MESSAGE FROM THE CHIEF DIRECTOR

Karrie D. Howard

The Department of Public Safety consists of the Divisions of Police, Fire, Emergency Medical Service, Animal Care & Control, Office of Emergency Management, Information Technology specific to Public Safety, Grant Management, Public Safety Forces Recruitment, and additional Public Safety Administration functions designed to support the Department of Public Safety.

Enhancing public safety and building community trust in our safety forces in Cleveland are our primary goals. This combined Public Safety Annual Report provides transparent review of the challenges and success of 2023. Our goal is to provide comparative view of how 2023 measures up to previous years and answer commonly asked questions from the public. Mayor Bibb is steadfast in advancing the future of our city by capitalizing on its existing infrastructure and implementing new and exciting innovations to bring about Cleveland's permanence as a premier city to live, work and play!

Critical steps have been taken to retain our hardworking first responders and attracting quality new professionals to join their ranks. The RISE Initiative serves as a comprehensive strategy to address a national challenge of retaining and hiring new officers. As a direct result of RISE there has been an increased salary for cadets in the police academy, a hiring bonus to new applicants and additional incentives to attract veterans and those with college degrees. We have also invested in existing our officers with a significant retention bonus and an increase to base wages. These investments in people and increasing the maximum age to become a police officer have turned the tide of recruitment and retention. As a result of the above, we held a successful three-day hiring event for which we received over 500 applications. With additional new technology and changes to facilitate strategic intelligence driven policing, we are gearing up to continue the trend towards becoming a safer city for all. There has never no better time to join Cleveland Division of Police.

The Division of Fire has received new ladders and engines, initiating an influx of a new fleet of vehicles. We are in the process of renovating and building new stations, elevating the working conditions for members of the Division. With a class set to begin on March 4th, the division will continue to be fully staffed with men and women ready to respond to your call.

MESSAGE FROM THE CHIEF DIRECTOR

Karrie D. Howard

The Division of EMS also has a new fleet of ambulances equipped with auto-pulse machines and cot-lifts to better serve those in distress. With an increase in pay and hiring incentives such as the paramedic lateral program, full tuition reimbursement to go from EMT to paramedic, the Bibb Administration is investing in the future of EMS.

The Division of Animal Care & Control are also set to receive new vehicles and will be under review for enhancements to work-life quality with a focus to hiring more dedicated staff.

Mayor Bibb is dedicated to our first responders to include Emergency Dispatchers and Safety Telephone Call-Takers. In 2024 we will work to enhance wellness for all first responders. The Department of Public Safety also will continue to enhance community engagement and relations. This report will serve as a guide and challenge to produce a better and brighter 2024.

MESSAGE FROM THE RECRUITMENT TEAM

This past year has been filled with many opportunities to reminisce, learn, and celebrate. In 2023, the Public Safety Recruitment Team officially became a sub-division under the direction of the Department of Public Safety. The team continues to adjust our operations and celebrate the positive outcomes, attracting the best candidates across all of our Public Safety Divisions remains the main focus.

As is happening with the rest of the country, the Cleveland Department of Public Safety is actively working to stabilize, and increase the staffing trends for the Cleveland Division of Police. For years, the Recruitment Team has been working to develop modern ideas to address our staffing levels. New operational concepts have been implemented to overcome these challenges. We have also been assisted by the Mayor's Rise Initiative, by the increase in police salaries and academy pay, and other incentives such as increased pay for applicants with higher education or military experience, as well as retention and recruitment bonuses.

In 2023, the Recruitment Team pushed onboarding numbers to the highest they have been since the team's creation. The team worked countless hours throughout the week, including evenings and weekends, while traveling across the state and multiple other states in the region. These efforts allowed us to reach record-breaking statistics of candidates looking to join the Cleveland Department of Public Safety.

The recruitment team not only attended more college fairs, visited more high schools, and attended the most community events than ever, they also visited recreation centers, libraries, grocery stores, fast food establishments, and many other places across the city to find new applicants.

As the Department of Public Safety works towards improving the onboarding process, recruiting top talent, and increasing staffing levels for all Divisions, the team looks forward to another successful under the leadership of Chief Director Howard.

Sincerely,

The Recruitment Team

YEAR IN REVIEW

Marketing Investments

In 2023, the City of Cleveland partnered with Little Jacket, a local advertising company, to develop marketing guidelines along with a recruitment strategy. Last year, in collaboration with a number of active police officers, the agency completed the discovery phase of the plan, bringing us one step closer to bringing top talent to the City of Cleveland.

Media Engagement

Over the past few months we leveraged our partnerships with television and radio stations conveying a message of opportunity to anyone who wants to serve the public. We also collaborated with Larese Purnell, a local entrepreneur, as well as Josh Cribbs, who featured our recruitment efforts on WOIO and PAL during the Golden Gloves. The team also took advantage of additional engagement opportunities with print outlets and sports teams, and we plan to continue to promote these avenues moving forward.

Community Engagement

The recruitment team engaged the community with every opportunity presented so much that they broke a record for the number of events attended within a year. The Recruitment Team achieved this goal to ensure that everyone knew that the City of Cleveland was hiring and the incredible opportunities available to them if they took advantage of a public safety career. We accomplished this goal by attending college fairs, high schools, community events, and other public platforms that allowed us to speak about opportunities.

Partnerships

In 2023, the Department of Public Safety worked with Civil Service to remove barriers that made applying and staying in the hiring process difficult for applicants. We removed immediate requirements of having a driver's license and high school diploma at the time of filing, making our process more inclusive. Now, applicants can apply and submit those documents later in the process. We also worked with Civil Service and the National Testing Network to adjust the assessments, allowing us to reflect modern demands and increase the number of potential candidates.

YEAR IN REVIEW

Community Relationships

One of our goals is to continue nurturing and increasing our source relationships. Recruitment managers have created a database of community partners who might be a great fit for collaboration this year. Our intention is that community partners serve as a venue and a voice for our targeted recruitment within some regions. Interacting with these agencies on a regular basis will allow the Recruitment Team to collaborate and discuss our efforts, campaigns, and success.

Event Interactions

The recruitment team held rotating information sessions at several Recreation Centers all over the City of Cleveland. These events served as an opportunity to promote career opportunities within the Department of Public Safety and our recruitment process, allowing our officers to engage and build relationships.

Conditioning Camps

This year, the Department of Public Safety and the Recruitment Team established the Public Safety Training Complex as the permanent base for the weekly conditioning camps held. As a result, participation has increased drawing record-breaking numbers of participants.

Recruitment Investments

In 2023, Sgt. Wanda Ocasio-Johns joined the Recruitment Team as our Bilingual Recruiter. Sgt. Ocasio-Johns comes from the Division of Emergency Medical Service and has been instrumental in helping reach the Spanish-speaking community.

YEAR IN REVIEW

Advertising Opportunities

The Department of Public Safety produced a recruitment commercial for the Division of Police promoting hiring opportunities. This commercial produced significant engagement on all social media platforms managed by City Departments, as well as contracted vendors.

Recruitment Event

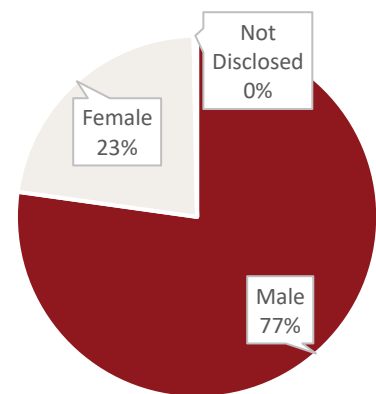

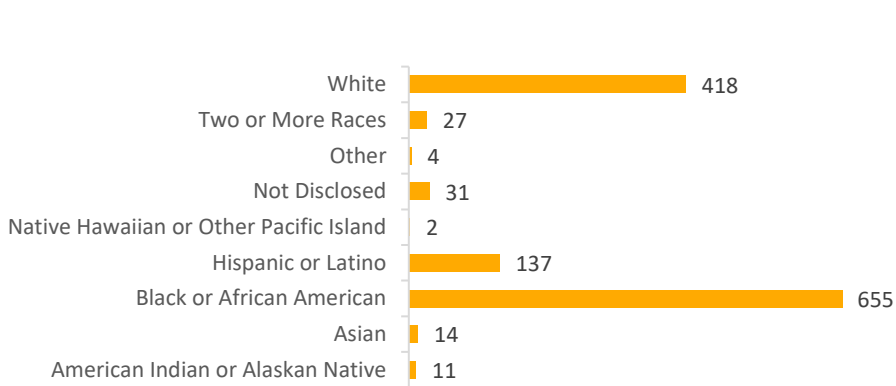

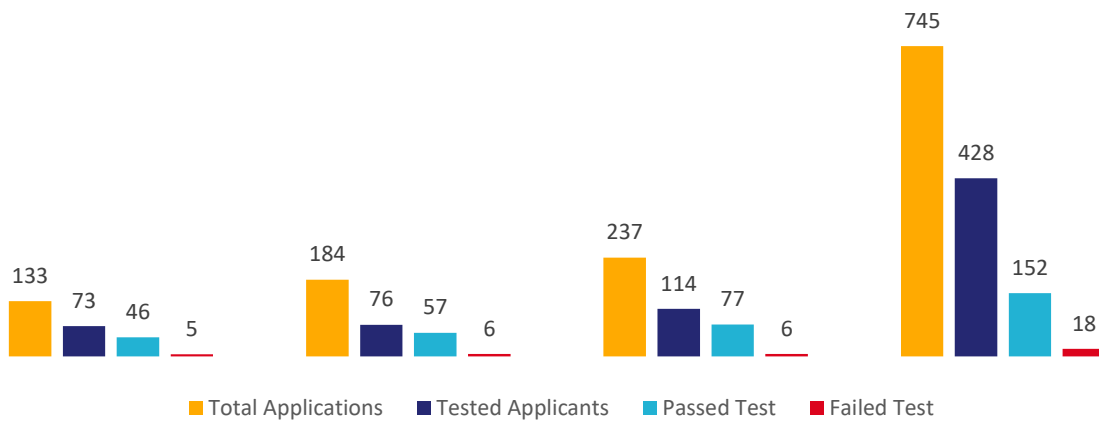

The Recruitment Team and the Department of Public Safety, along with Civil Service, the Division of Police, and other Departments, executed a three-day hiring event. The event attracted over 600 applications online, and more than 300 people attended.

RECRUITMENT STATISTICS

Division of Police

Total Applications: 1,299

The recruitment team has implemented various methods to engage with applicants during the onboarding process. Some methods include increased communication with applicants and collaboration with internal stakeholders. On the other hand, it is important to understand that after an application is submitted, candidates may rescind their application or could be found unfit to join the Cleveland Division of Police. The following graphic shows how applicants move through the first two steps of the hiring process; the application and completion of the NTN Test.

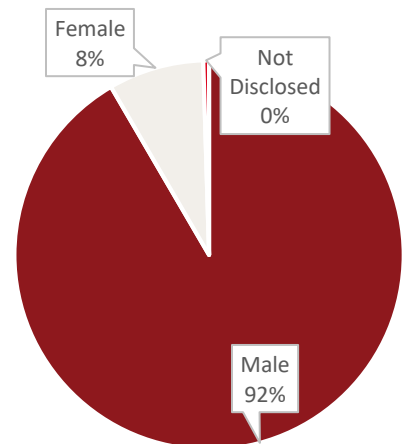

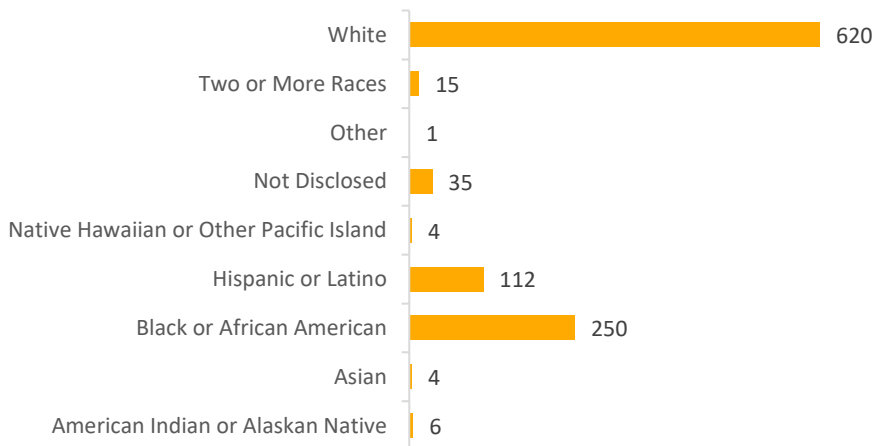

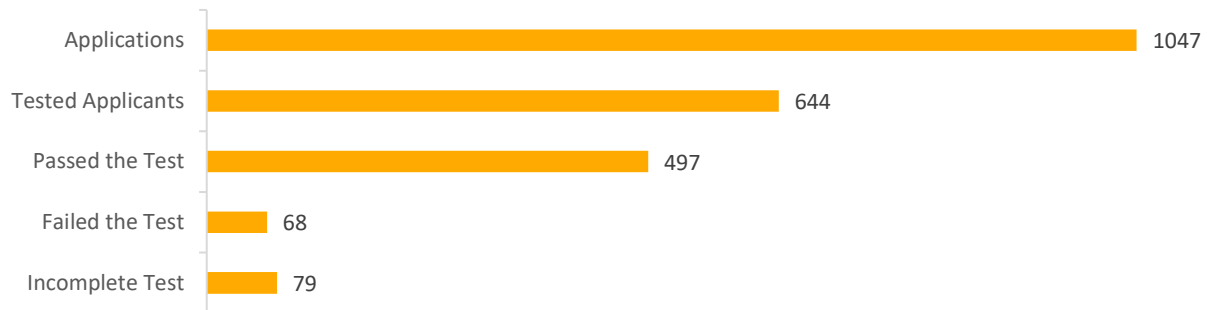

RECRUITMENT STATISTICS

Division of Fire

Total Applications: 1,047

Making sure that the Division of Fire reflects the diversity of our communities is one of the main goals for the Recruitment Team. In order to address this challenge, our team has visited multiple high schools in predominantly communities of color, promoting opportunities to individuals who might not have considered them before. The Department of Public Safety has also decided to receive applications once a year during the summer to ensure graduating seniors can apply for a career in the Division of Fire.

