INDEPENDENT AUDITORS' REPORT

To the Honorable Frank G. Jackson, Mayor, Members of Council and the Audit Committee
Central Collection Agency
Division of Taxation
City of Cleveland, Ohio:

We have audited the accompanying basic financial statements of the Central Collection Agency's Internal Service and Agency Funds, Division of Taxation, City of Cleveland, Ohio (the Agency) as of and for the year ended December 31, 2010, as listed in the table of contents. These financial statements are the responsibility of the Agency's management. Our responsibility is to express an opinion on these financial statements based on our audit. The basic financial statements of the Agency as of December 31, 2009 were audited by other auditors whose report dated June 28, 2010, expressed an unqualified opinion on those financial statements.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described in Note A, the financial statements present only the financial position and the changes in financial position and cash flows of the Agency and do not purport to, and do not, present fairly the financial position of the City of Cleveland as of December 31, 2010 and 2009, and the respective changes in its financial position and cash flows for the years then ended in conformity with accounting principles generally accepted in the United State of America.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the Central Collection Agency's Internal Service and Agency Funds, Division of Taxation, City of Cleveland, Ohio as of December 31, 2010, and the respective changes in financial position and cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The management's discussion and analysis on pages 3-7 is not a required part of the basic financial statements but is supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

MANAGEMENT'S DISCUSSION AND ANALYSIS

GENERAL

As management of the City of Cleveland's (the City) Department of Finance, Division of Taxation, Central Collection Agency (the Agency), we offer readers of the Division's financial statements this narrative overview and analysis of the financial activities of the Agency for the years ended December 31, 2010 and December 31, 2009. Please read this information in conjunction with the Agency's financial statements and footnotes that begin on page 11.

The Division of Taxation was created in 1966 by the enactment of the City of Cleveland's Income Tax Ordinance providing the City's Income Tax Administrator with the authority to enter into agreements with any other municipal corporation to administer income tax laws and to provide for a central income tax collection facility. The Agency began with 14 member communities and during 2010 provided a full range of tax collection services for 48 member communities throughout 15 Ohio counties. The Agency employs more than 100 individuals to process approximately 1 million returns, estimated payments, and tax assessments. In 2010, the Agency collected approximately \$404 million and approximately \$402 million and \$438 million in 2009 and 2008, respectively.

COMPARISON OF CURRENT YEAR'S AND PRIOR YEARS' DATA

FINANCIAL HIGHLIGHTS

- The assets and the liabilities of the Agency equal \$81,201,634, \$76,665,484 and \$84,514,058, at December 31, 2010, 2009, and 2008, respectively.
- The Agency's total assets increased by \$4,536,150 in 2010. Its total assets decreased by \$7,848,574 and \$21,847,701 in 2009 and 2008, respectively. The increase in 2010 was due to an increase in cash and cash equivalents due to timing differences in the receipt of cash and distribution to member communities.
- The agency fund total cash receipts were approximately \$404 million, \$402 million, and \$438 million in 2010, 2009 and 2008, respectively. In 2010, cash receipts consisted of \$326 million of employer withholding, \$38 million of business profits, \$32 million of individual payments and \$5 million of other payments.
- The Agency's total operational cost was \$7,738,182, \$8,173,716, and \$8,520,998, in 2010, 2009 and 2008, respectively. In 2010, operational costs consisted of \$4,921,124 of employee's wages and benefits, \$1,115,576 of allocated charges and \$1,701,482 of other miscellaneous expenses.
- The Agency provides a mechanism for member municipalities to maximize efficiencies, minimize costs and capitalize from economies of scale. Pooling tax collections and investing at current market rates allows the operational costs of the Agency to be reduced by interest income. The Agency's member municipalities also benefit by printing and mailing large volumes of income tax forms to their taxpayers.

MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the Agency's financial statements. The accompanying financial statements present financial information for the City of Cleveland's Division of Taxation Fund, in which the City of Cleveland accounts for the operations of the Department of Finance, Division of Taxation. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

The Agency operates two funds. The operating fund is considered an internal service proprietary fund because the operations of this fund are similar to a private-sector business enterprise. Accordingly, in accounting for the operating activities within this fund, the economic resources measurement focus and the accrual basis of accounting is used. This is similar to businesses in the private sector. The second fund is an agency fund, which is used to account for the collection and remittance of income taxes for the member municipalities. For accounting measurement purposes, the agency fund is custodial in nature (assets equal liabilities) and does not involve the measurement of operations.

The financial statements of the Agency can be found on pages 11-13 of this report.

The notes to the financial statements and accompanying schedules provide additional information that is essential to a full understanding of the data provided in the basic financial statements. The notes to the financial statements and accompanying schedules can be found on pages 14-25 of this report.

