449</u>	<u>\$ 2,558</u>	<u>\$ 464</u>	<u>\$ 15,471</u>	<u>\$ 10,273</u>

NOTE 10 – INCOME TAXES

During 2011, the City income tax rate remained at 2% and the credit provided to City residents for income taxes paid to other municipalities remained at 50% and the maximum credit is limited to 1%. A portion of the City income tax is restricted in its use to capital expenditures and debt service and is included in the Restricted Income Tax Special Revenue Fund. All other income tax proceeds are included in the General Fund.

Employers within the City are required to withhold income taxes on employee compensation and remit withholdings to the City at least quarterly. Corporations and other individual taxpayers are required to pay their estimated tax quarterly and file a declaration annually.

NOTE 11 – PROPERTY TAXES

Property taxes include amounts levied against all real and public utility property located in the City. The 2011 levy was based upon an assessed valuation of approximately \$5.640 billion. Ohio law prohibits taxation of property from all taxing authorities in excess of 10 mills of assessed value without a vote of the people. Under current procedures, the City’s share is 4.4 mills, of which 4.35 mills is dedicated to debt service and .05 mills is dedicated to the payment of fire pension obligations. A revaluation of all property is required to be completed no less than every six years, with a statistical update every third year. The last statistical update was completed in 2009. Assessed values are established by the Cuyahoga County (County) Auditor. The County Treasurer collects property taxes on behalf of all taxing districts in the County including the City.

Real property taxes, excluding public utility property, are assessed at 35% of appraised market value. Pertinent real property tax dates are:

- Collection Dates January 20 and June 20 of the current year
- Lien Date January 1 of the year preceding the collection year
- Levy Date October 1 of the year preceding the collection year

An electric company’s taxable utility production equipment is assessed at 25% of true value, while all of its other taxable property is assessed at 88% of true value. Pertinent public utility tangible personal property tax dates are:

- Collection Dates January 20 and June 20 of the current year
- Lien Date December 31 of the second year preceding the collection year
- Levy Date October 1 of the year preceding the collection year

NOTE 12 – DEFERRED AND UNEARNED REVENUE

Governmental funds report deferred and unearned revenue in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period (deferred). Governmental funds also defer revenue recognition in connection with resources that have been received, but not all eligibility requirements have been met (unearned).

As of December 31, 2011, the various components of deferred revenue reported in the governmental funds on the modified accrual approach were as follows:

	<u>Unavailable</u>	<u>Eligibility Requirements Not Met</u>	<u>Total</u>
	(Amounts in 000's)		
Governmental Funds:			
<u>General Fund:</u>			
Income taxes receivable	\$ 15,760	\$	\$ 15,760
Property taxes receivable	61,250		61,250
Local government receivable	14,096		14,096
Estate tax receivable	205		205
Homestead rollback	4,036		4,036
Emergency medical service receivable	238		238
Special assessments receivable	3,170		3,170
Other taxes receivable		434	434
Total General Fund	98,755	434	99,189
<u>Other Governmental Funds:</u>			
Income taxes receivable	1,970		1,970
Special assessments receivable	10,531		10,531
Property taxes receivable	31,908		31,908
Advances received under grants		11,979	11,979
Motor vehicle taxes receivable	1,384		1,384
Municipal gas tax receivable	1,036		1,036
State gasoline tax receivable	1,988		1,988
Homestead rollback	2,103		2,103
Grant receivable	50	18	68
Due from other governments	2,307		2,307
Total Other Governmental Funds	53,277	11,997	65,274
Total Deferred and Unearned Revenue	\$ 152,032	\$ 12,431	\$ 164,463

NOTE 13 – DEFINED BENEFIT PENSION PLANS

Ohio Public Employees Retirement System: All full-time employees, other than non-administrative full-time police officers and firefighters, participate in the Ohio Public Employees Retirement System (OPERS). OPERS administers three separate pension plans as described below:

- 1) The Traditional Pension Plan – a cost-sharing, multiple-employer defined benefit pension plan.
- 2) The Member-Directed Plan – a defined contribution plan in which the member invests both member and employer contributions (employer contributions vest over five years at 20% per year). Under the Member-Directed Plan, members accumulate retirement assets equal to the value of member and (vested) employer contributions plus any investment earnings.
- 3) The Combined Plan – a cost-sharing, multiple-employer defined benefit pension plan. Under the Combined Plan, OPERS invests employer contributions to provide a formula retirement benefit similar in nature to the Traditional Pension Plan benefit. Member contributions, the investment of which is self-directed by the members, accumulate retirement assets in a manner similar to the Member-Directed Plan.

OPERS provides retirement, disability, survivor and death benefits and annual cost-of-living adjustments to members of the Traditional Pension and Combined Plans. Members of the Member-Directed Plan do not qualify for ancillary benefits. Authority to establish and amend benefits is provided in Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report. Interested parties may obtain a copy by visiting <https://www.opers.org/investments/cafr.shtml>, writing to OPERS, 277 East Town Street, Columbus, Ohio 43215-4642, or by calling (614) 222-5601 or (800) 222-7377.

The Ohio Revised Code provides statutory authority for member and employer contributions. For 2011, member and employer contribution rates were consistent across all three plans. Member contribution rates were 10.00% in 2011, 2010 and 2009. The employer contribution rates were 14.00% of covered payroll in 2011, 2010 and 2009.