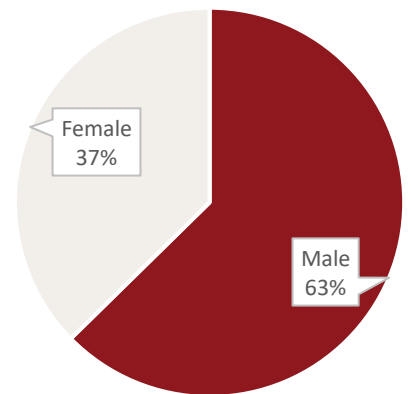

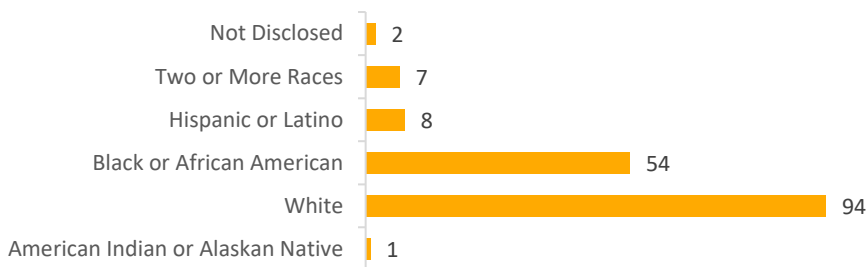

RECRUITMENT STATISTICS

Division of Emergency Medical Service

Recruitment for the Division of EMS is a manageable challenge addressed with year-round applications for paramedics, and with EMS having the ability to certify EMT's. Due to financial and societal challenges, a large segment of our population who would like to serve their communities by joining EMS are unable to do so. Providing tools and opportunities to our citizens is a way for our Division to achieve results, while empowering our citizens to enjoy a lifestyle and profession of service. The Recruitment Team has visited multiple paramedic classes throughout the area providing necessary information on our continuous hiring efforts.

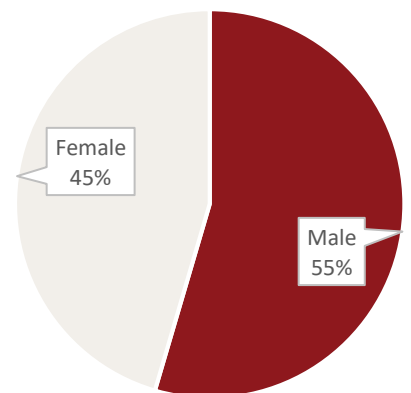

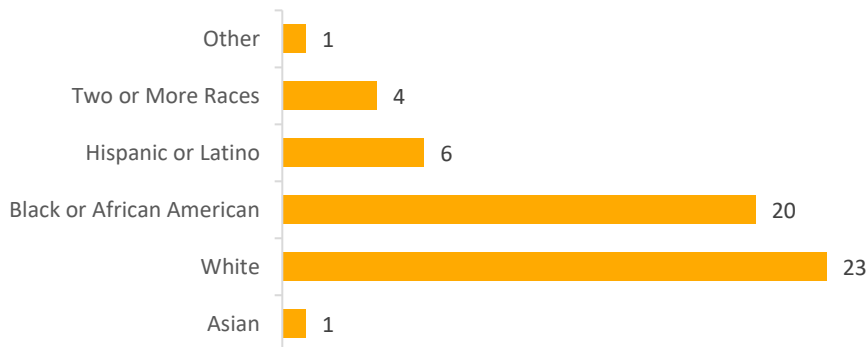

Paramedic

Total Applications: 166

Emergency Medical Technician

Total Applications: 55

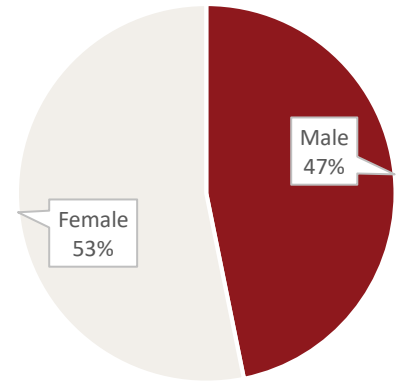

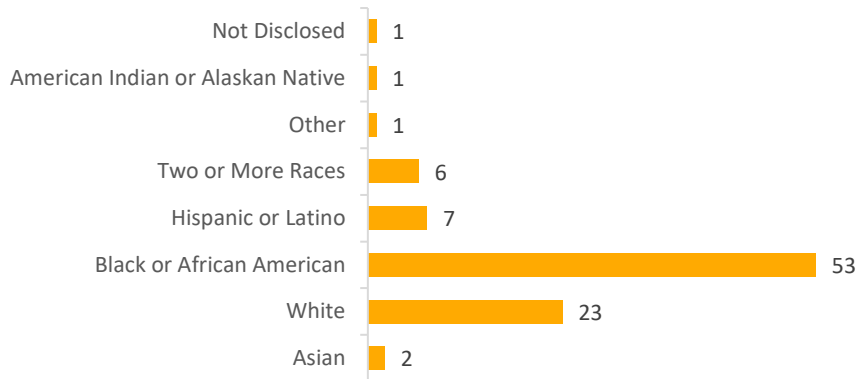

RECRUITMENT STATISTICS

Division of Emergency Medical Service

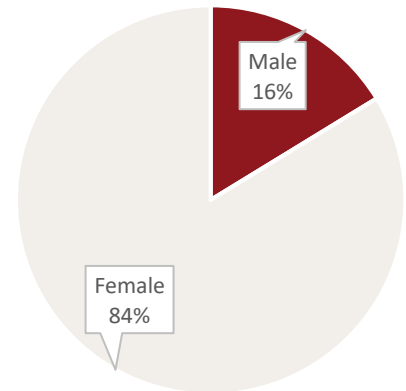

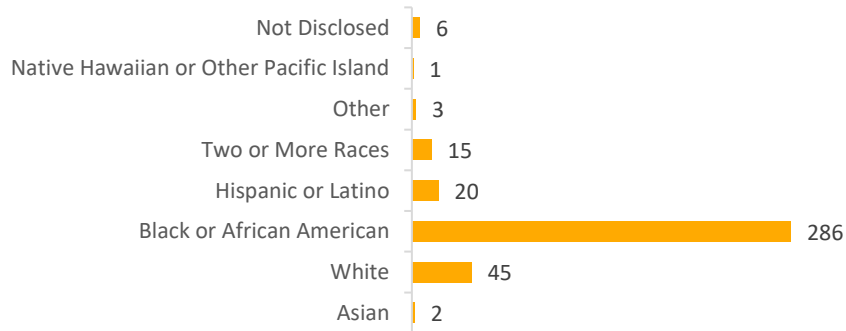

Emergency Medical Technician Trainee

Total Applications: 94

Emergency Medical Dispatcher

Total Applications: 378

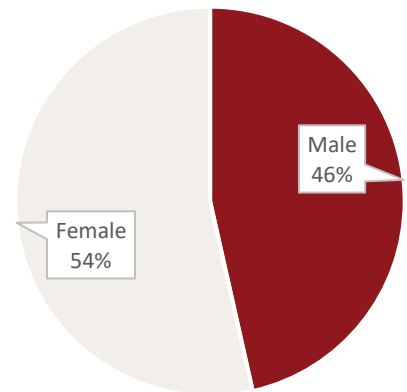

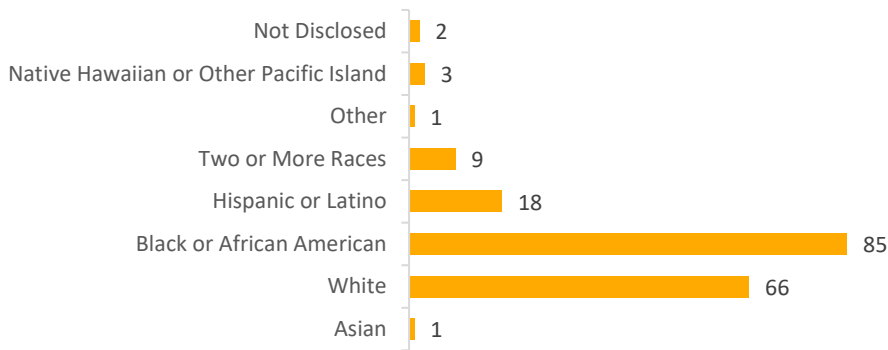

RECRUITMENT STATISTICS

Division of Animal Care & Control

Total Applications: 185

The Public Safety Recruitment Team has been working with the Division of Animal Care and Control to define the most efficient recruitment strategies. Professional opportunities at the Division of Animal Care and Control appeal to certain individuals with particular character and require a specific approach. We have identified several schools in the area that specialize in the career needs for the Division and partnership opportunities such as career fairs and educational sessions have been accomplished. Applications for the Division have been open all year, allowing candidates to submit their interest at any time.

DIVISION OF POLICE

Cleveland Division of Police Mission Statement

The mission of the Cleveland Division of Police is to serve as guardians of the Cleveland community. Guided by the Constitution, we shall enforce the law, maintain order, and protect the lives, property, and rights of all people. We shall carry out our duties with a reverence for human life and in partnership with members of the community through professionalism, respect, integrity, dedication and excellence in policing.

Cleveland Division of Police Values

We, the members of the Cleveland Division of Police, take

P.R.I.D.E.

in the community that we serve.

Professionalism - We take pride in ourselves, our profession and our community. We will be role models for our community by enthusiastically excelling in quality performance.

Respect - We will treat all people with dignity, compassion, courtesy and without prejudice. We will protect the constitutional and civil rights of everyone through impartial enforcement of the law.

Integrity - We hold ourselves accountable to the highest standards of moral and ethical conduct; we maintain public trust by being honest, competent and consistent with our values and actions.

Dedication - We dedicate ourselves to improving the quality of life by developing a partnership with the community and being committed to protecting life and property, thus reducing fear which leads to a safer community for all.

Excellence - We hold ourselves to the highest standards of law enforcement. We will continuously improve the quality of service to the community through education, training and development

Chief's Message

Chief Dornat A. Drummond

Greetings, I am Wayne Drummond, Chief of the Cleveland Division of Police. It is my honor to work with all the dedicated men and women of this great Division. This Division, and its members, proudly serve the Cleveland community with PRIDE. I am proud to be their Chief.

This report highlights the work of the officers of the Division of Police and provides a visual statistical representation of that work to the community. The Division of Police is working towards reducing the number of firearm-related crimes through a multifaceted approach, which includes enhanced partnerships with our local, county, state, and federal agencies.

We have enhanced our ability to join forces with the community in fighting crime through the Safe Smart CLE camera-sharing program. This program allows the community to integrate their cameras into the Real Time Crime Center; this information is used for both public safety and investigative purposes. We expanded the gunshot detection technology software (ShotSpotter) to all five (5) police districts which assists officers with response and investigations into gunshot-related incidents.

We increased our violent crime response through the expansion of the Violent Crime Reduction Details targeting identified high crime hotspots. The Division is laser-focused to target and remove those individuals who are responsible for committing crimes of violence in our community.

We pride ourselves on our community engagement efforts through enhanced foot patrols; the Division completed over 5,000 foot patrols throughout the Five (5) Neighborhood Districts. We are involved in various community-related activities, including Coffee with a Cop, Ice Cream Socials, clothing and toy giveaways.

Our 2024 goal is to continue these efforts for a safer Cleveland and strong community relationships.

Thanks to all those who contributed to this report.

Use of Force Statistics

~~~Data presented in the Use of Force Statistics section is not final and may be subject to further data cleaning, which may impact totals and calculations. ~~~

~~~The data in this section are current as of January 3rd, 2024. ~~~

| | 2021 | 2022 | 2023 |
|---|---------|---------|---------|
| Calls for Service* | 243,940 | 236,400 | 231,817 |
| Arrests | 9,257 | 7,366 | 7,574 |
| Use of Force Incidents | 195 | 211 | 279 |
| % of arrests resulting in Use of Force Incidents | 2.09% | 2.86% | 3.70% |

*Calls Not Included: Camera download for officer, Court, Community Engagement, Fuel/vehicle Maintenance, Lunch break, Park, Walk, and Talk, Put out on reports, Record File Section event, Special Attention, Test event, Training.

Calls for Service Totals by District *

| | District 1 | District 2 | District 3 | District 4 | District 5 |
|-------------|------------|------------|------------|------------|------------|
| 2021 | 44,854 | 49,242 | 46,097 | 56,068 | 39,015 |
| 2022 | 44,430 | 50,030 | 48,220 | 50,465 | 33,938 |
| 2023 | 41,890 | 48,850 | 48,818 | 50,066 | 32,897 |

- Calls for service in top table will not equal totals in bottom table. Codes outside of “District” codes are not listed.
- Other includes calls with the district field coded as: City, D7, D8, D9, D10, and EXP.

Quarterly Use of Force Statistics

Yearly Use of Force by Level

| | Level 1 UOF-
Other | Level 1 UOF -
Firearm Point | Level 2 UOF | Level 3 UOF |
|------|-----------------------|--------------------------------|-------------|-------------|
| 2021 | 52 | 44 | 88 | 11 |
| 2022 | 19 | 94 | 89 | 9 |
| 2023 | 24 | 128 | 115 | 12 |

Use of Force Levels by Definition

Level 1 Use of Force: Force that is reasonably likely to cause only transient pain and/or disorientation during its application as a means of gaining compliance, including pressure point compliance and joint manipulation techniques, but that is not reasonably expected to cause injury, does not result in an actual injury and does not result in a complaint of injury. It does not include escorting, touching, or handcuffing a subject with no or minimal resistance. Un-holstering a firearm and pointing it at a subject is reportable as a Level 1 use of force.

Level-1 Firearm Point is a Level-1 use of force where the only force type was a firearm point. In contrast, a “Level 1 Other” includes all Level-1s that involve any force type that may or may not include a firearm point.

Level 2 Use of Force: Force that causes an injury, could reasonably be expected to cause an injury, or results in a complaint of an injury, but does not rise to the level of a Level 3 use of force. Level 2 includes the use of a CEW, including where a CEW is fired at a subject but misses; OC Spray application; weaponless defense techniques (e.g., elbow or closed-fist strikes, kicks, leg sweeps, and takedowns); use of an impact weapon, except for a strike to the head, neck or face with an impact weapon; and any canine apprehension that involves contact.

Level 3 Use of Force: Force that includes uses of deadly force; uses of force resulting in death or serious physical harm; uses of force resulting in hospital admission due to a use of force injury; all neck holds; uses of force resulting in a loss of consciousness; canine bite; more than three applications of a CEW on an individual during a single interaction, regardless of the mode or duration of the application, and regardless of whether the applications are by the same or different officers; a CEW application for longer than 15 seconds, whether continuous or consecutive; and any Level 2 use of force against a handcuffed subject.

