Pipeline Infrastructure Improvements Update

Monday, May 19, 2025

Enbridge Gas Ohio - Pipeline Infrastructure Replacement Project
PIR 3451 – W 84 Street and Detroit Ave
(City of Cleveland - Ward 11 & 15)

CLEVELAND – On Monday May 19, 2025, weather permitting, an Enbridge Gas Ohio pipeline infrastructure replacement project will begin on the following streets:

- Detroit Avenue – From West Boulevard to West 84 Street
- West 84 Street – West side from Detroit Avenue to Franklin Avenue

The improvements include replacing the old steel mainline with a new plastic mainline in the roadway and sidewalk area. A work zone will be established which will allow two-way traffic with traffic control personnel present to help direct traffic flow. Access to adjacent driveways and businesses will be maintained throughout construction. The work on the project will take place Monday through Friday from 7 a.m. to 5 p.m.

This project is scheduled for completion in June 2025. Permanent restorations will be completed in July 2025.

Should there be any questions, please contact Matt Lenke - Hill International at 330-353-7111.

Editor's Note: Road construction invariably presents hazards to the public. All travelers are urged to use caution in construction zones. Public safety and the safety of workers is a top priority.

About the City of Cleveland

The City of Cleveland is committed to improving the quality of life for its residents by strengthening neighborhoods, delivering superior services, embracing diversity and making Cleveland a desirable, safe city in which to live, work, play, and do business.