The City's required employer contributions to OPERS for the pension portion of all the plans for the years ending December 31, 2011, 2010 and 2009 were \$25,558,982, \$25,698,844 and \$23,986,453 each year, respectively. The required payments due in 2011, 2010 and 2009 have been made.

Ohio Police and Fire Pension Fund: The City contributes to the Ohio Police and Fire Pension Fund (OP&F), a cost-sharing multiple-employer defined benefit pension plan. OP&F provides retirement and disability pension benefits, annual cost-of-living adjustments and death benefits to plan members and beneficiaries. Benefit provisions are established by the Ohio State Legislature and are codified in Chapter 742 of the Ohio Revised Code. OP&F issues a publicly available financial report that includes financial information and required supplementary information for the plan. That report may be obtained by writing to the OP&F, 140 East Town Street, Columbus, Ohio 43215-5164.

Plan members are required to contribute 10.00% of their annual covered salary, while the City is required to contribute 19.50% for police officers and 24.00% for firefighters. The City's contributions to the OP&F for the years ended December 31, 2011, 2010 and 2009 were \$22,213,372, \$22,678,219 and \$23,177,060, respectively. The required payments due in 2011, 2010, and 2009 have been made.

NOTE 14 – OTHER POSTEMPLOYMENT BENEFITS

Ohio Public Employees Retirement System: All full-time employees, other than non-administrative full-time police officers and firefighters, participate in the Ohio Public Employees Retirement System (OPERS). OPERS administers three separate pension plans: The Traditional Pension Plan – a cost-sharing, multiple-employer defined benefit pension plan; the Member-Directed Plan – a defined contribution plan; and the Combined Plan – a cost-sharing, multiple-employer defined benefit pension plan that has elements of both a defined benefit and defined contribution plan. OPERS maintains a cost-sharing multiple employer defined benefit postemployment health care plan, which includes a medical plan, prescription drug program and Medicare Part B premium reimbursement, to qualifying members of both the Traditional Pension and the Combined Plans. Members of the Member-Directed Plan do not qualify for ancillary benefits, including postemployment health care coverage. In order to qualify for postemployment health care coverage, age-and-service retirees under the Traditional Pension and Combined Plans must have 10 or more years of qualifying Ohio service credit. Health care coverage for disability benefit recipients and qualified survivor benefit recipients is available. The health care coverage provided by OPERS meets the definition of an Other Postemployment Benefit (OPEB) as described in GASB Statement 45. The Ohio Revised Code permits, but does not mandate, OPERS to provide OPEB benefits to its eligible members and beneficiaries. Authority to establish and amend benefits is provided in Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report. Interested parties may obtain a copy by visiting <https://www.opers.org/investments/cafr.shtml>, writing to OPERS, 277 East Town Street, Columbus, Ohio 43215-4642, or by calling (614) 222-5601 or (800) 222-7377.

The Ohio Revised Code provides the statutory authority requiring public employers to fund post-retirement health care through their contributions to OPERS. A portion of each employer's contribution to OPERS is set aside for funding of post-retirement health care benefits. Employer contribution rates are expressed as a percentage of the covered payroll of active members. The employer contribution rates were 14.00% of covered payroll in 2011, 2010 and 2009. The Ohio Revised Code currently limits the employer contribution to a rate not to exceed 14.00% of covered payroll. Active members do not make contributions to the OPEB Plan. OPERS Postemployment Health Care plan was established under and is administrated in accordance with, Internal Revenue Code 401(h). Each year, the OPERS Retirement Board determines the portion of the employer contribution rate that will be set aside for funding of postemployment health care benefits. Employer contribution rates used to fund postemployment benefits

were 4.00% for members of the Traditional Plan in 2011, 6.05% for members of the Combined Plan in 2011, 5.50% from January 1, 2010 through February 28, 2010 and 5.00% from March 1, 2010 through December 31, 2010 and 7.00% from January 1, 2009 through March 31, 2009 and 5.50% from April 1, 2009 through December 31, 2009. The portion of employer contributions allocated to health care beginning January 1, 2012 remained the same, but they are subject to change based on Board action. Employers will be notified if the portion allocated to health care changes during 2012. The OPERS Retirement Board is also authorized to establish rules for the payment of a portion of the health care benefits provided, by the retiree or their surviving beneficiaries. Payment amounts vary depending on the number of covered dependents and the coverage selected. The City's actual contributions to OPERS to fund postemployment benefits were \$10,222,877 in 2011, \$14,648,933 in 2010 and \$17,346,339 in 2009. The required payments due in 2011, 2010, and 2009 have been made.

The Health Care Preservation Plan (HCPP) adopted by the OPERS Retirement Board on September 9, 2004, was effective January 1, 2007. Member and employer contribution rates increased as of January 1, 2006, January 1, 2007 and January 1, 2008, which allowed additional funds to be allocated to the health care plan.