Yearly Use of Force Levels by District

| Year | Level-1 UOF
Other | | | Level 1 UOF–
Firearm Point | | | Level-2 UOF | | | Level-3 UOF | | |

Information and Technology Board

The Cleveland Division of Police, recognizing the need to help its members be more efficient and effective while performing their day-to-day duties, formed the Information and Technology Board (IT Board). Since the inception of the IT Board, various system efficiencies and implementations have taken place. One of the IT Board implementations is a Technology Request Form. The form is used to request new or replacement computers and/or new software or hardware. These requests are received and evaluated for the benefits they will have with the Division and its members. As the IT Board looked at areas of inefficiencies, it was apparent that the Division needed to move towards a digital format replacing our paper processes. Additionally, the Division with guidance from the IT Board, has successfully moved most of our inefficient paper processes to a digital format. Specifically, Missing Person, Hit-Skip, and OH-1 represented the largest paper processes made more efficient by moving to a digital format.

The Information and Technology Board (IT Board) consists of representatives from the Chief's Office, Project Management Office, Technology Integration Unit (TIU), Real-Time Crime Center (RTCC), Crime Analysis, Mobile Support Unit, Data Collection Unit, Bureau of Communications and the Office of Information Technology (OIT).

The mission of the IT Board is to maintain a structure of governance over the Cleveland Division of Police technology, while continually evaluating the efficiency, effectiveness, and applicability of present and future systems. The members of the IT Board frequently evaluate technology proposals and services, determine if existing capabilities meet Division needs, eliminate silos in technology requests and purchases, and make proposals and recommendations to the Chief of Police and Public Safety IT.

Field Operations

Deputy Chief Sammy Morris

The Deputy Chief of Field Operations is responsible for the neighborhood police districts and personnel, responding to citizen calls for service, public order maintenance, traffic flow and control, and the community policing strategies for the Division of Police.

Neighborhood Impact Community Engagement (NICE) Unit

The NICE Unit is a multi-faceted unit focused primarily on the execution of fugitive arrest warrants generated by other investigative units within the Division of Police. Additionally, the NICE Unit is tasked with assisting on the great majority of special events that take place throughout the year as well as weekend entertainment district details.

All enforcement activity falls under the Neighborhood Impact (NI) portion of the name. The unit's Community Engagement (CE) aspect is primarily related to the connection made between the Detectives of the NICE Unit and members of the community with the explicit intent of sourcing information to make a positive change within those communities. By sourcing the community for information in a professional, compassionate and anonymous manner, community members have ownership in the solutions to their problems. Additionally, CE is conducted by the unit as a whole, as well as individual members, in the form of mentorship, charitable activities and other community based events or outreach.

The NICE Unit is regularly tasked with providing either standing Patrol Rifle Officer (PRO) teams or mobile fast response teams for the great majority of events and protests throughout the city. The NICE Unit is the only unit in the city with a specific requirement of PRO status and currently has 13 Patrol Rifle Operators on the roster. The NICE unit is responsible for the extradition of prisoners arrested in jurisdictions outside of 50 miles and within 250 miles of Cleveland, thus relieving the Fugitive Unit and Districts of this responsibility.

Collaboration has been the hallmark of the NICE Unit and in 2023 we have been involved heavily with the United States Marshal's Service (USMS) and the Northern Ohio Violent Fugitive Task Force (NOVFTF) on Operations North Star and CLE-216. While temporarily deputized during these operation, the NICE Unit was responsible for over 100 violent felony warrant arrests spanning, and in collaboration with all districts. This has led to long term TFO status for all Unit members. Additionally, the NICE Unit works hand in hand with all 5 district detective bureaus/VCRTs, the DV and Sex Crimes/ Child Abuse Units, Homicide and other City, State and Federal partners.

Environmental Crimes Task Force

The mission of the Environmental Crimes Task Force (ECTF) is to tackle illegal dumping in the City of Cleveland and the areas served by the Cuyahoga County Solid Waste Management District. In 2024, ECTF will continue to investigate and prosecute offenders using the latest technology and tactics.

With the persistent problem of open dumping of solid waste and scrap tires, one goal of the ECTF is to train local police, deputies, law directors and prosecutors on ways to effectively investigate and prosecute perpetrators of environmental crimes. One example of an investigation conducted in 2023 involved an offender who dumped thousands of tires across the five Police Districts. The ECTF is seeking over twenty felony charges against the offender.

The ECTF also assists neighboring jurisdictions with scrap metal and vehicle scrap theft investigations through the Ohio Organized Crime Commission. The ECTF works under the umbrella of Task Force 22-06, with surrounding municipalities. In 2023, Task Force 22-06 completed a successful scrap metal theft investigation within the 2nd District and neighboring communities.

Bureau of Traffic

The Bureau of Traffic (BOT) is dedicated to ensuring the safety of the citizens, visitors, and vehicular traffic within the city. BOT accomplishes this mission with pro-active traffic control and enforcement.

The BOT is composed of the Motorcycle Unit, the Mounted Unit, and Traffic Controllers utilizing police vehicles, motorcycles (both on and off road), and horses.

Bureau of Traffic

Outstanding Unit of the Year

In 2023, the Bureau of Traffic received the Chief's Outstanding Unit award in recognition of outstanding police service performed by a unit of the Cleveland Division of Police.

The members of the Cleveland Division of Police Bureau of Traffic have consistently provided outstanding service to the community and the Division throughout the year. In 2022, the BOT performed traffic control for approximately 305 special events, several protests/marches, 4th of July fireworks, food banks, the Air Show, street lane closures, festivals, marathon runs, and all parades in the City of Cleveland. In addition to these critical functions, officers assigned to the Motorcycle Unit and the Mounted Unit actively participated in community events, crime fairs, and school events. They fostered meaningful connections with the community through their engagement with horses, motorcycles, and dirt bikes. Furthermore, the officers from the Bureau of Traffic were entrusted with the responsibility of overseeing Presidential motorcades and facilitating visits within the City of Cleveland and surrounding communities, including visits by the President of Ireland, the U.S. Attorney General, the Secretary of Treasury, and other esteemed individuals. One of the most solemn and honorable duties of the Bureau of Traffic is the escorting of fallen officers from the Division and neighboring communities to their final resting places. In 2022, officers from the Motorcycle Unit and the Mounted Unit fulfilled this responsibility with the utmost dignity and respect, escorting two of their fellow officers. The standout event in 2022 for the BOT was "Operation Wheels Down," led by Traffic Commissioner Gordon Holmes. This operation, with the dedication of the Bureau of Traffic officers, other Division members, and external agencies, resulted in fifteen felony arrests, the issuance of thirty citations, the confiscation of fifteen vehicles, and the initiation of follow-up investigations that are still ongoing. The officers assigned to the Bureau of Traffic play a crucial role in ensuring the safety of our residents and visitors during events. They also serve as ambassadors for the Division of Police and the City of Cleveland. The Cleveland Motorcycle Unit and Mounted Unit have significantly contributed to making our community a safer, more inviting place to visit, work, and live.

Bureau of Traffic

Operation Cow Recovery

Officers are trained to expect the unexpected, but no one anticipated getting the call that there was a cow on the loose on the streets of the City of Cleveland. But on Monday, July 10th, 2023, officers of the Fifth District received that call. Officers, with cooperation from the homeowner, were able to corral the cow into a fenced-in yard on East 124th St off of Superior Ave.

Unsure how to proceed, officers on scene contacted Bureau of Traffic Officer Richard Rusnak, whose family raises cows in Medina County. P.O. Rusnak enlisted the assistance of BOT Officer Charles Lipscomb and they responded with a Mounted Unit horse trailer full of hay to attract the slightly malnourished bovine.

The cow, who had an ear tag with the name “Punch”, was conveyed and held overnight at the Mounted Unit and fed with grain and hay until the Happy Trails Animal Sanctuary in Ravenna responded the next day.

No one came forward to claim Punch, so she will now live out her life at the Sanctuary.

Officer Chuck Lipscomb, who works with the police division's Mounted Unit and Motorcycle Unit, was called to bring a trailer to a Glenville home to aid in Punch's rescue. (Photo: John Tucker)

Operation Scooter Recovery

In January 2023, Terry “Tito” Francona, Head Coach of the Cleveland Guardians, had his scooter stolen in downtown Cleveland.

On January 25th, 2023, members of the Motorcycle Unit recovered and successfully returned the beloved scooter to him just in time for him to ride off to Spring Training.

Bureau of Community Relations

The Bureau of Community Relations consists of numerous sections and diverse units, each with distinct mission statements to serve its citizens. Responding to a spectrum of quality-of-life concerns within their assigned areas, officers within the Bureau engage with various responsibilities. Providing an array of free programs, the Bureau administers adult and youth initiatives to benefit the citizens of Cleveland. Additionally, officers actively engage with community, church, and neighborhood watch groups, delivering informative presentations.

The Adult School Crossing Unit oversees, instructs, and supervises school crossing guards, collaborating with school representatives and councilpersons to coordinate assignments. In addition, officers conduct surveys, manage staffing and payroll, and meticulously prepare comprehensive re-

Bureau of Community Relations

The Explorer Program caters to the needs and aspirations of youth ages 14-20, aiming to shape mature, responsible citizens. Drawing on methods refined over half a century of engaging with American youth, this program, under the Boy Scouts of America, goes beyond mere exploration.

In addition to pursuing special interests, The Explorer Program focuses on building character, providing citizenship training, and enhancing physical fitness. Aligned with other groups of its kind, Explorers uphold an oath or promise, fostering values such as responsibility and respect.

Guided by a commitment to holistic development, The Explorer Program invites boys and girls to embark on a transformative journey. Through exploration, character building, and physical well-being, participants are equipped with the tools to thrive in their communities.

The Cleveland Police Auxiliary, open to those aged 18 and above, is an unarmed volunteer program without police powers, active citywide. Volunteers, trained by the Cleveland Division of Police, receive uniforms and equipment, committing a minimum of sixteen hours monthly. They contribute to community events, handle traffic control, and address concerns such as flooded roads and downed power lines.

Crisis Intervention Team (CIT)

CIT is a community based program that brings together law enforcement, mental health professionals, mental health advocates and other partners to improve community responses to mental health crises. It is a partnership between police, mental and behavioral health agencies, advocates, and the community that seeks to achieve the common goals of safety, understanding, and service to individuals in crisis, those with behavioral health issues, and their families.

The Division policy shall be to handle encounters with individuals in crisis in a manner that promotes the dignity of all people while reflecting the values of protection and safety. Individuals in crisis may require heightened sensitivity and additional special consideration. Officers should use reasonable precautions to avoid a violent encounter with individuals in crisis by de-escalating the situation and making every effort to preserve the safety of officers, the individual, and the general public with the goal of having a peaceful resolution of the crisis and connecting the individual to the appropriate community resources for a sustainable recovery.

Crisis Intervention Team (CIT)

Specialized Crisis Intervention Team (SCIT) Officers

The most integral part of the CIT Program is the Specialized CIT officer. Specialized CIT officers respond to the everyday crisis intervention calls and are the catalyst in the intervention process. These voluntary officers are critical in changing the way crisis incidents are handled.

Specialized CIT officers shall initially receive a minimum of 40 hours of enhanced crisis intervention training and a minimum of 8 hours of annual in-service crisis intervention training.

Crisis Intervention Team (CIT)

Co-Responder Program

A Co-Responder team is comprised of a specialized CIT officer and one mental health professional who intercede with individuals in crisis either at the time of the CIT incident (i.e., on scene which is referred to as a "Live Call") or in a follow-up contact. Mental health workers are utilized from FrontLine Service and Murtis Taylor Social Services Center. The overarching goal of the Co-Responder program is to divert individuals with behavioral/mental health issues from the criminal justice system and into appropriate services and programs. A principal component of the Co-Responder program is to increase the number of times a mental health professional is on scene with law enforcement, when necessary, following or soon after a crisis intervention activity.

For on-scene contacts or "Live Calls", the Co-Responder team connects with the individual in crisis once law enforcement has safely cleared the scene. "Follow-up" outreach occurs after the initial crisis has been addressed by law enforcement and a CIT Brazos report has been submitted, often when the Co-Responder team is not available (e.g., after their shift ends or on the weekends). During follow-up, the Co-Responder team will sometimes attempt to focus their efforts on individuals who are repeat utilizers of crisis response incidents involving law enforcement.

| Co-Responder Statistics | 2021 | 2022 | 2023 |
|---|-------|-------|-------|

Sex Crimes / Child Abuse Unit

The Sex Crimes and Child Abuse Unit not only collaborates closely with esteemed organizations like the Cleveland Rape Crisis Center and Canopy Child Advocacy Center but also extends its support through dedicated investigators to task forces such as the Cleveland Sexual Assault Kit Initiative, Cuyahoga County Genetic Operations Linking DNA (G.O.L.D.) Unit, Northeast Ohio Human Trafficking, and Ohio Internet Crimes Against Children. Together, we strive to provide comprehensive protection, support survivors, and create a safer environment for all.

Cartel Gang Narcotics & Laundering (CGNL)

The Cartel Gang Narcotics & Laundering Task Force (CGNL) is a long-standing multiagency major crimes task force composed of over 40 investigators and analysts from multiple federal, state, and local agencies. The CGNL Task Force is led in partnership by the Cleveland Division of Police and the Federal Bureau of Investigation. CGNL is currently Co-Commanded by Lt. Kevin Kincaid from the Cleveland Division of Police and Supervisory Special Agent John Minichello from the Federal Bureau of Investigation. The CGNL Task Force works to identify, apprehend, and prosecute local, national, and international sources of narcotics supply to disrupt and dismantle major organized narcotics trafficking groups and violent criminal gangs operating throughout the City of Cleveland and the Northern District of Ohio.

Cartel Gang Narcotics & Laundering (CGNL)

CGNL's Mission: To identify and target for prosecution local, national, and Transnational Criminal Organizations engaged in criminal activity within the City of Cleveland, the Northern District of Ohio, the United States, and throughout the Western Hemisphere. CGNL targets criminal organizations as a whole using state of the art technology and investigative techniques. Together, members of CGNL work to identify, disrupt, dismantle, apprehend, and prosecute all members of criminal organizations that are profiting from the violent crime, drug overdose deaths, and criminal gang violence throughout the City of Cleveland.

The vast majority of CGNL investigations begin within the City of Cleveland or surrounding suburbs and reach throughout the Northern District of Ohio and beyond. Many high ranking members of the criminal organizations that CGNL investigates do not reside within the City of Cleveland, Cuyahoga County, or the Northern District of Ohio. Criminals profiting most from the bloodshed on the streets of Cleveland often reside in the surrounding suburbs, counties, or outside of the State of Ohio. CGNL utilizes enhanced investigative techniques to identify, disrupt, dismantle, and prosecute the entire criminal organization with a focus on identifying, locating, and prosecuting the highest ranking members of these organizations.

CGNL includes a dedicated Interdiction Team focused on identifying and intercepting narcotics shipments and criminal trafficking organization assets being moved through hotels, airports, bus lines, and other transportation hubs in the CGNL area of responsibility.

