FILE NO. 167-23**

**ADDENDUM NO. 3**

**Bids are due Wednesday, December 6, 2023, before 12:00 p.m. and must be date stamped.**

**A copy of the most current version of the Davis Bacon Prevailing Wages is included with this addendum.**

**Changes have been applied to the Bid – Schedule of Items pages. An updated version is included with this addendum.**

**See all changes to Section C, Supplemental General Conditions**

**In C-8 MATERIALS, in section J, Materials and Parts Allowance,** add the following sentence to the end of the paragraph, "All materials and spare parts, whether supplied by the City or the Contractor, used for Work must be documented with written comments and photos in Cityworks in order to be approved for payment."

**In C-12 FAILURE TO PERFORM,** in the first paragraph, after the sentence that reads, "Failure of the Contractor to complete to the assigned work within the timeframe hereafter specified will result in liquidated damages applied to the total cost of the job." add the sentence, "The cost of the Work is considered the total for the parent Work order and all subsequent child Work orders."

**In C-12 FAILURE TO PERFORM,** in the table, for the row "Asphalt Cap," change the SLA to "15 days from assigned."

**In C-13 SCHEDULE WORK,** add the following paragraph after the first paragraph. "The City anticipates that some LSLR work will be assigned at addresses working in clusters on a street. In these instances, Contractors shall restore road surfaces as outlined in C-30 Permanent Paving unless otherwise directed by the City. It is anticipated that 30% of Work will be assigned in a manner that removes clusters of connections. A cluster is defined as 10 or more connections within 1,000 feet of each other on a street all assigned as a group. This bid item in the schedule of items allows the contractor an opportunity to reflect a change in bid price if assigned 10 or more LSLRs in this manner. Contractors must bid an amount in this section. The percentage change will be applied on invoices to all assigned labor items for Work (Items 1 – 16) when 10 or more clustered connections are touched."

In the Bid Schedule of Items (Bid Sheet), Page 1 has been updated and page 6 has been added to reflect the addendum language in C-13.

**In C-19 CITYWORKS REQUIREMENTS,** in the numbered lines beneath the sentence the reads, "All Work performed under this Contract will be tracked and managed within Cityworks. The workflow will be generally as follows:" delete current bullets numbered 4, 7 and 9. The bullets will be renumbered in order 1 to 6. Then add two numbered bullets that read as follows:

FILE NO. 167-23**

**ADDENDUM NO. 3**

"7. For all Cityworks Work Orders, the day any work is performed at an assigned location, the Contractor shall at a minimum complete documentation as specified in Section C-20 Documentation for that type of work order. Failure to do so shall be a SLA violation."

"8. Contractors request payment per Work Order by adding the appropriate line items to that that Cityworks Work Order. Payment requests will only be reviewed when the contractor requests this review via Cityworks and all documentation as outlined in Section C-20 Documentation has been submitted."

In **C-20 DOCUMENTATION**, in the first paragraph, change the second sentence so it reads, "All Work shall require written comments in the work order and photos and/or video clips as specified by the City."

In **C-20 DOCUMENTATION**, in the first paragraph, change the fourth sentence so it reads, "Payment for items assigned and performed where no documentation is provided shall be withheld and SLAs as set forth in section C-12 Failure to Perform shall apply until the documentation is provided."

In **C-20 DOCUMENTATION, section A**, after the words "Written Documentation –" add the sentences, "Written comments shall be added to the Work Order to record work performed as Work progresses and upon completion of the Work. Cityworks entry fields highlighted that include red boxes (i.e., Actual Finish date and Custom Fields) shall be completed by the contractor or SLAs shall be applied."

In **C-20 DOCUMENTATION, section F**, delete the words "Tree Lawn/Yard" so it reads, "Restoration Photo Documentation:"

In **C-20 DOCUMENTATION, section F**, after the first sentence, add a sentence that reads, "If a contractor is sent back to a site for follow-up restoration, new before and after photos shall be taken."

In **C-20 DOCUMENTATION, section F**, update the list so it reads:

- i. Address/House
- ii. Reference image of damaged area
- iii. Close-up of damaged area
- iv. Grading/Topsoil
- v. Seeds/seeding
- vi. Fertilizer
- vii. Concrete (sidewalks, aprons, curbs, road subbase, and road)
- viii. Asphalt cap and edge seal
- ix. Reference of restored area
- x. Close-up of restored area

**ADDENDUM NO. 3**

In **C-21 EXCAVATION**, update **section L** so it reads, "No excavations are to remain open or unattended. All unfinished Work shall be plated and secured. Where excavations are plated and secured, access or traffic must be maintained during non-working hours. The Contractor shall cover such openings with anchored, wedged, and ramped steel plates to maintain traffic as required. The steel decking shall be designed for anticipated heavy truck loading. Signage shall be placed to provide advanced warning to vehicular and pedestrian traffic. The City reserves the right to require steel plates and excavations be barricaded until street restoration is complete.

Note: Contracts subject to the Davis-Bacon Act are generally required to pay at least the applicable minimum wage rate required under Executive Order 14026 or Executive Order 13658. Please note that these Executive Orders apply to covered contracts entered into by the federal government that are subject to the Davis-Bacon Act itself, but do not apply to contracts subject only to the Davis-Bacon Related Acts, including those set forth at 29 CFR 5.1(a)(2)-(60).