Ohio Police and Fire Pension Fund: The City contributes to the OP&F sponsored health care program; a cost-sharing multiple-employer defined postemployment health care plan administered by OP&F. OP&F provides health care benefits including coverage for medical, prescription drugs, dental, vision, Medicare Part B Premium and long-term care to retirees, qualifying benefit recipients and their eligible dependents. OP&F provides access to post-retirement health care coverage for any person who receives or is eligible to receive a monthly service, disability, or survivor benefit check or is a spouse or eligible dependent child of such person. The health care coverage provided by OP&F meets the definition of an Other Postemployment Benefit (OPEB) as described in GASB Statement No. 45. The Ohio Revised Code allows, but does not mandate OP&F to provide OPEB benefits. Authority for the OP&F Board of Trustees to provide health care coverage to eligible participants and to establish and amend benefits are codified in Chapter 742 of the Ohio Revised Code. OP&F issues a publicly available financial report that includes financial information and required supplementary information for the Plan. That report may be obtained by writing to the OP&F, 140 East Town Street, Columbus, Ohio 43215-5164.

The Ohio Revised Code provides for contribution requirements of the participating employers and plan members to the OP&F (defined benefit pension plan). Participating employers are required to contribute to the pension plan at rates expressed as percentages of the payroll of active pension plan members, currently 19.50% of covered payroll for police and 24.00% of covered payroll for firefighters. The Ohio Revised Code states that the employer contribution may not exceed 19.50% of covered payroll for police and 24.00% of covered payroll for firefighters. Active members do not make contributions to the OPEB Plan.

OP&F maintains funds for health care in two separate accounts. One for health care benefits under an IRS Code Section 115 trust and one for Medicare Part B reimbursements administrated as an Internal Revenue Code 401(h) account, both of which are within the defined benefit pension plan, under the authority granted by the Ohio Revised Code to the OP&F Board of Trustees. The Board of Trustees is authorized to allocate a portion of the total employer contributions made into the pension plan to the Section 115 trust and the Section 401(h) account as the employer contribution for retiree health care benefits. For the year ended December 31, 2011, the employer contribution allocated to the health care plan was 6.75% of covered payroll. The amount of employer contributions allocated to the health care plan each year is subject to the Trustees' primary responsibility to ensure that pension benefits are adequately funded and is limited by provisions of Sections 115 and 401(h). The OP&F Board of Trustees is authorized to establish requirements for contributions to the health care plan by retirees and their eligible dependents, or their surviving beneficiaries. Payment amounts vary depending on the number of covered dependents and the coverage selected. The City's contribution to OP&F that was allocated to the health care plan was \$10,399,050 for the year ending December 31, 2011, \$10,615,539 for 2010 and \$10,858,674 for 2009. The required payments due in 2011, 2010, and 2009 have been made.

NOTE 15 – CAPITAL ASSETS

Capital asset activity for the year ended December 31, 2011 was as follows:

	Balance January 1, <u>2011</u>	<u>Additions</u>	<u>Reductions</u>	Balance December 31, <u>2011</u>
		(Amount in 000's)		
Governmental Activities:

The additions to accumulated depreciation may not match depreciation expense due to assets transferred between Business-Type Activities and Governmental Activities, if the transferred assets have been depreciated prior to this year.

Depreciation: Depreciation expense was charged to functions/programs of the City as follows:

	<u>(Amounts in 000's)</u>
Governmental Activities:	
General Government	\$ 8,697
Public Service	23,807
Public Safety	9,759
Building and Housing	127
Community Development	1,155
Public Health	346
Parks, Recreation and Properties	7,115
Economic Development	119
Depreciation expense on capital assets held by the City's internal service funds that is charged to the various functions based on their usage of the assets	480
Total depreciation expense charged to governmental activities	\$ 51,605
Business-Type Activities:	
Water	\$ 58,796
Electricity	16,576
Airport Facilities	47,775
Nonmajor activities	7,618
Depreciation expense on capital assets held by the City's internal service funds that is charged to the various functions based on their usage of the assets	193
Total depreciation expense charged to business-type activities	\$ 130,958

Capital Commitments: Significant commitments of the City as of December 31, 2011 are composed of the following:

<u>Project Description</u>	<u>Spent-to-Date</u>	<u>Remaining Commitment</u>
	(Amounts in 000's)	
Governmental Activities:		
New Police Facility	\$	\$ 9,457
800 MHz System		7,500
Collinwood-Lakeshore	4,494	5,887
Fulton Road Rehabilitation		5,490
League Park Renovations		4,700
E. 152 Recreation Improvements		4,500
New Financial Management System	6,510	4,317
ISG Coke Plant	18,888	3,304
Cleveland Memorial Gardens	1,733	2,694
Zone Recreation Greenspace Plan		2,500
Recycling Expansion	24	2,476
2008 Vehicles Citywide	6,542	2,203
Kamms Streetscape PH III		2,200

<u>Project Description</u>	<u>Spent-to-Date</u>	<u>Remaining Commitment</u>
	(Amounts in 000's)	
Business-Type Activities:		
Lake Road Substation	\$ 8,256	\$ 24,909
Runway 10/28 Phase IV		22,263
Environmental Requirements - Airports	18,334	17,923
Sound Insulation of Homes	92,465	17,600
Wetland and Stream Mitigation - Airports	21,476	14,025
Crown Water Plant	1,171	13,829
Baldwin Residuals & Fairmount	3,239	13,806
Harvard Substation		13,527
Morgan Chemical Facility	5,164	12,357
Suburban Water Main Renewal Program	18,090	11,910
Warehouse Imp PH 1 & 2	2,257	9,140
Morgan Pretreatment and Residuals	33,364	9,096
Plant Enhancement Program	65,720	7,583