The CGNL Task Force has consistently supported and will continue to support our member agencies and other agencies throughout the Northern District of Ohio with intelligence resources, manpower resources, investigative support, special equipment, and other investigative techniques as needed. The CGNL Task Force is a force multiplier for all of our participating agencies. CGNL regularly partners with investigators from participating agencies to support and enhance their investigations with personnel resources, intelligence resources, and sophisticated investigative equipment.

The alarming increase in overdose deaths in recent years is having a drastic impact on our communities. CGNL works closely with the Cleveland Narcotics Heroin Involved Death Investigation Team to prioritize identifying and prosecuting narcotics traffickers throughout the region who are distributing fentanyl products and profiting off of these tragic deaths. Together, CGNL and HIDI conduct community outreach through treatment and prevention efforts by educating the public on the dangers of opioid abuse and providing those suffering from the disease of addiction with treatment information and lifesaving fentanyl testing strips.

The City of Cleveland continues to experience unacceptable levels of violent crime including homicides, shootings, felonious assaults, aggravated robberies, and burglaries. A large amount of these violent crimes can be attributed to drug trafficking, criminal gangs, and the larger criminal enterprises that supply the local drug trafficking organizations.

CGNL Task Force investigations are conducted with direct support and guidance from the United States Attorney's Office and the Cuyahoga County Prosecutor's Office.

Cartel Gang Narcotics & Laundering (CGNL)

CGNL Leadership:

The CGNL Task Force is led in partnership by the Cleveland Division of Police and the Federal Bureau of Investigation. The CGNL Task Force Lieutenant, FBI Supervisory Special Agent, and CGNL Interdiction Sergeant are the Command and Control Element for approximately forty (40) Task Force Officers, Agents, and Analysts from twenty federal, state, and local agencies. Each CGNL participating agency brings a unique and important skill set to the overall investigative team.

CGNL Partnership:

Cleveland Division of Police - FBI - U.S. Attorney's Office - Cuyahoga County Prosecutor's Office - Cuyahoga County Sheriffs - U.S. Coast Guard - Ohio HIDTA - Ohio State Highway Patrol - Ohio BCI - Bedford PD - GCRTA PD - CMHA PD - Ohio Adult Parole - U.S. Border Patrol - Ottawa County Drug Task Force - Moreland Hills PD - Parma PD - Independence PD - Brooklyn PD - North Royalton PD - Shaker Heights PD.

CGNL Intelligence Support:

Intelligence gathered during long term CGNL investigations related to shootings, homicides, robberies, and heroin-involved death investigations is regularly relayed to the proper CDP Investigative Units, surrounding suburb law enforcement agencies, and/or the appropriate regional, state, and federal agencies.

CGNL Task Force Funding:

The CGNL Task Force is primarily funded via HIDTA, OCDETF, and various grants from the State of Ohio. These grants are applied for through and awarded to the City of Cleveland. These funding mechanisms are crucial to Task Force operations and provide the necessary financial support to conduct the long term, complex, and sophisticated investigations required to disrupt and dismantle major narcotics trafficking organizations, criminal gangs, and drug cartel supply chains. Grants provide funding for the day to day functions of the Task Force such as agency overtime reimbursement, equipment, and funding undercover operations. CGNL Investigators are on-call twenty four hours a day and are often required to respond to developing case activity during off-duty hours on extremely short notice. CGNL investigations often lead to members of organized criminal enterprises operating and residing outside of the State of Ohio. CGNL Investigators are sometimes required to travel to carry out investigative functions. The operational costs and overtime reimbursement created by these investigations would not be possible without the various funding streams that the CGNL Task Force utilizes.

Cartel Gang Narcotics & Laundering (CGNL)

OPERATION BREAK THE ICE

OPERATION TRASH PANDA

Crime Gun Intelligence Center(CGIC)

The Crime Gun Intelligence Center (CGIC) is an inter-agency collaboration that includes the Cleveland Division of Police, Bureau of the ATF, and the Crime Strategies Unit of the Cuyahoga County Prosecutor's Office. The CGIC consists of 4 detectives and one supervisor from Cleveland; one supervisor, 7 special agent, and analysts from the ATF, as well as prosecutors and analysts from the Crime Strategy Unit.

The purpose of the CGIC is to disrupt criminal activity, in particular, firearm related crimes. The CGIC focuses on using intelligence driven data and technology to locate trigger pullers and firearms traffickers, and prosecute to the fullest extent, both federally and with local ordinances. By focusing efforts on shooters and traffickers, the CGIC hopes to prevent future violent crimes.

Operation Bomb City

In the summer of 2023, the ATF held a National Integrated Ballistic Information Network (NIBIN) Based Enforcement Initiative (NBEI) to assist Cleveland with reducing violent crime, known as *Operation Bomb City*. This initiative took place over three months in which agents utilized crime mapping based on gun crime trends to focus efforts on areas most afflicted with firearm related crimes.

During the course of the operation, the ATF and Cleveland Division of Police recovered over 250 firearms, including close to 30 machinegun conversion devices (MCD), also known as auto-sears or "Glock switches". Agents also recovered almost 1,800 grams of cocaine, 214 grams of crack, over 3,100 grams of methamphetamine, over 1,700 grams of fentanyl (plus another 777 pills of fentanyl), over 1,100 pills of MDMA, and more. In total 74 targets were charged federally, with 11 charged at the state level.

Northern Ohio Violent Fugitive Task Force (NOVFTF)

The Northern Ohio Violent Fugitive Task Force (NOVFTF) is a federal, state, and local law enforcement task force spearheaded by the U.S. Marshals Service that is dedicated to the pursuit, apprehension, and successful prosecution of violent fugitives with outstanding state and federal warrants throughout the City of Cleveland and the Northern District of Ohio.

The Cleveland Division of Police maintains the largest local agency footprint on the Cleveland Division of the NOVFTF with five (5) full time deputized Task Force Officers conducting Task Force fugitive apprehension operations on a daily basis.

On Monday, January 8th, 2024, sixteen members of the NICE Unit were sworn in and deputized as part time US Marshals TFOs. This expands our partnership with the USMS and provides the NICE Unit with additional resources, support, and technology to enhance their daily fugitive apprehension operations. The NICE Unit specializes in CDP fugitive investigations related to sex crimes offenses, domestic violence offenses, robbery, felonious assault, homicide, and all other warrants of violence generated by CDP District, Violent Crime Reduction Teams and investigative units.

| NOVFTF Arrest Types | 2022 | 2023 |
|-------------------------------------|-------------|-------------|
| Homicide | 70 | 84 |
| Rape | 13 | 25 |
| Domestic Violence | 20 | 37 |
| Door Breach | n/a | 58 |
| Total Arrests for all Crimes | 305 | 514 |

Bureau of Homeland Services

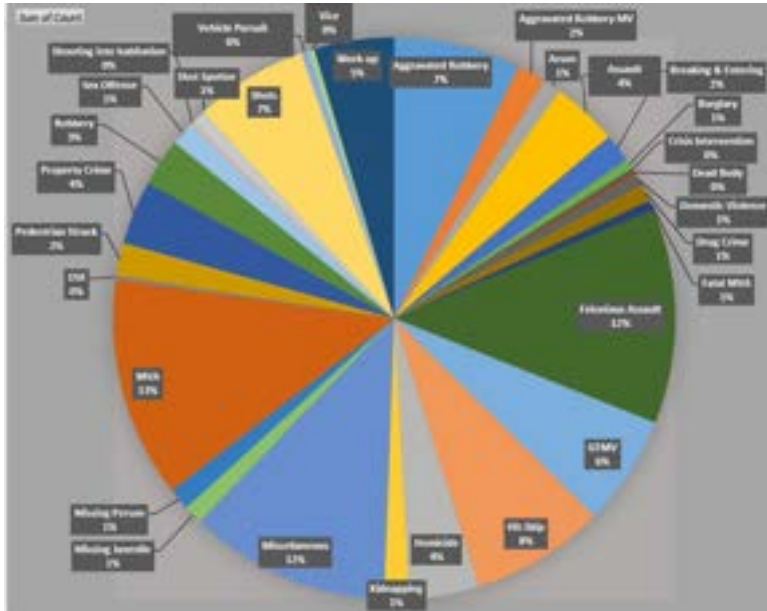

The Bureau of Homeland Services (BHS) supervises assigned investigative, security, and response units and coordinates with safety and security partners throughout the Northeast Ohio region representing the Division on a variety of safety committees overseeing grants and public safety policy issues.

BHS Headquarters participated in future CDP HQ building planning, future Real Time Crime Center move to another location, grant meetings for Aviation Unit helicopter upgrades, and a Marine Patrol boat, participated in quarterly meetings with Cleveland Hopkins International Airport administrators for safety and security enhancements, participated in Public Square safety planning meetings, participated in Cleveland North Coast Lakefront Masterplan safety meetings, Cleveland Urban Analytics and Innovation Data sharing meetings, participated and concluded the four-year U.S. Department of Justice National Public Safety Partnership Program with various Division and local, state, federal public safety leaders.

BHS HQ staff also attended Cleveland Office of Emergency Management weekly planning meetings, monthly Cuyahoga County Emergency Services Advisory Board meetings, Northeast Ohio Region Area Maritime Security Subcommittee Executive and Law Enforcement Subcommittee meetings, FBI Joint Terrorism Task Force meetings, attended quarterly Northeast Ohio Regional Fusion Center Governance Board meetings, quarterly Cuyahoga River Safety Task Force meetings, monthly Cuyahoga County Regional Enterprise Data Sharing System Governing Board meetings, monthly Safety and Security meetings with Downtown Cleveland (formerly DCA), stakeholders, and public safety partners, participated in Cleveland BioWatch Advisory Committee coordination meetings and exercises, participated in Northeast Ohio Flight Information Exchange FAA Data Sharing planning meetings, participated in the City of Cleveland Veteran's Day planning group, participated in monthly U.S. Department of Justice Northern Ohio Violent Crime Consortium Executive and Regional Crime Analysis Task Force meetings, Cleveland Homicide Review Commission meetings, participated in local and regional events and exercises with various private, local, state, and federal safety partners, attended U.S. Secret Service executive protection training, coordinated security support for a U.S. Navy ship at the Port of Cleveland, and supported numerous CDP neighborhood violence reduction initiatives throughout the year.

Real Time Crime Center (RTCC)

The mission of the Real Time Crime Center (RTCC) is to provide video review to Officers and Detectives immediately following the report of a crime, to analyze crime information providing leads for incident resolution and to provide situational awareness during protests and high security events.

Bomb Squad

The Division of Police Bomb Squad spent 2023 actively training members in order to maintain mission capability and readiness. Two members of the Squad attended the Hazardous Devices School in April and gained certification as Public Safety Bomb Technicians.

Special Events and Call-Ups kept the squad busy, as well as ordnance disposal, fireworks disposal and continual professional training. The squad trained with local and federal partners to maintain communication and familiarization with local squad operations and best practices. One member attended the annual Commanders Conference in Huntsville, AL to remain familiar with best practice and professional training standards in the bomb community of technicians. One member also trained with Level 3 Regional Stabilization Team to gain knowledge and assist in response to potential nuclear and chemical threats in the area. In November, two more members attended the Hazardous Device School and gained certification as Public Safety Bomb Technicians.

The Division of Police Bomb Squad remains ready to respond to any incident involving explosives or potential hazards not only in the City of Cleveland, but in the greater Cleveland area.

| | 2021 | 2022 | 2023 |
|-------------------|------|------|------|
| Incidents | 24 | 16 | 16 |

| Sergeants | 2 | 2 |
| Patrol Officers | 7 | 7 |

Incidents include call-ups for improvised explosive devices, suspicious packages, recovery of UXO/ fireworks, clandestine laboratories, tactical support for SWAT, post blast investigations, etc

Activities include special events, dignitary protection missions, UXO/fireworks disposals, EOD/ canine sweeps, community demonstrations, etc.

Marine Patrol & Dive Unit

The City of Cleveland was awarded a grant in 2008 for a new 27ft Boston whaler through the Northern Boarder Initiative. At the time, the Marine Patrol was solely a Marine Patrol Unit. The 27' Boston Whaler Vigilant used by the Cleveland Department of Police Marine & Dive unit has been in service since 2008. Since then there has been some updates. The most recent is the Mercury Marine 300 hp Verado engines, with this upgrade this vessel should serve as a patrol platform for years to come.

The introduction of the 33ft Safe Boat to the Marine Dive unit will enable the Unit to respond to emergencies in weather the 27 ft Boston whaler is unable to handle.

As the 2008 27ft Boston Whaler is a great patrol platform it is not suited for dive operations. The 2008 27ft Boston whaler is not suited for multiple divers and their equipment. The Safe 33 Full Cabin with add optional equipment for Navigation, search & rescue, recovery, dive operations and towing fit a multiple unit mission. The introduction of the Safe 33 Full Cabin will put the Cleveland Department of Police Marine Patrol Unit into a safe and more stable and up to date work platform.

In 2010 the Cleveland Police Dive Unit was formed and works with members of the Marine Patrol Unit.

Canine Unit

The Cleveland Division of Police Canine Unit currently consists of six (6) highly trained dog teams. They support all 5 neighborhood districts and specialize units throughout the division. Their capabilities include and are not limited to Narcotics detection, explosive detection, firearms and currency detection, tracking for suspects and missing people, building searches, article searches and community engagement. The Canine Unit operates 24 hours a day and seven days a week. When the Canine Unit teams are not on a call-up for one of the mentioned specialties, they are out patrolling the neighborhood districts and assisting with calls for service.

| Canine Unit Stats | 2022 | 2023 |

Canine Unit

Canine Agility Course

The Canine Unit was able to obtain a K9 obstacle/agility course through the City of Cleveland. It is located on the grounds of Cleveland Hopkins Airport and spans over 200 yards with 10 obstacles for the K9's to navigate. Each obstacle is designed to be job related and specific to their daily duties. The obstacles include balance, climbing, jumping, navigating low or high areas, entering through enclosed openings and speed to name a few. These obstacles keep our K9's in top physical condition along with giving them motivation and confidence in order to complete their daily mission.

K-9 Ciro

K-9 Deke

K-9 Baker and Handler P.O. Jim Dunn Retire

The Canine Unit retired one of its teams, P.O. Jim Dunn and K9 Baker, on January 2nd 2024. This explosive K9 team had over 687 deployments. They included assisting the neighborhood police districts and specialized units. They also included performing explosive sweeps for hundreds of large and small scale events such as NFL,NBA,MLB games, The NFL Draft, NBA All Star Game, MLB All Star Game, Rock and Roll Hall of Fame Induction Ceremony, Presidential Debate, and St Patrick's Day Parade to name a few. CDP sends Baker and P.O. Dunn best wishes in a well-deserved retirement.