If the contract is entered into on or after January 30, 2022, or the contract is renewed or extended (e.g., an option is exercised) on or after January 30, 2022:	<ul style="list-style-type: none"><li>Executive Order 14026 generally applies to the contract.</li><li>The contractor must pay all covered workers at least \$16.20 per hour (or the applicable wage rate listed on this wage determination, if it is higher) for all hours spent performing on the contract in 2023.</li></ul>
If the contract was awarded on or between January 1, 2015 and January 29, 2022, and the contract is not renewed or extended on or after January 30, 2022:	<ul style="list-style-type: none"><li>Executive Order 13658 generally applies to the contract.</li><li>The contractor must pay all covered workers at least \$12.15 per hour (or the applicable wage rate listed on this wage determination, if it is higher) for all hours spent performing on that contract in 2023.</li></ul>

The applicable Executive Order minimum wage rate will be adjusted annually. If this contract is covered by one of the Executive Orders and a classification considered necessary for performance of work on the contract does not appear on this wage determination, the contractor must still submit a conformance request.

Additional information on contractor requirements and worker protections under the Executive Orders is available at <http://www.dol.gov/whd/govcontracts>.

\*\* Workers in this classification may be entitled to a higher  
minimum wage under Executive Order 14026 (\$16.20) or 13658  
(\$12.15). Please see the Note at the top of the wage  
determination for more information.

Note: Executive Order (EO) 13706, Establishing Paid Sick Leave  
for Federal Contractors applies to all contracts subject to the  
Davis-Bacon Act for which the contract is awarded (and any  
solicitation was issued) on or after January 1, 2017. If this  
contract is covered by the EO, the contractor must provide  
employees with 1 hour of paid sick leave for every 30 hours  
they work, up to 56 hours of paid sick leave each year.  
Employees must be permitted to use paid sick leave for their  
own illness, injury or other health-related needs, including  
preventive care; to assist a family member (or person who is  
like family to the employee) who is ill, injured, or has other  
health-related needs, including preventive care; or for reasons  
resulting from, or to assist a family member (or person who is  
like family to the employee) who is a victim of, domestic  
violence, sexual assault, or stalking. Additional information  
on contractor requirements and worker protections under the EO  
is available at  
<https://www.dol.gov/agencies/whd/government-contracts>.

### Addendum No. 3 - CWD Lead Service Line Replacement 2023-5

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (ii)).

-----

The body of each wage determination lists the classification and wage rates that have been found to be prevailing for the cited type(s) of construction in the area covered by the wage determination. The classifications are listed in alphabetical order of "identifiers" that indicate whether the particular rate is a union rate (current union negotiated rate for local), a survey rate (weighted average rate) or a union average rate (weighted union average rate).

#### Union Rate Identifiers

A four letter classification abbreviation identifier enclosed in dotted lines beginning with characters other than "SU" or "UAVG" denotes that the union classification and rate were prevailing for that classification in the survey. Example: PLUM0198-005 07/01/2014. PLUM is an abbreviation identifier of the union which prevailed in the survey for this classification, which in this example would be Plumbers. 0198 indicates the local union number or district council number where applicable, i.e., Plumbers Local 0198. The next number, 005 in the example, is an internal number used in processing the wage determination. 07/01/2014 is the effective date of the most current negotiated rate, which in this example is July 1, 2014.

Union prevailing wage rates are updated to reflect all rate changes in the collective bargaining agreement (CBA) governing this classification and rate.

#### Survey Rate Identifiers

Classifications listed under the "SU" identifier indicate that no one rate prevailed for this classification in the survey and the published rate is derived by computing a weighted average rate based on all the rates reported in the survey for that classification. As this weighted average rate includes all rates reported in the survey, it may include both union and non-union rates. Example: SULA2012-007 5/13/2014. SU indicates the rates are survey rates based on a weighted average calculation of rates and are not majority rates. LA indicates the State of Louisiana. 2012 is the year of survey on which these classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. 5/13/2014 indicates the survey completion date for the classifications and rates under that identifier.

Survey wage rates are not updated and remain in effect until a new survey is conducted.

#### Union Average Rate Identifiers

Classification(s) listed under the UAVG identifier indicate that no single majority rate prevailed for those classifications; however, 100% of the data reported for the classifications was union data. EXAMPLE: UAVG-OH-0010 08/29/2014. UAVG indicates that the rate is a weighted union average rate. OH indicates the state. The next number, 0010 in the example, is an internal number used in producing the wage determination. 08/29/2014 indicates the survey completion date for the classifications and rates under that identifier.

A UAVG rate will be updated once a year, usually in January of each year, to reflect a weighted average of the current negotiated/CBA rate of the union locals from which the rate is based.

## Addendum No. 3 - CWD Lead Service Line Replacement 2023-5

### WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- \* an existing published wage determination
- \* a survey underlying a wage determination
- \* a Wage and Hour Division letter setting forth a position on a wage determination matter
- \* a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour National Office because National Office has responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations  
Wage and Hour Division  
U.S. Department of Labor  
200 Constitution Avenue, N.W.  
Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator  
U.S. Department of Labor  
200 Constitution Avenue, N.W.  
Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board  
U.S. Department of Labor  
200 Constitution Avenue, N.W.  
Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.