Capital Grant Programs: The City participates in the State Issue 2 program and the Local Transportation Improvement Program. Through these programs, the State of Ohio (State) provides financial assistance to the City for its various road and bridge improvements and storm water detention facilities. The Ohio Public Works Commission (OPWC) is the State agency which oversees the allocation of State bond proceeds and tax revenue to selected projects which have met funding requirements. Upon approval of the OPWC, the City and the State create project agreements establishing each entity's financial contribution toward each project. Through December 31, 2011, the State funded \$151,106,000 of road and bridge improvement projects and \$6,192,000 for storm water detention facilities.

Capitalized Interest: Interest expense incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed, net of interest income earned on invested debt proceeds. For 2011, interest expense incurred for the Enterprise Funds was \$105,120,000 of which \$22,512,000 was capitalized net of \$208,000 of interest income capitalized.

Idle Facilities: In April 1977, Cleveland Public Power (CPP) closed its generation plant and since that time, CPP's revenues have been derived primarily from the distribution of purchased power. CPP continued its past practice of depreciating the plant at rates which completed the amortization of the plant in 1999. With the present availability of competitively priced purchased power, management believes the plant will remain idle.

NOTE 16 – SEGMENT INFORMATION

The City has issued revenue bonds and construction loans to finance the activities accounted for in the following Enterprise Funds:

- Division of Water
- Cleveland Public Power
- Department of Port Control
- Municipal Parking Lots

Investors in the revenue bonds rely solely on the revenues generated from the specific enterprise activity to which the debt obligations pertain for repayment.

Shown below is summarized financial information for the City's enterprise activity that has issued long-term obligations and is not reported as a major fund in the proprietary funds financial statements:

Condensed Balance Sheet Information

	Municipal Parking Lots (Amounts in 000's)
Assets:	
Current assets	\$ 1,959
Restricted assets	13,188
Other noncurrent assets	1,515
Capital assets, net	<u>37,573</u>
Total assets	<u>\$ 54,235</u>
Liabilities:	
Current liabilities	\$ 4,066
Long-term liabilities	<u>31,257</u>
Total liabilities	<u>35,323</u>
Net assets:	
Invested in capital assets, net of related debt	7,943
Restricted for debt service	5,578
Unrestricted	<u>5,391</u>
Total net assets	<u>18,912</u>
 Total liabilities and net assets	 <u>\$ 54,235</u>

Condensed Statement of Revenues, Expenses and Changes in Net Assets Information

	Municipal Parking Lots (Amounts in 000's)
Charges for services	\$ 8,453
Depreciation (expense)	(1,722)
Other operating (expenses)	<u>(3,756)</u>
Operating income (loss)	2,975
Nonoperating revenues (expenses):	
Investment income	(773)
Interest expense	(8,649)
Other revenue (expenses)	(1,068)
Special items - gain on sale of capital assets	<u>5,125</u>
Change in net assets	(2,390)
Net assets at beginning of year	<u>21,302</u>

Condensed Statement of Cash Flows Information

	Municipal Parking Lots (Amounts in 000's)
Net cash provided by (used for):	
Operating activities	\$ 4,434
Capital and related financing activities	(7,503)
Investing activities	<u>(4,092)</u>
Net increase (decrease) in cash and cash equivalents	(7,161)
Beginning cash and cash equivalents	<u>18,016</u>
Ending cash and cash equivalents	<u>\$ 10,855</u>

The balances of the restricted asset accounts in the enterprise funds are as follows:

<u>Purpose</u>	<u>Division of Water</u>	<u>Cleveland Public Power</u>	<u>Department of Port Control</u>	<u>Municipal Parking Lots</u>	<u>Cemeteries</u>	<u>Water Pollution Control</u>
	(Amounts in 000's)					
Construction activities	\$ 92,739	\$ 56,745	\$ 120,245	\$ 3,237	\$	\$ 1,081
Debt retirement	93,601	3,894	109,292	5,578		
Accrued passenger facility charges			20,376			
Other	<u>100</u>	<u>322</u>	<u>53,745</u>	<u>4,373</u>	<u>6,546</u>	<u></u>
Total	<u>\$ 186,440</u>	<u>\$ 60,961</u>	<u>\$ 303,658</u>	<u>\$ 13,188</u>	<u>\$ 6,546</u>	<u>\$ 1,081</u>

NOTE 17 – RESTATEMENT

Based on the implementation of GASB Statement No. 54 several Special Revenue Funds no longer meet the definition to be classified as such, therefore they must be reported as part of the General Fund. These Special Revenue Funds were previously included in Other Governmental Funds on the Modified Accrual Statements.