Administrative Operations

Deputy Chief Daniel Fay

The Deputy Chief of Administrative Operations is responsible for the bureaus and functions that assist the Chief of Police in maintaining the day-to-day operation of the Division of Police.

Training Section

In **2022** officers of the Cleveland Division of Police completed **56 hours** of in-service training in the following areas ...

- **Firearms training - 8 hours**
Pistol – State Requalification
Shotgun –State Requalification
Patrol Rifle Familiarization
- **Cultural Humility : Diversity, Equity, and Inclusion** - This curriculum bridges the gap of the historically cognitive subject matter of diversity and inclusion and the practical application of problem solving and working in partnership - **4 hours**
- **Crisis Intervention - 4 hours**
- **Taser Transaction**
On-line covering functions, nomenclature, policy and application - **8 hours**
In-class covering practical use and scenarios of the Taser 7 - **8 hours**
- **Use of Force, Bias Free, and Search and Seizure Policy on-line training - 4 hours**
- **Scenario Training - 8 hours**
 - Use of Force
 - Bias Free
 - Search and Seizure
- **Combined Active Threat Response Training** - Refresher training on Rapid Action Immediate Deployment (RAID) training. New training involving a combined rescue team response with Cleveland Division of Police, Cleveland EMS, and Cleveland Division of Fire
Classroom, small group exercises - **8 hours**
Practical and walk through - **4 hours**
Scenarios, single officer response to Active Threat and Critical Care - **4 hours**
- **QPR (Question, Persuade, Refer) - 2 hours**
- **ABLE (Active Bystandership for Law Enforcement) refresher - 2 hours**

Training Section

During 2023, the Division provided **40 hours** of in-house continuing professional training, complemented by **24 hours** of mandated Ohio Peace Officer Training Commission (OPOTC) online coursework through OPOTA Online. Additionally, online assignments were provided throughout the year, addressing policy updates and procedural changes, ensuring our officers stayed abreast of the latest developments in law enforcement.

Annual In-House Training Sessions:

- **Session I (8 hours):**
 - The Training Section developed and delivered crucial crowd management training while conducting a comprehensive inventory of all officers' Personal Protective Equipment (PPE). This session, encompassing policy updates, PPE fitting/inventorying, and field force maneuvers, aimed to enhance officers' preparedness for diverse situations.
- **Session II (24 hours)** This extensive session covered a range of topics:
 - **High-Stress Firearms Scrambler Exercise:** For the first time, a high-stress and critical-thinking firearms scenario was introduced to all Division members, enhancing their decision-making skills under pressure.
 - **Low-Level Light Scenarios:** Building upon the prior year's training, two low-level light scenarios were conducted to refine officers' handling techniques in challenging lighting conditions.
 - **Crisis Intervention Training:** A focus on suicide awareness and response was integrated, ensuring officers were equipped to handle sensitive situations with empathy and professionalism.
 - **Community and Problem-Oriented Policing:** This session provided valuable insights into our Division's Policy and CPOP data collection strategies. Officers gained practical knowledge and skills to succeed in community engagement and Problem-Oriented policing efforts.
 - **Taser 7 Recertification and Use of Force Policy:** A four-hour module focused on Taser 7 handling techniques and key aspects of the Use of Force policy. The session included a roleplay scenario-based evaluation, enhancing officers' practical skills and certification deployments.
 - **Critical Injury First Aid and Narcan Administration:** Officers received training in administering critical injury first aid and Narcan, reinforcing our commitment to public safety and emergency response.
- **Session III (8 hours + Online Learning Assignment):**
 - An e-learning assignment reviewed the essential Use of Force, Search and Seizure, and Bias-Free Policing policies, delivered through our Learning Management System.

The in-person session included integrated reality-based scenarios assessing various aspects of use of force, search and seizure, and bias-free policing policies. Real video scenarios were reviewed, emphasizing key policy aspects and promoting ABLE strategies and intervention techniques

Training Section

Academy Classes:

The Training Section successfully graduated the 152nd Academy class while initiating the 153rd and 154th Academy classes. These academies, demanding nearly 1,100 hours of training mandated by the State of Ohio and CDP, represent our dedication to shaping the next generation of skilled law enforcement officers. All graduates from the 152nd Academy Class are currently in the Field Training Program.

Field Training Program:

In 2023, a total of 36 Division members from Academy Class 148, 150, and 151 successfully completed the Field Training Program (FTP). Additionally, ten dedicated Division members achieved certification as Field Training Officers (FTOs) through a voluntary application process, including a rigorous panel interview. This comprehensive evaluation encompassed a thorough review of their work history, supervisor recommendations, accolades, disciplinary records, use of force instances, community engagement activities, and other pertinent factors.

These certified FTOs contribute significantly to our extensive pool of Divisional trainers and eagerly anticipate guiding the upcoming graduates of the Academy. Furthermore, the Field Training Program is currently undergoing updates and amendments to align with current training demands. These modifications result from recommendations by the Training Review Committee (TRC), insights from national best trends, and the invaluable input of an internal CDP committee comprising diverse Division members.

Leadership In Police Organizations

Cleveland Division of Police 6th Leadership in Police Organizations Graduating Class Spring 2023 Session

The Cleveland Division of Police is committed to developing its leaders through the 'Leadership in Police Organizations' (LPO) course by the International Association of Chiefs of Police (IACP). In 2021, the Division certified four LPO graduates as instructors in an intensive two week certification process, expanding the course's availability to CDP members.

The LPO course is highly interactive, emphasizing applied learning and practical leadership strategies. LPO requires attendance for one week a month for three consecutive months, in which participants gain skills to influence behavior and drive positive change at all levels. Attendees spend considerable time outside of the classroom developing final projects to present before graduation. Graduates are encouraged to commit to lifelong leadership development.

In 2023, the Division graduated its sixth cohort of members, for a total of approximately 180 members overall, who have completed the LPO course and undertook innovative capstone projects to address critical issues within the division.

This demonstrates our commitment to driving positive change.

Lieutenant Jacquelyn Bennett
 Commander Mark Maguth
 Commander Jarod Schlacht
 Captain Renee Kane

Expedited Hiring Event

The Expedited Hiring Event was on December 15, 16, and 17th 2023. It was the first ever of its kind provided by the City of Cleveland Public Safety and City of Cleveland Civil Service. This event brought many City departments together, such as the Cleveland Division of Police (Academy Unit, Personnel Unit, Gym Staff, Photo Departments, and Crime Scene), Public Safety Recruitment Team, IT department, Public Safety Admin, Department of Public Safety, Civil Service Commission, Human Resources and many more partners.

It was a three-day event, but you could complete everything in one day. It was put together to help a Cleveland Division of Police potential candidate complete multiple steps of the hiring process. These steps are usually spread out throughout a couple of months. By attending this event and completing the various stages candidates would receive a pre-conditional offer.

The Hiring Event stages included Application, NTN exam (National Testing Network), Physical Fitness Assessment, Personnel pre-screening and Background Information, Fingerprints, Photos, Medical and Psychiatric Exam scheduling, and finally Pre-Conditional Offer. Depending on what you completed before the event is where you started the day of the event. For example, if you completed the application and NTN testing before your arrival, that information was verified by Civil Service and you moved to the next step in the hiring process and continued until the final step of the day which was the pre-conditional offer.

The Hiring Event was successful and yielded the following numbers:

From Friday, December 15, through Sunday, December 17, 2023, 361 aspiring officers attended the event; 250 tested for NTN, of which only 45 failed. 257 participated in the PFA, of which 103 passed on the initial attempt. With a total of 256 pre-conditional offer letters distributed. The application numbers continued to climb after the event and brought our 4th quarter application totals to over 670 applications.

Totals from Weekend:

361 Participants
250 Tested with NTN
205 Passed NTN
45 Failed NTN
19 Rejected in Interviews
103 Passed PFA

257 Participated in PFA
154 Failed Initial PFA
256 Pre-Conditional Offers Distributed

Bureau of Communications and Property Control

The Bureau of Communications and Property Control is responsible for the Cleveland Division of Police's 911 Communications Center, the Property Control Section which includes the Evidence Room, Forfeiture Unit and both Vehicle Impound and Custodial Unit lots; and the Logistics Section which includes Vehicle Maintenance, Mobile Command Vehicle and the Mobile Support Unit.

The BOCPC has over 150 personnel assigned and responsible for processing over 600,000 calls for service every year, on average, for the City of Cleveland. It is also responsible for processing and housing thousands of pieces of evidence related to criminal cases. It is responsible for all police vehicles assigned to the Division, including their maintenance and upkeep, as well as, technology related to the vehicles. The Mobile Support Unit is responsible for the mobile data terminals (MDT) and automatic vehicle locator (AVL) systems in each police vehicle, as well as the wearable camera system (WCS) hardware, software and the redaction of tens of thousands of WCS videos for public records requests.

The mission of the BOCPC is to ensure that every call for service and every piece of evidence is handled with professionalism, integrity and respect for the citizens and victims of the City of Cleveland.

Mobile Support Unit

In 2023 the Mobile Support Unit completed the transition from AXON Body 2 camera to the AXON Body 3 camera which included the installation of new docks as well as a transition training class for all officers within the Division. MSU installed the first 125 of AXON Fleet 3 Dash Cameras and began training the Division on operation of that system.

MSU also completed 1,087 Public Information Requests for body/dash camera video redaction and created and shared more than 8,470 cases which were shared to County/City Prosecutors, as well as various other outside Law Enforcement Agencies.

Employee Assistance Unit

Chaplain Program

The Cleveland Division of Police has nineteen Chaplains from a variety of denominations and backgrounds and hold the honorary rank of Captain of Police. The Chaplains work closely with the Division's Employee Assistance unit. The Chaplains volunteer their time to provide emotional and spiritual support for our members and their families as well as the Community. The Chaplains are licensed members of clergy, trained, empathetic and willing to respond to high trauma incidents.

The Chaplains periodically attend roll calls, visit injured or ill members, assist at Post Critical Incident Debriefings and provide spiritual counseling upon request.

The Chaplains serve in various ceremonial functions, give invocations and benedictions, attend memorial services, promote activities within the community and attend social events.

The Chaplains continue to offer support to the families of Fallen Officers and have officiated funeral services of active and retired members.

The Chaplaincy Program is a great resource for the members of the Cleveland Division of Police offering encouragement during times of personal and work related stress. The Chaplains are active, willing to serve, they comfort members and maintain the clergy confidentiality.

Police Support Dog Program

On August 23, 2023, Apollo, the Cleveland Division of Police Support Dog, celebrated his First Birthday. Thank you Apollo and Handler Christopher Porter for your service.

Ceremonial Unit

Pipes and Drums of the Cleveland Police

The Pipes and Drums of the Cleveland Police, formed in 1996, serves as the musical component of the Ceremonial Team representing the Division and the law enforcement community of Greater Cleveland. The band has performed over 1,000 times at ceremonial events, parades, and civic functions. They have performed throughout northeast Ohio, United States, Canada and Ireland; including Arlington National Cemetery (Tomb of the Unknown Soldier Rotunda), Wreath Laying ceremony at the World Trade Center site (Ground Zero), NYPD 9/11 Memorial Parade service and Concerts, City of Chicago Downtown and South Side St. Patrick's Day parades as well as the famed Carnegie Hall. The members travel at their own expense, practice on their own time, purchase their own instruments and perform in support of countless charitable causes and civic events.

In addition to supporting charitable causes and civic events, the primary mission of the Pipes and Drums is the act of rendering final honors to police officers throughout Ohio and surrounding states who die in the line of duty, and members of armed forces from our region killed during service to our country when they are returned home for being laid to rest.

Cleveland Police Honor Guard

The Cleveland Police Honor Guard ensures that all appropriate courtesies are rendered at the funerals and memorial services for active and retired police officers, especially those who die in the line of duty. Additionally, they represent the Division at civic functions, parades and sporting events by serving as its color guard, and with its precision marching and drill.

West Park Cleveland Police and Firefighters Memorial

The West Park Cleveland Police and Firefighters Memorial was built to honor the brave officers who lived in or died in the line of duty in the West Park Neighborhood of the City of Cleveland. The Memorial ensures the sacrifices made by these brave officers does not go unnoticed or unappreciated by those they sought to serve. It honors the families of these officers by providing a sacred space for introspection and remembrance. In conjunction with this Memorial, funds have been established for scholarships for surviving children of these officers and the ongoing maintenance of the memorial. The sculpture was underwritten through generous donations by family, friends, organizations and businesses.

Each year on the Second Sunday of September, the Cleveland Heroes Run takes place to fund the maintenance and scholarships of the Memorial. The run takes participants on either a 5-mile run or 2-mile run/walk through the local community. Each person sets his or her own pace and everyone has won before the event has even begun. Both races start and finish at Saint Joseph's Academy in Cleveland. The 5-mile course runs through the Cleveland Metroparks. The 2-mile run/walk runs on Rocky River Drive.

Officer Charity Spotlight

Christmas for Kids

With help from generous donors, Patrol Officer and First District Community Engagement Officer Kerry Adams made it her mission to provide Christmas gifts to as many kids as she could. Over the course of multiple community events, including a Shop With A Cop event, with the assistance of other First District personnel, she was able to provide gifts to over 200 children.

Food for the Hungry

On Friday, August 25, 2023, Cleveland Police Officers and Cleveland Firefighters played a charity softball game at historic League Park to benefit St. Herman's House of Hospitality. The game generated various food donations for those in need in our community.

Cleveland Police Museum

Inspired by a visit to Scotland Yard's Black Museum in London, England, Cleveland Police Detective Robert Bolton convinced Chief William Hanton that Cleveland should have its own police museum. Subsequently, The Cleveland Police Historical Society was incorporated in May 1983 as a 501 (c)(3) non-profit organization.

The Cleveland Police Museum opened in June 1983 and originally consisted of 1200 sq. ft. of space on the first floor of Police Headquarters in the Justice Center. The museum featured exhibits that documented the history of the Cleveland Police from its inception in 1866. In the first seven months, 3,000 visitors toured the museum. By the end of 1984, the museum's guest book recorded not only local visitors but many from across the U.S. (including Alaska and Hawaii), and 14 other countries as well.

Scholars and researchers, ranging from local and out-of-state schoolchildren to PhDs visit our museum. The CPHS established its website and e-mail in 1999, which has resulted in contacts from local areas as well as many of the United States; including Pennsylvania, Maryland, Texas, Massachusetts, California, Kentucky, New York, Wisconsin, Indiana, Arkansas, and Louisiana. In addition, The CPHS has responded to electronic inquiries from people in Canada, Serbia, England, Germany, Argentina, The Netherlands, Indonesia, and Malaysia.