Assets: The Agency collects and disburses income tax receipts monthly, except for the City of Cleveland which receives collections of tax receipts in advance of the regular monthly distribution date. Assets primarily consist of cash on hand and anticipated income tax receivable. During 2010, the increase in assets is attributable to an increase in cash and cash equivalents due to timing differences in the receipt of cash and distribution to member communities. During 2009, the decrease in assets is attributable to a decrease in taxes receivable due to lower anticipated collections in 2010.

Liabilities: Liabilities primarily consist of amounts owed to member municipalities (including the City of Cleveland). During 2010, the increase in liabilities was due to an increase in Due to the City of Cleveland, which reflects the timing differences in the receipt of cash and distribution to the City. During 2009, liabilities decreased by approximately \$7.8 million which was primarily due to decreases in Due to the City of Cleveland and Due to member municipalities which reflects the timing differences in the receipt of cash and distribution to the member communities.

2010:

The decrease in postage and office supplies of \$91,036 is a result of the decreases of approximately \$49,000 in the postage expense and approximately \$42,000 in office supply expense.

The decrease in allocation of City of Cleveland costs expense of \$206,845 was primarily due to decreases in charges from printing and reproduction and charges from telephone exchange.

Due to economic factors and declining interest rates, interest income decreased \$29,178 in 2010. This is a decrease of approximately 69%.

**STATEMENTS OF REVENUES, EXPENSES AND CHANGES
IN NET ASSETS (Continued)**

2009:

The increase in postage and office supplies of \$78,272 is a result of the increases of approximately \$46,000 in the postage expense and approximately \$32,000 in office supply expense.

The decrease in other administrative expense of \$126,925 was due to decreases in professional service costs, costs associated with bank service fees, and just-in-time office supplies.

Due to economic factors and declining interest rates, interest income decreased \$402,027 in 2009. This is a decrease of approximately 90%.

**FACTORS EXPECTED TO IMPACT THE DIVISION'S FUTURE
FINANCIAL POSITION OR RESULTS OF OPERATION**

The Agency continues to face the challenges of an economic recession. The Agency's most significant task is dealing with the complications of rising basic operating costs. However, the Agency is attempting to reduce the impact of these increasing expenses by continuing to aggressively collect income taxes due, thereby spreading the incremental cost over a larger base. The Agency's collections for the first quarter of 2011 are approximately 4% more than the collections in the same period in 2010. The Agency will continue to strive for increased delinquency collections, while trying to maintain operational expenses at their current level.

The operating budget for the Agency as approved by the Cleveland City Council for 2011 provides for an overall decrease in budgeted expenditures of approximately 5%.

**NOTES TO FINANCIAL STATEMENTS
For the Years Ended December 31, 2010 and 2009**

NOTE A--DESCRIPTION OF OPERATIONS AND BASIS OF PRESENTATION

The Central Collection Agency, Division of Taxation, City of Cleveland, Ohio (the Agency) is reported as part of the City of Cleveland's primary government and was created for the purpose of collecting city income taxes and disbursing those funds to the respective member municipalities (members) after payment of related expenses. Allocations of tax collections to members are based upon information provided by the taxpayers on the returns and supporting data. Such allocations are subject to adjustments in the subsequent year, dependent upon final returns filed by taxpayers and final review by the Agency. Refunds for overpayments are offset against allocated collections as amounts are determined.

Basis of Presentation: The financial statements are presented in accordance with Governmental Accounting Standards Board's (GASB) *Codification of Governmental Accounting and Financial Reporting Standards* (GASB Codification) which requires financial statements by fund type. These financial statements present a columnar total for all fund types included in the statement of assets and liabilities.

The following fund types are used by the Agency:

Proprietary Fund Type--Internal Service Fund: This fund is used to account for the services provided to members on a cost-reimbursement basis.

Fiduciary Fund Type--Agency Fund: This fund is used to account for assets held by the Agency as an agent for others.

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies and financial reporting practices of the Agency comply with accounting principles generally accepted in the United States of America applicable to governmental units. In November 2007, GASB issued Statement No. 52, *Land and Other Real Estate Held as Investments by Endowments*, which is effective for the year ended December 31, 2009. The Agency has determined that GASB Statement No. 52 has no impact on its financial statements as of December 31, 2009. In June 2007, GASB issued Statement No. 51, *Accounting and Financial Reporting for Intangible Assets*, which is effective for the year ended December 31, 2010. The Agency has determined that GASB Statement No. 51 has no impact on its financial statements as of December 31, 2010. In June 2008, GASB issued Statement No. 53, *Accounting and Financial Reporting for Derivative Instruments*, which is effective for the year ended December 31, 2010. The Agency has determined that GASB Statement No. 53 has no impact on its financial statements as of December 31, 2010.