	<u>General Fund</u>	<u>Total Other Governmental Funds</u>
	(Amounts in 000's)	
Fund balance, January 1, 2011	\$ 12,541	\$ 359,881
Restatement	<u>18,274</u>	<u>(18,274)</u>
Restated Fund balance, January 1, 2011	<u>\$ 30,815</u>	<u>\$ 341,607</u>

NOTE 18 – FUND BALANCES / NET ASSETS

Fund Balance Classifications: Fund balance is classified in five categories (1) Nonspendable, (2) Restricted, (3) Committed, (4) Assigned and (5) Unassigned. Nonspendable fund balances include amounts that are not in spendable form or are legally required to remain intact. Restricted fund balances include amounts that have external restrictions by either grantors, debt covenants, laws or other governments. Committed fund balances include amounts that are committed to a specific purpose by council ordinance. Assigned fund balances include amounts that are constrained by management’s intent to be used for a specific purpose. Unassigned fund balances include amounts that have not been assigned to any purpose. Fund expenditures and encumbrances are from restricted resources to the extent of the restricted fund reserve and followed by committed then assigned and unassigned resources.

Below are the fund balance classifications for the governmental funds at December 31, 2011:

	General Fund	Other Governmental	Total Governmental
	(Amounts in 000's)		
Fund Balances			
Nonspendable			
Inventory	\$ 576	\$ 1,172	\$ 1,748
Nonspendable Total	576	1,172	1,748
Restricted			
General Government		16,990	16,990
Public Service		1,839	1,839
Public Safety		5,046	5,046
Community Development		5,325	5,325
Public Health		297	297
Parks, Recreation and Properties		23,656	23,656
Economic Development		35,959	35,959
Debt Service		13,384	13,384
Capital Projects		<u>102,094</u>	<u>102,094</u>
Restricted Total	-	204,590	204,590
Committed			
General Government		7,288	7,288
Public Safety		203	203
Community Development		1,180	1,180
Public Health		32	32
Parks, Recreation and Properties		2,309	2,309
Economic Development		94,520	94,520
Capital Projects		<u>92</u>	<u>92</u>
Committed Total	-	105,624	105,624
Assigned			
General Government	4,468		4,468
Public Service	1,312		1,312
Public Safety	1,860		1,860
Public Health	49		49
Parks, Recreation and Properties	4,150		4,150
Building and Housing	94		94
Other	94		94
Debt Service		<u>1</u>	<u>1</u>
Assigned Total	<u>12,027</u>	<u>1</u>	<u>12,028</u>
Unassigned	<u>38,991</u>	<u>(96)</u>	<u>38,895</u>
Total Fund Balances	<u>\$ 51,594</u>	<u>\$ 311,291</u>	<u>\$ 362,885</u>

Net Assets: Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings issued to acquire, construct or improve those assets. Net assets are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the City or through external restrictions imposed by creditors, grantors or laws or regulations of other governments. The City applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net assets are available. Net assets are restricted for debt service, loans and other purposes. Other purposes include street construction and maintenance, grant programs and debt or capital funding from restricted income tax.

Rainy Day Reserve Fund: The City, in accordance with Section 5705.13(A), Revised Code, has established by ordinance the Rainy Day Reserve Fund (Rainy Day). Rainy Day should accumulate to at least a level equal to two percent of the General Fund expenditures and cannot exceed five percent of the General Fund expenditures. The City funds the Rainy Day through transfers from the General Fund, when funds become available. In order to use the Rainy Day, the City must pass an ordinance. The amount of the Rainy Day is reported within the unassigned fund balance classification in the City's General Fund.

NOTE 19 – GATEWAY ECONOMIC DEVELOPMENT CORPORATION

In accordance with an agreement with Gateway Economic Development Corporation (Gateway), Gateway is required to reimburse the City for the excess of the debt service requirements of the Parking Facilities Refunding Revenue Bonds attributed to the two Gateway garages over the net revenues generated by the two Gateway garages. In October 2011, the City sold one of the Gateway garages and defeased the applicable bonds. Going forward the amounts required to be reimbursed will be calculated based upon the net revenues of the remaining garage and remaining applicable bonds outstanding.

The first garage on the Gateway site was completed in January 1994. The second garage was completed in August 1994. The third parking facility, Willard Park Garage, was completed in April 1996.

In 2011, net revenues generated by the two Gateway garages were less than the debt service payments attributed to those garages by \$2,546,000. Cumulative debt service payments funded by the City that are due from Gateway totaled \$43,356,000 at December 31, 2011. Due to the uncertainty of collecting such amounts, an allowance has been recorded to offset the amounts in full; therefore, these amounts do not appear in the accompanying financial statements.

To enhance the security of the bonds, the City has agreed to pledge annually a percentage of admissions taxes on all events held at the arena to pay debt service if other revenue sources are not sufficient. Any exempted admissions tax not required for debt service will be reimbursed to the City. The City's current admissions tax rate is 8%. For the year ended December 31, 2011, the City pledged \$2,519,264.

NOTE 20 – COMPLIANCE AND ACCOUNTABILITY

At December 31, 2011, the Cleveland Stadium Operations had a fund balance deficiency of \$96,000. This deficiency will be eliminated through an operating transfer in. In addition, the Telephone Exchange Fund had a net assets deficiency of \$436,000. This deficiency will be eliminated by increasing the rates charged to user departments during 2012.

NOTE 21 – SUBSEQUENT EVENTS

On February 23, 2012, the City issued \$235,150,000 Airport System Revenue Bonds, Series 2012A (Non-AMT). The bonds were issued to currently refund all of the outstanding Airport System Revenue Bonds, Series 2000A in the aggregate principal amount of \$249,445,000 on March 26, 2012 and to pay costs of issuing the bonds. The City obtained an economic gain (the difference between the present values of the old and new debt service payments) of approximately \$15.12 million or 6.06% as a result of the refunding.