Cleveland's police museum continues to be one of the few law enforcement museums open to the public in the United States and has influenced police departments in other communities to create collections that relate to their own histories. The CPHS is unusual among similar organizations in that it works in cooperation with, but does not come under the control of, the Cleveland Division of Police. *Financial support comes from membership dues, donations, and grants from various government agencies and private organizations.* The CPHS receives no tax funds from the City of Cleveland, State of Ohio, or the Federal Government.

In over thirty years of operation, The Cleveland Police Museum has grown from that initial sparse 1,200 sq. ft. to nearly 4,000 sq. ft. of exhibits, offices, and storage. The CPHS publishes a newsletter – The Hot Sheet; operates a museum store – The Cop Shop; and supports this site as well as a Facebook page.

Hours of Operation

Wednesdays and Thursdays from 10 am – 2 pm.

Tours are also available by appointment;

Admission is always free

The Cleveland Police Museum • 1300 Ontario Street • Cleveland, Ohio 44113 • 216.623.5055

Cleveland Police Museum

Returning Officers

The following officers separated from the Division and chose to rejoin the ranks of the Cleveland Division of Police in 2023.

We thank you for your return and appreciate your service.

P.O. Matthew Diffenbacher #271 returned from Elyria Police Department

P.O. William McConnell #2199 returned from Columbus Police Department

P.O. Theresa Crews #1233 returned from Columbus Police Department

P.O. Ar'Shaun Johnson #827 returned from Euclid Police Department

P.O. Victoria Shucofsky-Popa #555 returned from Shaker Heights Police Department

P.O. Jaimie Rossoll # 1699 returned from Westlake Police Department

P.O. Tyler Poff #1029 returned from Sheffield Lake Police Department

P.O. Adrian Calhoun #218 returned from Cleveland RTA Police Department

#1873 Jonathon Selleny returned from South Euclid Police Department

In Memoriam

The following retired/active officers passed away in 2023.
 May they all rest in eternal peace.

Thank you for your support

The Crime Stoppers Program began in 1977 from the efforts of local police departments and the Cuyahoga County Chiefs of Police Association. Crime Stoppers encourages members of the community to assist local law enforcement agencies in the fight against crime by overcoming the two key elements that inhibit community involvement: fear and apathy. Crime Stoppers is comprised of diverse, active and dedicated community representatives. Crime Stoppers provides a method for local law enforcement to receive information on crimes. These efforts increase tips, which in turn increase arrests in our community.

Crime Stoppers provides a telephone number, Text Tips and Web Tips to encourage citizens in the community to volunteer vital information helpful to law enforcement agencies to fight against crime.

CASH REWARDS UP TO \$5,000.00

Crime Stoppers relies on volunteer directors and tax deductible contributions from the public in order to operate the administration of the program. Callers can remain anonymous and are eligible to receive a cash reward if the information given leads to an arrest or grand jury indictment of a felony offender.

DIVISION OF FIRE

MESSAGE FROM THE CHIEF

Anthony Luke

It is my honor and pleasure to present the 2023 Cleveland Division of Fire Annual Report. This report highlights the dedication and determination of your Firefighters service to this community. Each day your Firefighters respond to a wide variety of calls for service across the city with only one mission; aid those in need to improve the lives of residents and visitors to this city.

In 2023 the Division of Fire looked back at our history while striving forward into the future. We honored the legacy of Anthony J. Celebrezze and what his service meant to this community through a decommissioning ceremony of the Fireboat carrying his name. We also honored the legacy of Garrett A. Morgan, an inventor of world renown who made his home right here in our community, by naming our new Fireboat after him that will carry a reputation of service into the future.

The Division of Fire also broke ground on a new Fire Station that will service the Mount Pleasant & Kinsman neighborhoods. This new facility will include public meeting spaces to make this the community's house and a place where we can interact with the residents on a non-emergency basis while providing value added services to improve their daily lives.

In 2023 the division obtained grant funding that will allow us for the first time to provide carbon monoxide detectors free of charge to city residents. In addition to a renewed effort in our smoke detector distribution program, this will make sure that all city residents are protected within their personal residences from the ravages of fires.

The service provided by Division of Fire personnel continues to be exceptional with a focus on our citizens. Your Firefighters are always looking for ways to increase our service to you while we provide the protection and security that you have come to expect. We are the watchers on the wall that you can count on 24/7/365 to be there when you need us.

Humbly in Service,

Anthony Luke
Cleveland Division of Fire

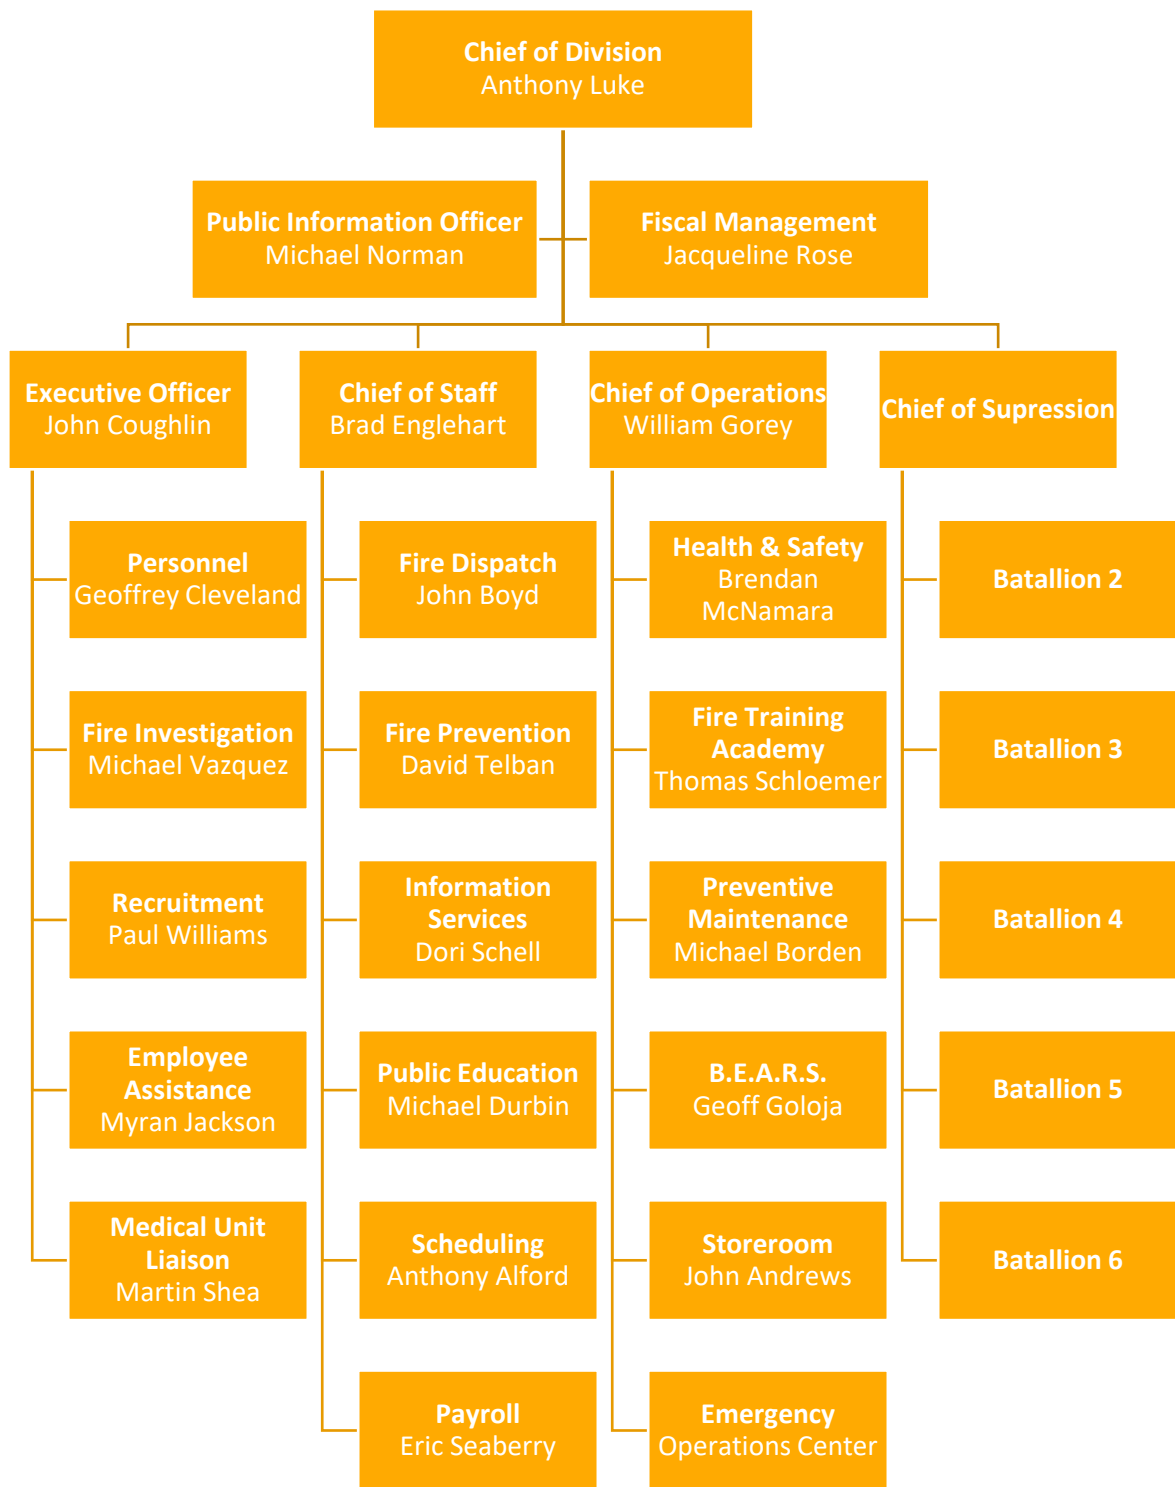

MISSION

The mission of the Cleveland Division of Fire is to protect life, property and the environment. Beyond stopping and preventing the spread of fire, the Division responds to investigate fires, provide medical care, manage hazardous material incidents, rescue operations and vehicle accidents.

FLEET STATUS

The Cleveland Division of Fire has 42 frontline suppression apparatus in service at all times. Frontline apparatus types include:

Engines

These apparatus have on board water tanks of up to 500 gallons. They carry complements of fire hose of various lengths and sizes along with supplemental equipment used to mitigate a wide range of various emergencies.

Ladders

These apparatus have on board hydraulically powered aerial ladders reaching over 100 feet in length used to provide exterior access to the 2nd-10th floors of structures. These apparatus also carry a complement of hand operated ground ladders extending up to 40 feet in length along with an extensive complement of power tools and equipment to operate on the scenes of various emergencies.

Squads

These apparatus are primarily used to transport personnel and specialized equipment to the scenes of various emergencies. The CDF's inventory of specialized equipment used to initiate specialized rescues at high altitude, underwater and confined space incidents is stored on these vehicles.

Chief Vehicles

These are passenger SUV's used to transport the assigned incident commanders to the incident scene. The average age of these apparatus is 8 years, a 10-year decrease compared to last year, with the oldest vehicle being 21 years old.

Vehicles Acquired

A major project for the Operations Team has been receiving and deploying the Division's new Fire Boat along with training our crew to take advantage of all its additional capabilities. The new boat named Garrett A. Morgan was commissioned for service at a ceremony on July 28, 2023, in the Flats area. During the same ceremony the Anthony J. Celebrezze boat was decommissioned from service after a very long and distinguished tour of duty.

The Garrett A. Morgan is a 38' Firestorm Jet boat custom built by Metalcraft Marine. The vessel has an overall length of 42'-1", overall height of 18'-8", and a weight of 12.5 tons and is equipped with twin 6.7L Cummings Diesel engines capable of 480 horsepower each. The craft also has twin Darley fire pumps capable of pumping 3,000 gallons of water per minute each. The craft has a cutting-edge electronics and technology package supporting radar, sonar, and night operations. The Morgan is highly maneuverable and can quickly reach 19 speeds of up to 38 knots.

The Morgan provides the Division with several additional operational capabilities and support operations in waterborne search and rescue, watercraft fires, land-based shoreline fires, large volume water supply, dive rescue operations, maritime traffic control, and underwater security sweeps.

FIRE PREVENTION BUREAU

It is the mission of the Cleveland Fire Prevention Bureau to prevent the loss of life and property through comprehensive and professional building inspections, rigorous education of business and building owners, and the professional enforcement of the Cleveland Codified Ordinances and Ohio Fire Code.

During 2023, the Fire Prevention Bureau completed 3,362 on-site inspections. The Bureau issued 2,866 permits to city businesses during the year resulting in a total of \$934,135.00 in permit fees collected as seen below.

| Permit Type | Number of Permits | Fees Collected |
|--|--------------------------|-----------------------|
| Fire Protection Permits (FPS) | 642 | \$94,217.57 |
| Hazardous Substance (HZF) | 383 | \$24,850.00 |
| Temporary Hazardous Substance (THZ) | 469 | \$20,000.00 |
| Tank Installation (TKI) | 133 | \$22,505.00 |
| Tank Removal (TKR) | 14 | \$2,275.00 |
| Explosives (EX) | 114 | \$8,550.00 |
| Certificate of Qualification (FCOQ) | 328 | \$11,680.00 |
| Dangerous Ordinance (FDO) | 2 | \$150.00 |
| Miscellaneous (FMISC)
(PAD Reimbursement) | 778 | \$749,908.31 |
| Total: | 2,866 | \$934,135.88 |

In 2023 the bureau had a 6% increase in fees collected and a 20% increase in on-site inspections over the previous year. Any reports or direct referrals of possible life hazards that were received by the FPB resulted in an Inspector being assigned to conduct a targeted inspection with immediate action being taken.

FIRE SUPPRESSION

The mission of the Fire Suppression Unit is to maintain operations 24 hours a day, 7 days a week to an all-hazards response capability of its 42 frontline units and associated personnel. Suppression members are on duty at all times and assigned to the units as follows:

| | |
|--|---|
| Engines (23) | 1 officer, 3 Firefighters |
| Ladders, Towers (11) | 1 officer, 3 Firefighters |
| Rescue Squads (2) | 1 officer, 3 Firefighters |
| Battalion Units (5) | 1 Battalion Chief |
| Assistant Chief Unit (1) | 1 Assistant Chief, 1 Assistant Chief Aide |
| Bureau of Emergency Apparatus Maintenance (B.E.A.M.) (1) | 1 Mechanic |
| Fire Investigations Unit (F.I.U.) (1) | 2 Arson Investigators |
| Fire Dispatch Center | 4 Dispatchers |

The Chief of Fire Suppression (AC-1) reports directly to the Chief of the Division of Fire. The Chief of Suppression is responsible for the overall daily operations as a Safety Officer at all incidents, unless they deem it necessary to assume overall command of the incident scene. AC1 maintains a focus on the overall effective management of emergency operations that occur in the Division with emphasis on the safety and efficiency of operations.

In 2023 the ACO focused on updating and creating new Standard Operating Procedures (SOP's) to create a safer work environment and to provide more efficient service to the City. The SOP's will continue to be evaluated going forward in order to improve upon safety as new threats emerge.

The ACO has also integrated the new Garret Morgan fireboat into our marine firefighting and water rescue operations. This year was the first time the Division of Fire has ever implemented accredited marine firefighting training and the upgrade in skill level has been significant. There have also been several fire companies trained to deal with surface water rescue incidents ranging from beach emergencies to flooded underpass emergencies. The Division's ability to respond to any type of water-based emergency has increased substantially.

FIRE TRAINING ACADEMY

The Mission of the Fire Training Academy (FTA) is to teach, coordinate and provide training in every aspect of the operations of the Cleveland Division of Fire, while providing logistical support to facilitate the success of the Division and the safety of our members.

The motto of the Fire Training Academy is “Committed to Excellence,” and this idea is interwoven into every challenge that the FTA undertakes. Whether we are teaching, conducting quality assurance reviews, building training props, or conducting research, members of the FTA are committed to doing the best job possible, recognizing that every task we complete supports the entire Division of Fire.

The Fire Training Academy provides the following services to the Cleveland Division of Fire:

- Teaching Basic Life Support (BLS), Advanced Cardiac Life Support (ACLS), and Pediatric Education for Prehospital Providers (PEPP).
- Conducting hands-on drills for incumbent members of the Division in all aspects of firefighting, technical rescue, emergency medical services, and hazardous materials response.
- Conducting Emergency Vehicle Operator training for all members of the Division. This includes extensive use of the Division’s driver training simulator which was purchased in 2019 using funds from an Assistance to Firefighters Grant.
- Providing all necessary continuing education to ensure that members of the Division can keep all certifications current.
- Quality assurance review of patient care reports generated by the Division’s first responder companies.
- Providing training and logistics support for events and responses involving specialized equipment.

FIRE TRAINING ACADEMY

The Division of Fire is committed to providing quality, job specific training to the members of the Division, and is looking forward to continuing to offer other excellent training opportunities in the future.

Fire Academy Class

The Fire Training Academy graduated its 38th Academy Class of 35 Firefighters on June 16, 2023. Candidates trained alongside other Firefighter Trainees from suburban communities that desired to take advantage of the quality of our Fire Instructors and training curriculum. Graduates enter a three-year apprenticeship program where they are subject to constant evaluation and additional training before assuming their place as First Grade Firefighters.

NASBLA Training

The Division of Fire contracted with the National Association of State Boating Law Administrators (NASBLA) to provide high quality, hands-on marine training for our Fire Boat crews. NASBLA offers many different courses through their Boat Operations and Training (BOAT) program.

The Division selected two separate courses which were each presented twice; Boat Crew Member (BCM) and Fire Boat Small (FBS). Both courses were created to help establish a national standard of training, qualification, credentialing, and typing of emergency responders throughout the maritime domain. BCM provides a basic understanding of maritime operations, watercraft operations, and the skills necessary to execute missions safely. FBS provides a uniform and standardized understanding of maritime firefighting and emergency response operations, and the skills necessary to execute missions safely. A total of thirty-two members of the Division received certifications in both BCM and FBS.

Swiftwater Rescue Training

All Division of Fire companies were trained on Water Rescue and Recovery Techniques this summer at Edgewater Beach. Protecting the waterfront is an important part of our mission. Members practiced using rescue tools, estimating a victim's location, and search and recovery skills. These skills will also protect the safety of our members and citizens in rescue situations in case of flooding or in several of the waterways that transverse the city.

DIVISION OF EMS

MESSAGE FROM THE COMMISSIONER

Orlando D. Wheeler

On behalf of the members of the Division of Emergency Medical Service (EMS), I am honored to present the Annual Report. The Division of EMS has maintained our special relationships with the community and our healthcare partners. We have implemented new ideas to continue to provide exceptional pre-hospital medical care to the citizens and visitors, while exploring ways to expand our skills and stay ahead of the constantly changing landscape of pre-hospital emergency medicine.

The Division of EMS members have remained steadfast on our mission to optimize our customer service to ensure quality service from the time the incoming 9-1-1 call was answered, to dispatching of the ambulance, to rendering emergency care and the transfer of care to a higher level at the emergency departments.

In 2023, the Division recruited and hired qualified candidates for the Lateral Transfer Paramedics, EMT Cadet Academy, and Emergency Medical Dispatcher (EMD) training. We also received our accreditation through the State of Ohio for our new EMR program, created an in-house Paramedic program, and modernized our frontline fleet.

I want to thank all the members of the Cleveland Division of Emergency Service for their continual unwavering hard work, dedication and commitment to the citizens and visitors of Cleveland, they are very fortunate to have you caring for them.

Sincerely,

Orlando D. Wheeler
Commissioner
Division of Emergency Medical Service

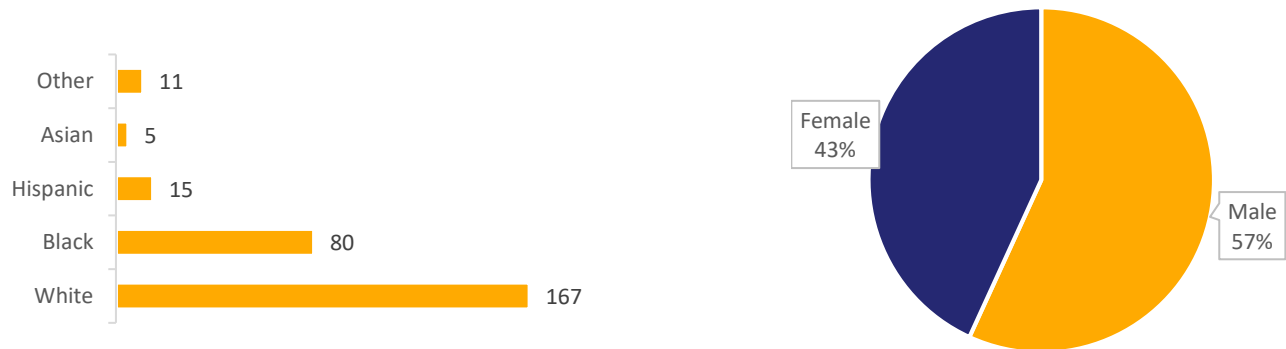

EMPLOYEE DEMOGRAPHICS

In 2023, the Division of EMS hired thirty-eight individuals. Thirty were EMTs or Paramedics, twenty-two successfully completed the initial training and evaluation period and eight were Emergency Medical Dispatchers, five are currently in the initial training and evaluation period. The Division had twenty-nine member departures in 2023. Three transferred to the Division of Fire, one transferred to Airport Fire and three retired.

In the fourth quarter of 2023 the Division of EMS was able to implement our new Lateral Transfer Program. This is a hiring process that enables those who are currently certified as Paramedics with the State of Ohio with at least one year of experience in an ambulance service or emergency department, to enter the Division and forego the training wage and start at a first year paramedic salary, while attending a modified training program. On November 6, 2023, seven paramedics were hired through this process. These were individuals that had initially turned down the offer due to the training wage and the significant time allotted in the initial training and evaluation. Six of them completed the training on December 29, 2023, one dropped out of the training due to a medical issue. We are currently in the process of hiring another lateral transfer class and currently have sixteen paramedics that have been offered positions. We have high hopes that this will continue to be a successful vehicle for adding experienced personnel.

In the first quarter of 2024, we are offering a new method for adding field members by offering EMT training to the Emergency Medical Dispatchers that are interested in moving out into the field. The Division will train members who are already familiar with the Division and work with them to become certified EMT's. They will then assume assignments on the ambulances, while continuing their training to become Paramedics. This will give us personnel with the unique perspective of both field and dispatch personnel.

FLEET STATUS

The Division of EMS deployed ten new ambulances into the fleet in 2023, which added to the six ambulances that were deployed in 2022. This substantially improved the status of the Division’s fleet of ambulances.

The Division of EMS targeted number for deployment in 2024 continues to be twenty-three ambulances from 7 a.m. to 7 p.m. and nineteen ambulances from 7 p.m. to 7 a.m. The Division still maintains the infrastructure to run as many as twenty-five units and as staffing levels permit will deploy up to twenty-five units during a shift. The targeted staffing level for Dispatch remains seven Emergency Medical Dispatchers (EMDs) from 7 a.m. to 7 p.m. and six from 7 p.m. to 7 a.m.

EQUIPMENT

Power LOAD System

With the addition of the sixteen new ambulances to the fleet, the Division now has nineteen units equipped with the Power LOAD System. The Power LOAD system works in conjunction with the patient stretcher to safely load and secure the patient with no strain on the care provider. The Power LOAD system eliminates the need to steer the cot into the ambulance, helps eliminate patient drops by supporting the cot until the wheels are on the ground and meeting dynamic crash test standards for maximized occupant safety.

AutoPulse

In 2023 the Division equipped all of the frontline ambulances with the AutoPulse Device. The AutoPulse is a mechanical CPR device that provides high quality continuous CPR. This device not only improves the CPR administered, it also reduces the danger to crews during transport as there is no longer a person performing CPR while the ambulance is transporting the patient to the hospital. The Autopulse was utilized on 236 patients suffering from cardiac arrest in 2023.

Cardiac Arrest Registry (CARES)

The Cardiac Arrest Registry to Enhance Survival (CARES) has shown that in 2023 the Division of EMS (had 143 patients, have sustained) Return of Spontaneous Circulation (ROSC) and 43 of those patients were discharged from the hospital alive. That is a 19.7% improvement over 2022.

TRAINING INITIATIVES

Emergency Medical Service is a constantly evolving entity and in order to stay on the forefront with the most up to date protocols and treatments the Division of EMS is always looking to expand and diversify training for personnel. The Division continues to provide Emergency Medical Technician—Basic (EMT) training to all new hires for the Division of Fire and for those civilians that are hired by the Division of EMS.

In 2023, the partnership with the University Hospital EMS Training and Disaster Preparedness Institute has allowed us to provide Paramedic class training to our personnel. This has given us a path to where a civilian can be hired with no previous certifications and they can become a certified EMT and then a Functioning Paramedic all with no cost to them while being employed by the Division of EMS.

In the State of Ohio a Paramedic is required to complete seventy-five hours of continuing education every three years in order to maintain their Paramedic Certification. Those hours must include twelve hours of pediatric, four hours of geriatric, six hours of cardiac and eight hours of trauma including the Ohio Trauma Triage Course. In addition to maintaining certifications in CPR and Advanced Cardiac Life Support (ACLS). The Division of EMS provides all of the continuing education that is required, as well as, providing the certification. The Division maintains status as an EMT training facility, American Heart Association CPR training site and EMR training site. This is a great benefit to our personnel.

The Division has also instituted an Emergency Medical Response (EMR) program which enables the Division to provide training to younger individuals that is similar to training that EMS professionals receive as they look to enter a career in public safety. Our goal is to provide this program to interested students of the Cleveland Metropolitan School District (CMSD) and give them a jump start to a career in public safety when they graduate high school.

The Division also continues to provide CPR training to all new hires for the City of Cleveland. In 2023, the Division offered training to the Mayor's Cabinet for CPR, First Aid and Stop the Bleed. We plan on continuing this training and expanding out to all City employees and the general public. We are currently in the process of recertifying all of the court bailiffs in CPR.

PARTNERSHIPS

Emergency Medical Service is a unique entity as it walks the line between Public Safety and Healthcare. The Division recognizes this unique identity and we realize that the best way to function and grow is by fostering partnerships with Public Safety and Healthcare partners.

The Division of EMS continues to utilize the Simulation (SIM) Labs of Case Western Reserve University, which enables members of the Division to experience patient care with a very real environment and simulated patient that greatly expands the experience beyond the classroom setting. The Division has expanded on its partnership with the University Hospital Training Program and have created a paramedic program that is specifically for Division of EMS personnel and enables the Division to assist and facilitate in their training while still maintaining full time employment with the Division.

In addition, the Division continues to partner with Magnolia Clubhouse to allow our new employees to learn and interact with mental health consumers that are not in crisis allowing them to have a unique opportunity in learning about mental health. We have expanded the training to go beyond our new personnel and we will have all of our Field Training Officers spending time at the Clubhouse within the first quarter of 2024.

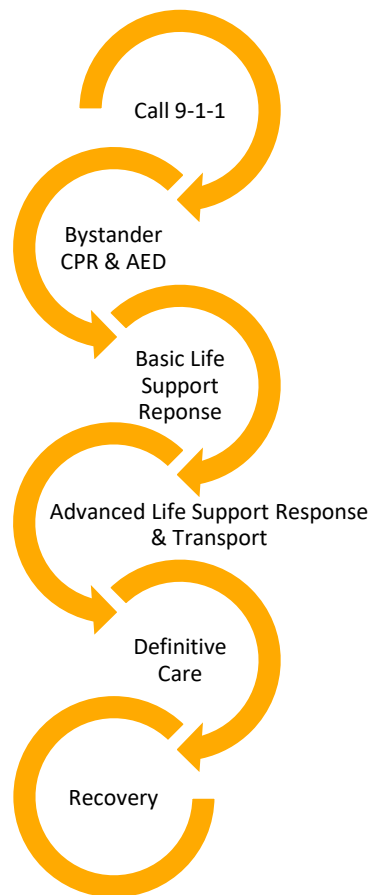

The Division of EMS is participating in the Cuyahoga County Emergency Service Advisory Board (CCESAB) EMS Subcommittee, which is a meeting of public safety and healthcare partners that are within Cuyahoga County to discuss initiatives, emergency plans, and available grants for the urban area of Cuyahoga County. Participating in this committee greatly expands the contacts and knowledge base of the EMS community, and enables the Division of EMS to better prepare for the future as well as being prepared for any large-scale emergencies that we may respond to.

The Division also continues to partner with the local healthcare systems' Community Health departments, which enables the Division to address the healthcare needs of frequent utilizers of the 9-1-1 system and continue to reduce the overall call volume and in turn reduce response times.

COMMUNITY ENGAGEMENT

The first step in the chain of survival for individuals who suffer a heart attack and go into cardiac arrest is early cardiopulmonary resuscitation (CPR) and defibrillation. The Division has a goal to expand CPR training to civilians with a target of having CPR done on at least seventy-five percent (75%) of all out of hospital full arrests and greatly improve the full arrest survival rate within the City of Cleveland.