Effective February 24, 2012, the City issued \$15,325,000 Public Power System Revenue Bonds, Series 2012. Proceeds of these bonds were used to refund all of the outstanding \$15,980,000 Public Power System Bonds, Series 2001. Net proceeds of the Series 2012 Bonds and amounts on deposit in the 2001 bond fund in the total amount of \$16,293,627 were placed in an irrevocable escrow account to pay the principal and interest on the refunded 2001 Bonds on March 26, 2012. The City completed the refunding in order to achieve debt service savings of approximately \$1,169,000 or an economic gain (the difference between the present values of the old and new debt service payments) of approximately \$1,148,000 or 7.2%. These bonds were purchased by Wells Fargo at a fixed rate of 2.0% and were not resold in a public offering.

Effective May 22, 2012, the City issued \$50,245,000 Various Purpose and Refunding General Obligation Bonds, Series 2012. Of this amount, \$38,740,000 was issued to fund various public improvements to roads and bridges, cemeteries, public facilities and parks and recreation facilities. The remaining \$11,505,000 was issued to refund \$11,610,000 of outstanding general obligation bonds issued in 2002, 2003 and 2004. As a result of the refunding, the City achieved debt service savings of \$704,000 or an economic gain (the difference between the present values of the old and new debt service payments) of approximately \$728,000 or 6.3%.

On June 5, 2012, the City entered into an equipment lease agreement with PNC Equipment Finance LLC in the amount of \$6,507,400. The City intends to purchase various police vehicles, heavy duty vehicles and other apparatus. Lease payments will be made from the Restricted Income Tax Fund for a period of seven years.

CITY OF CLEVELAND, OHIO

NONMAJOR GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS

Special Revenue Funds are used to account for specific revenues that are legally restricted or committed by the City to expenditures for particular purposes. The City's Special Revenue Funds are described below:

Division of Streets	To account for motor vehicle license tax and gasoline excise tax used for the repair and building of streets.
Restricted Income Tax	To account for one-ninth of the City's income tax collections. Monies are to be used for capital improvement purposes and repayment of debt.
Cleveland Stadium Operations	To account for the operating activities of Cleveland Browns Stadium.
Community Development Block Grants	To account for revenue from the federal government and expenditures as prescribed under the Community Development Block Grant Program.
Community Development Funds	To account for revenue earmarked for City-wide development.
Building and Housing Funds	To account for revenue earmarked to administer and enforce the provisions of the Cleveland building, housing and zoning codes plus the national electrical code and state building, plumbing and elevator codes.
Urban Development Action Funds	To account for revenue from the federal government under the Urban Development Action Grant Program.
Economic Development Funds	To account for revenue earmarked to revitalize distressed cities by stimulating economic development.
Home Weatherization Grants	To account for revenue from the State of Ohio and expenditures as prescribed under the Home Weatherization Assistance Program.
Work Force Investment Act (WIA)	To account for revenue and expenditures from the State of Ohio under the Work Force Investment Act.
General Government Funds	To account for revenue earmarked for general government activities.
Public Service Funds	To account for revenue earmarked for the public service activity.
Public Safety Funds	To account for revenue earmarked for public safety activities.

SPECIAL REVENUE FUNDS (Continued)

Public Health Funds	To account for revenue earmarked for the improvement of public health.
Parks, Recreation and Properties Funds	To account for revenue earmarked for parks, recreation and properties activities.
Cleveland Stadium Debt Service Fund	To account for the accumulation of resources earmarked for the repayment of debt related to Cleveland Browns Stadium.
Gateway Shared Income Tax Funds	To account for municipal income tax revenue derived from persons employed at the Arena and Progressive Field with 50% of the revenues shared with the other taxing districts in the City.
Neighborhood Development Investment Fund	To account for revenue earmarked for the Neighborhood Development Investment Fund.
Core City Program Funds	To account for revenue earmarked for certain economic and community development projects.
Supplemental Empowerment Zone	To account for revenue from the U.S. Department of Housing and Urban Development Program designed to help rebuild specified urban communities.

SPECIAL REVENUE FUNDS (for budgetary purposes only)

These funds are rolled into the General Fund for Modified Accrual Financial Statements.

Rainy Day Reserve Fund	To account for revenue which is eligible to be used during significant periods of economic downturn.
Schools Recreation and Cultural Activities Fund	To account for revenue from special taxes earmarked for Cleveland Municipal Schools for recreation and cultural activities.

DEBT SERVICE FUNDS

Debt Service Funds are used to account for the accumulation of financial resources for, and the payment of, general long-term debt principal, interest and related costs. The City's Debt Service Funds are described below:

Unvoted Tax Supported Obligations Fund	To account for the accumulation of resources for the payment of General Obligation Bonds of the City. These bonds do not require a vote of the electors, other than self-supporting obligations. They are payable from ad valorem property taxes levied within the limitations provided by law.
Stadium Bond Fund	To account for the accumulation of resources for the payment of the Certificates of Participation (COPS) - Stadium from pledged City taxes.
Subordinated Income Tax Fund	To account for the accumulation of resources for the payment of Subordinated Income Tax Variable Rate Refunding Bonds payable from pledged income taxes.