The Division of EMS currently maintains 128 automated external defibrillators (AEDs) in City of Cleveland buildings. We also track the locations of AEDs within private businesses and buildings. We continue to encourage and educate private businesses on the importance of purchasing and maintaining AEDs for their employees' safety. In order to improve the survival rate of cardiac arrests within the City of Cleveland, it will take a team effort from all the citizens to provide early CPR and defibrillation, a rapid response from the BLS and ALS units and transport to some of the best hospitals in the country, only together can the goal of full arrest survival be achieved.

DIVISION OF ANIMAL CARE AND CONTROL

MESSAGE FROM THE MANAGER

Bruce G. Campbell

On behalf of the staff and volunteers of the Division of Animal Care & Control, it is with great pleasure and pride I present our Annual Report for 2023. This report encapsulates our organizations unwavering commitment to the well-being of animals and the communities we serve, reflecting our dedication to upholding the highest standards of care, compassion, and advocacy.

Join us in celebrating the remarkable progress, and meaningful achievements that have shaped our efforts in promoting responsible pet ownership, animal welfare, and public safety. I want to thank our dedicated staff, Friends of City Dogs, and the hundreds of City Dogs Volunteers who donated more than 28,000 hours of their valuable time by showing up for this Division, the animals, and our community.

Throughout the pages of this report, you will witness the impact of our multifaceted initiatives, innovative programs, and strategic interventions aimed at safeguarding the health, happiness, and quality of life of all the animals entrusted to our care. From our comprehensive adoption and fostering programs to our diligent efforts in promoting spaying and neutering, from our educational outreach initiatives to our wildlife management program, each endeavor represents a testament to our unwavering dedication to creating a more compassionate and harmonious environment for animals and humans alike.

As we reflect on the challenges and triumphs of the past year, we acknowledge that there is always more work to be done. We recognize the evolving landscape of animal care and control and remain steadfast in our commitment to adapt, innovate, and elevate our standards of excellence. We will continue working to expand and grow our fostering and adoption programs. With the continued support and collaboration of the administration, we are confident that we will continue to make a profound and lasting impact on the lives of animals and the communities we proudly serve.

Respectfully,

Bruce G. Campbell
Manager
Division of Animal Care & Control

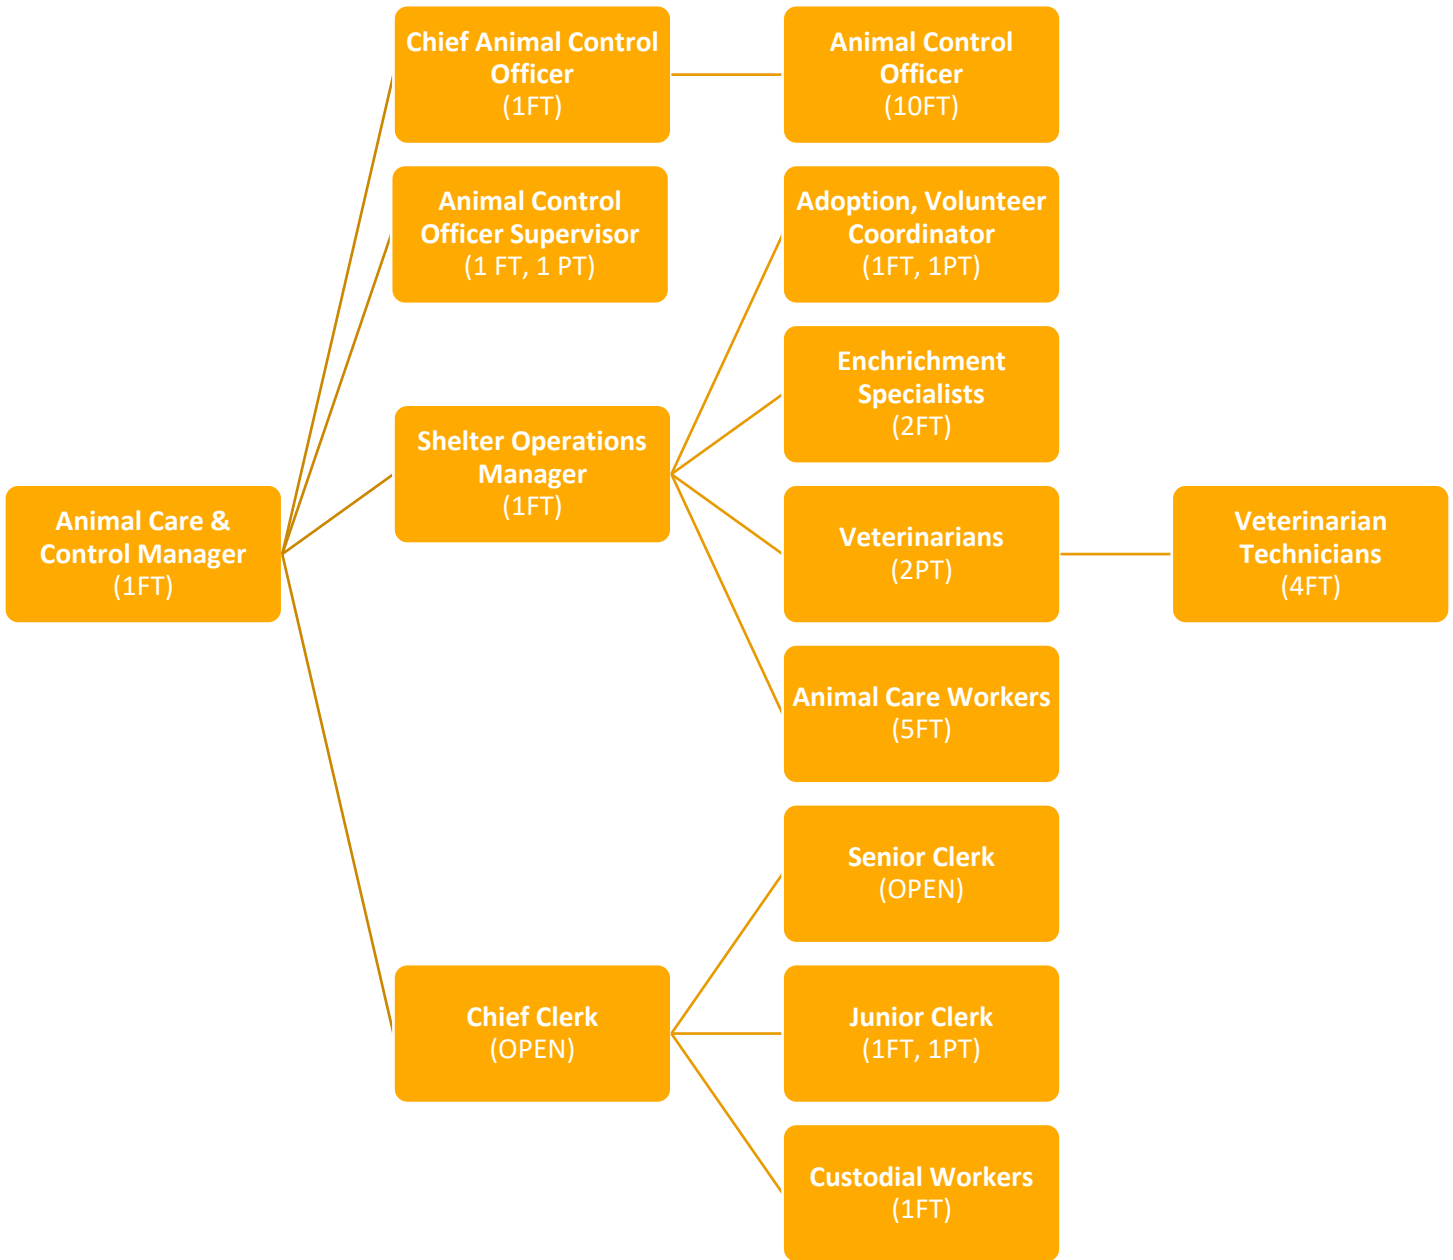

MISSION

The Division of Animal Care and Control aims to protect the safety of our residents by impounding stray dogs and nuisance wildlife, while providing humane care for the animals in our care. Promote responsible pet ownership by providing education and animal resources to the public, enforcement of city animal ordinances, pet identification, and animal adoption programs.

FACILITIES

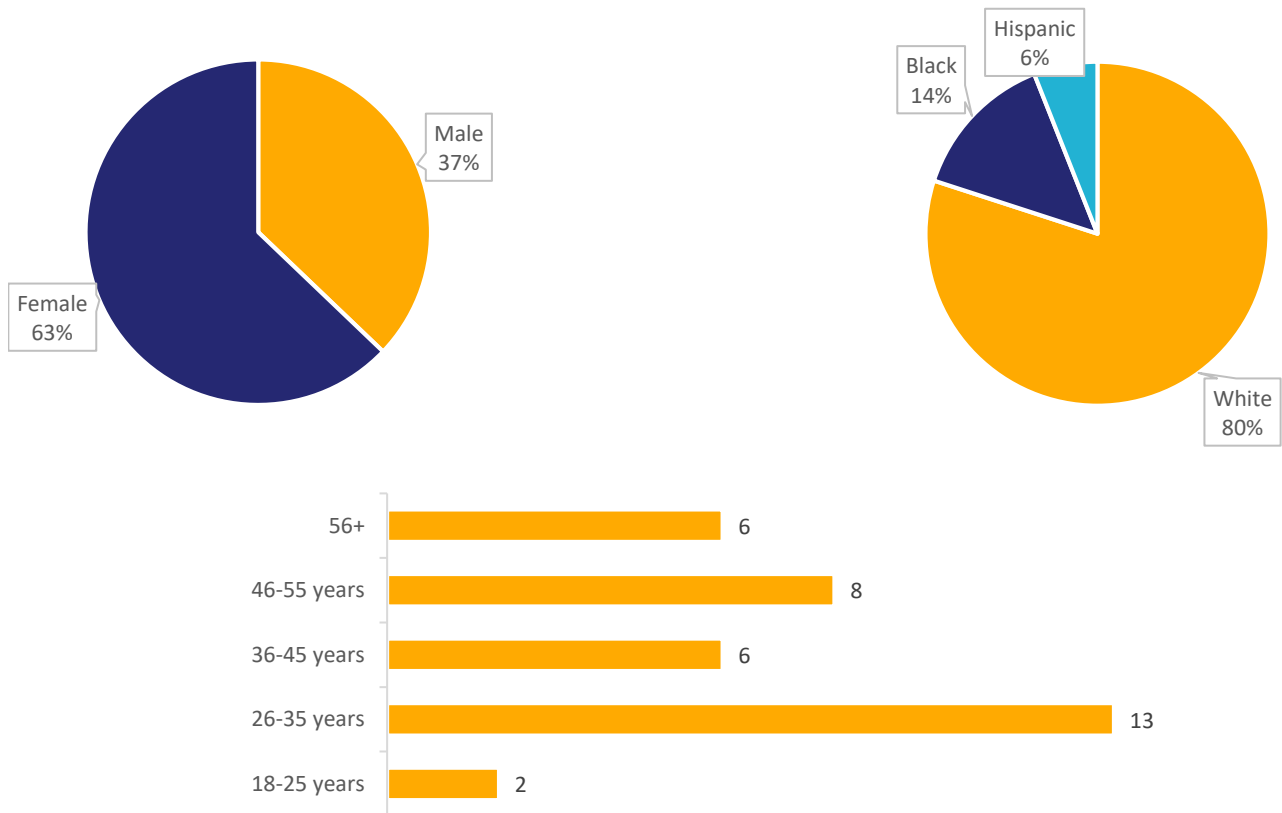

The 15,500 sq. ft. facility located at 9203 Detroit Avenue opened in March of 2019 and embodies the current best practice standards for kennels and meets the City of Cleveland's goal of LEED Silver Energy and Environmental Design Standards. The innovative design provides a safe, clean, healthy environment to support staff and volunteers in the care of animals and the promotion of animal adoption. The 4.8 acre site includes five fenced in exercise yards with all-weather turf. The kennel has also enhanced volunteer involvement to permit more dogs to be exercised outside for fresh air and enrichment.

PARTNERSHIPS

Without the support of our all of our rescue partners, the Division of Animal Care & Control would not be able to fulfill its mission and find placement for the thousands of animals we impound. This doesn't just include dogs. In 2023, we placed 1,113 total animals with rescues, shelters, humane societies, and other agencies. Some of the notable animals this past year included 9 birds, 64 cats, 1,030 dogs, 2 guinea pigs, 2 ducks, 1 goose, and 5 rabbits. The Division would like to highlight all of the organizations who assisted us with placing animals in 2023.

A New Leash on Life • Australian Cattle Dog Rescue Association • BadAss Bulldog Rescue • Berea Animal Rescue Fund • Black Russian Terrier Rescue Association • Buckeye Australian Cattle Dog Rescue • Buckeye Bulldog Rescue • 10 Buckeyes Mission • Char-Wills Kennels • Cle Dog Rescue Crew • Cleveland APL (Humane Investigation Pulls) • Cuyahoga County Animal Shelter • Dogs Unlimited Rescue • Fido's Companion Rescue • Forget Me Not Animal Rescue • Friendship APL • G.R.I.N • Geauga Mama Dog Rescue • Grateful Paws Rescue • Growls & Howls Animal Rescue • Hartman's Hounds • Humane Society of Atlantic County • Humane Society of Erie County • Humane Society of Sandusky County • Island Safe Harbor • Lake Erie Labrador Retriever Rescue • Lake Erie Nature & Science Center • Lake Humane Society • Maggie's Mission • Mercy's Door Pet Rescue • Mid-Ohio Waterfowl Rescue • MidCoast Humane • MidWest Boston Terrier Rescue • Mini Mutts Rescue • Multiple Breed Rescue • Must Love Corso Rescue • Muttley Crue Rescue CLE • Mutts in a Rut • Neighborhood Pets Outreach & Resource • Northcoast Boxer Rescue Rescue • Northeast Animal Shelter • Parma Animal Shelter • Pet Adoption League of NY Inc. • Portage Animal Protective League • R.E.A.L Rott Rescue • Rescue Village • Secondhand Mutts • Sophia's Grace Foundation • Tails from the City • The Rescue Inn, Inc. • The Sanctuary for Senior Dogs • Toby's Critter Cove Rescue • Wayne County Humane Society • Whispering Acres Farm Animal Sanctuary • Willing Hearts Dalmatian Recue

Friends of City Dogs

Our non-profit partner, Friends of City Dogs Cleveland, has been pivotal to the success of the Division by delivering financial support so dogs can receive above and beyond medical care and enrichment during their stay at the kennels. The partnership and collaboration between Animal Care & Control and Friends of City Dogs is like no other. They have truly leaned forward in their support of the Division and have amplified our message to get more dogs into great homes. Thank you, Friends of City Dogs Cleveland for all that you do for dogs under our care at the kennel.