DEBT SERVICE FUNDS (Continued)

Lower Euclid Avenue TIF	To account for the accumulation of resources for the payment of Economic Development Bonds payable from tax increment financing revenues and a pledge of the non-tax revenue of the City.
Core City Bonds	To account for the accumulation of resources for the payment of taxable Economic and Community Development Bonds payable from non-tax and net project revenues.
Subordinate Lien Income Tax Fund	To account for the accumulation of resources for the payment of Subordinate Lien Income Tax Bonds payable from pledged income taxes.
Urban Renewal Fund	To account for the accumulation of resources for the payment of tax increment Urban Renewal Bonds payable from deposits made in lieu of taxes.
Urban Renewal Reserve Fund	The account is to be maintained at an amount equal to one year's maximum annual debt service on certain Urban Renewal Bonds and can be used to cover any debt insufficiency payable from certain urban renewal bonds.

CAPITAL PROJECT FUNDS

Capital Project Funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds). The City's Capital Project Funds are described below:

Capital/Urban Renewal Bond Construction	To account for all bond proceeds and capital projects costs of bond-funded capital acquisitions, tax increment Urban Renewal Bond issues and construction within the City.
Grant Improvement	To account for capital grant revenues which fund Capital Improvement Projects within the City.
Capital Improvement	To account for miscellaneous revenues which fund capital projects.
Certificates of Participation/Capital Leases	To account for Certificates of Participation (COPS) and capital lease proceeds which fund certain capital funds.
Cleveland Stadium Construction	To account for bond proceeds and capital projects costs of the Cleveland Browns Stadium.

CITY OF CLEVELAND, OHIO

NONMAJOR ENTERPRISE FUNDS

Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private sector businesses where the intent of the governing body is that the expense (including depreciation) of providing goods or services primarily or solely to the general public be financed or recovered primarily through user charges. The City's nonmajor Enterprise Funds are as follows:

Water Pollution Control

The Division of Water Pollution Control is a segment of the Department of Public Utilities of the City. The Division of Water Pollution Control was created for the purpose of providing sewage services to customers and to maintain the local sewer system of the City.

Public Auditorium

The Public Auditorium is a multi-purpose performing arts, entertainment and conference center. It was constructed in the grand opera tradition and features a spacious 21,780 square foot registration lobby, a 10,000 seat auditorium, the 3,000 seat Cleveland Music Hall and 600 seat Little Theater.

West Side Market

The West Side Market provides a public market where Cleveland area residents can purchase a variety of quality foods in a centralized location.

East Side Market

The East Side Market provides a public market where Cleveland area residents can purchase a variety of quality foods in a centralized location.

Municipal Parking Lots

The Division of Parking was established to provide municipal parking within the City's limits.

Cemeteries

The Division of Cemeteries was established to provide interment and cremation services for the City and its neighboring communities.

Golf Courses

The Golf Course Division was established to provide the City and neighboring communities with recreational facilities for golfing and cross country skiing.

INTERNAL SERVICE FUNDS

Internal Service Funds are used to account for the financing of goods or services provided by one department of the City to other departments of the City on a cost-reimbursement basis. The City's Internal Service Funds are described below:

Motor Vehicle Maintenance	The Division of Motor Vehicle Maintenance was established to provide centralized maintenance, repairs and fueling of certain City vehicles.
Printing and Reproduction	The Division of Printing and Reproduction was established to provide printing and reproduction services for all City divisions.
City Storeroom and Warehouse	The City's Storeroom and Warehouse Division provides centralized mailroom service.
Utilities Administration	The Division of Utilities Administration was established to provide administrative assistance to the Department of Public Utilities.
Sinking Fund Administration	The Sinking Fund Administration Fund was established to account for personnel and other operating expenditures related to the administration of the Debt Service Fund.
Municipal Income Tax Administration	The Municipal Income Tax Administration Fund was established to account for operating expenditures related to the collection of municipal income tax for Cleveland and other municipalities.
Telephone Exchange	The Division of Telephone Exchange was established to operate the communications system for the City at minimal cost.
Radio Communications	The Office of Radio Communications was established to operate the 800MHZ radio communication system.
Workers' Compensation Reserve	The Workers' Compensation Reserve was established to account for liabilities related to workers' compensation claims under the retrospective rating policy.

CITY OF CLEVELAND, OHIO

AGENCY FUNDS

Agency Funds are used to account for assets received and held by the City acting in the capacity of an agent or custodian. The City's Agency Funds are described below:

Municipal Courts	To account for assets received and disbursed by the Municipal Courts as agent or custodian related to Civil and Criminal Court matters.
Central Collection Agency	To account for the collection of the Municipal Income Tax for the City of Cleveland and any other municipalities that employ the Central Collection Agency as their agency.
Other Agencies	To account for miscellaneous assets held by the City for governmental units or individuals.

CITY OF CLEVELAND, OHIO
Statistical Section

This part of the City’s comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures and required supplementary information says about the City’s overall financial health.

<u>Contents</u>	<u>Page</u>
Financial Trends	
These schedules contain trend information to help the reader understand how the City’s financial performance and well-being have changed over time.	S3-S6
Revenue Capacity	
These schedules contain information to help the reader assess the City’s most significant local revenue source, the municipal income tax.	S7-S11
Debt Capacity	
These schedules present information to help the reader assess the affordability of the City’s current levels of outstanding debt and the City’s ability to issue additional debt in the future.	S12-S18
Economic and Demographic Information	
These schedules offer economic and demographic indicators to help the reader understand the environment within which the City’s financial activities take place.	S19-S21
Operating Information	
These schedules contain service and infrastructure data to help the reader understand how the information in the City’s financial report relates to the services the City provides and the activities it performs.	S22-S23
Schedule of Statistics – General Fund	S24

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year.

The assessed valuation level for real property in Cuyahoga County is 35% of appraised market value, except for certain agricultural land and public utility property.

Beginning in 2003, the assessed valuation of personal property constituting "inventory" was reduced from 25% of true value to 23%, in 2006 it was further reduced to 18.75%, in 2007 to 12.50%, and in 2008 to 6.25%. The percentage decreased to 0% in 2009 and remains at 0% in 2011.

Electric deregulation took place January 1, 2001. Under prior law, an electric company's taxable production equipment was assessed at 100% of true value, while all of its other taxable property was assessed at 88% of true value. Effective in 2002, the valuation on electric utility production equipment was reduced from 100% to 25% of true value, with makeup payments in varying amounts to be made through 2016 to taxing subdivisions by the State of Ohio from State resources. All taxable property remained at 88% true value.

Note:

The rates presented for a particular calendar year are the rates that, when applied to the assessed values presented in the Assessed Value Table, generated the property tax revenue billed in that year. The City's basic property tax rate may be increased only by a majority vote of the City's residents. Charter millage is consistently applied to all types of property. The real property tax rates for the voted levies of the overlapping taxing districts are reduced so that inflationary increases in value do not generate additional revenue. Overlapping rates are those of local and county governments that apply to property owners within the City.

(1) Gross revenues include operating revenues plus interest income. Beginning in 2001, a minimum of 40% of passenger facility charges, as well as grant funds from the FAA for the new runway, are dedicated to the payment of debt service charges and are included in gross revenues. Beginning in 2007, the Coverage Account was included in the calculation of debt service coverage

(2) Direct operating expenses are calculated in accordance with the bond indenture

Total enplaned passengers	87,695	87,012	83,438	93,772
Water Department				
Water rates per 1st 1000 cubic feet of water used (5)	\$13.76	\$12.58	\$11.59	\$10.63
Average number of water accounts billed monthly (cubic feet)	138,002	133,626	135,675	137,528
Total water collections annually (including P&I)	\$211,302,881	\$210,264,218	\$221,967,799	\$218,285,825
Payments to Cleveland for bulk water purchases	\$19,101,723	\$20,660,824	\$18,093,912	\$18,399,096
Wastewater Department				
Sewer and sanitary calls for service	5,489	7,272	8,021	8,275
After hours sewer calls (hours)	204	185	103	147

- (1) General obligation bond rating.
- (2) Amounts are new construction starts. The majority of engineering and construction projects are multi-year projects.
- (3) Includes entire area serviced by the Division of Vital Statistics (i.e., Cleveland + suburbs).
- (4) Beginning 2007, administratively approved cases no longer included.
- (5) This is the rate for the City of Cleveland residents only.
- (6) Fire Calls was changed to "Fire calls-Incoming for service" and all years adjusted beginning 2004 to reflect all calls for service received.
- (7) Holiday light setup was contracted to an outside agency in 2009 and 2010.
- (8) The City went "live" on a new financial system in January 2010. The new system creates journal entries at the transaction level instead of at the summary level like the prior financial system.
- (9) No program was available for asphalt overlay in 2010 and a new program was implemented for crackseal coating. In 2011 this program ended due to state budget cuts and the asphalt overlay program was again funded.
- (10) 2010 data has been changed. Figures included cases from prior years.
- (11) Street sweeping was limited in 2011 due to state imposed budget cuts.
- (12) Beginning in 2011, the City no longer provides an organized leaf collection program.
- (13) Economic Development grants received were restated in 2011 for all years shown. They include Neighborhood Development Investment Fund, Supplemental Impoverment Zone, Economic Development Funds, Urban Development Action Funds, WIA Grants and Core City Program Funds. Beginning in 2011 WIA Grants were moved to General Government.
- N/A Information not available.

- (1) Includes Dog Kennels, Inspection Garage and House of Corrections.
 - (2) This was a calculated total on all trunk mains [20" diameter and larger] (458.55 miles), distribution mains [16" and smaller] within the City of Cleveland (1301.5 mi.), plus distribution mains within certain suburbs with newly defined service agreements (561.1 mi.) where, by definition, Cleveland owns the local distribution main within the suburban corporate boundaries. The included suburbs are: Bedford Heights, Brunswick, East Cleveland, Euclid, Hunting Valley, Orange, Parma Heights, Shaker Heights and University Heights. What is not included in this calculation is distribution mains in any other direct service suburbs and in master meter communities.
 - (3) In 2010 the City leased one of the golf courses to Cleveland Metropolitan Parks.
 - (4) Closed Platt Station and Luke Easter Station in 2011.
- N/A Information not available.