**NOTES TO FINANCIAL STATEMENTS (Continued)
For the Years Ended December 31, 2010 and 2009**

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Basis of Accounting: All financial transactions of the Agency are reported on the accrual basis of accounting. Under this accounting method, assets and the related liabilities at the end of the year primarily consist of individual income taxes receivable arising from payroll tax withholdings in December and a receivable for quarterly and annual payments of income taxes pertaining to net profits, self-employment and residents taxes earned in the prior years. For accounting purposes, the agency fund is custodial in nature (assets equal liabilities) and does not involve the measurement of operations. Financial transactions for the internal service fund are reported on the accrual basis of accounting; revenues are recognized when earned and measurable, and expenses are recognized as incurred. For accounting purposes, the operations of the internal service fund are similar to a private-sector business enterprise. Accordingly, in accounting for the operating activities, the economic resources measurement focus is used.

With respect to proprietary activities, the Agency has adopted GASB 20, *Accounting and Financial Reporting for Proprietary Funds and Other Governmental Units that Use Proprietary Accounting*. The Agency has elected to apply all applicable GASB pronouncements as well as Financial Accounting Standards Board guidance issued on or before November 30, 1989, unless that guidance conflicts or contradicts GASB pronouncements. The Agency has chosen the option not to apply future FASB guidance (including amendments to earlier guidance).

Supplies: Supplies are expensed when purchased.

Statement of Cash Flows: The Agency utilizes the direct method of reporting for the statement of cash flows as defined by GASB Statement No. 9, *Reporting Cash Flows of Proprietary and Non-expendable Trust Funds and Governmental Entities That Use Proprietary Fund Accounting*, for its internal service fund. In a statement of cash flows, cash receipts and cash payments are classified according to operating, non-capital financing, capital and related financing, and investing activities.

For purposes of this statement, cash and cash equivalents include highly liquid investments with a maturity of three months or less when purchased and all of the Agency's share of the City of Cleveland's pooled cash accounts.

Allocation of Expenses: The Agency allocates all operating expenses, net of interest income, to members based upon the arithmetic mean of the percentage of each municipality's transactions to total transactions and the percentage of each municipality's revenue to total revenue.

Allocation of Interest Income: Excess funds are invested on a daily basis and interest income earned on such investments is allocated to members based on the percentage of each municipality's revenue to total revenue. The City of Cleveland receives collections of tax receipts in advance of the regular monthly distribution date, and accordingly, interest income is allocated exclusively to the other members.

Compensated Absences: The Agency accrues for compensated absences such as vacation, sick leave and compensatory time using the termination payment method specified under GASB Statement No. 16, *Accounting for Compensated Absences*. These amounts are recorded as accrued wages and benefits in the accompanying balance sheets.

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Normally, all vacation time is to be taken in the year available. The Agency allows employees to carryover up to 80 hours of vacation time from one year to the next with proper approval. Sick days not taken may be accumulated until retirement. An employee is paid one-third of accumulated sick leave upon retirement, calculated at the three-year average base salary rate, with the balance being forfeited.

NOTE C--POOLED AND SEGREGATED CASH AND INVESTMENTS

Deposits: The carrying amount of the Agency's deposits at December 31, 2010 and December 31, 2009 totaled \$1,196,812 and \$555,618, respectively, and the Agency's bank balances were \$1,894,125 and \$3,210,021, respectively. The differences represent outstanding warrants payable and normal reconciling items.

Based on the criteria described in GASB Statement No. 3, *Deposits with Financial Institutions, Investments (including Repurchase Agreements), and Reverse Repurchase Agreements* and GASB Statement No. 40, *Deposit and Investment Risk Disclosures – an Amendment of GASB Statement No. 3*, \$1,894,125 and \$3,210,021 of the bank balances at December 31, 2010 and 2009, respectively, were insured or collateralized with securities held by the City or by its agent in the City's name.

Custodial credit risk for deposits is the risk that in the event of bank failure, the Agency will not be able to recover deposits or collateral for securities that are in possession of an outside party. At year end, the Agency's deposits were fully insured or collateralized. All deposits are collateralized with eligible securities pledged and deposited either with the City or with a qualified trustee by the financial institution as security for repayment of all public monies deposited in the financial institution whose market value at all times is equal to at least 110% of the carrying value of the deposits being secured.

Investments: The City's investment policies are governed by state statutes and City ordinances, which authorize the City to invest in obligations of the U.S. Treasury, agencies and instrumentalities; bonds and other State of Ohio obligations; certificates of deposit; U.S. Government Money Market Mutual Funds; State Treasury Asset Reserve of Ohio (STAROhio); guaranteed investment contracts and repurchase transactions. Such repurchase transactions must be purchased from financial institutions or registered broker/dealers. Repurchase transactions are not to exceed a period of one year and confirmation of securities pledged must be obtained.

Generally, investments are recorded in segregated accounts by way of book entry through the banks' commercial or trust department and are kept at the Federal Reserve Bank in the depository institutions' separate custodial account for the Agency, apart from the assets of the depository institution. Ohio statute prohibits the use of Reverse Repurchase Agreements.

Investment securities are exposed to various risks such as interest rate, market and credit. Market values of securities fluctuate based on the magnitude of changing market conditions; significant changes in market conditions could materially affect portfolio value.

NOTE C--POOLED AND SEGREGATED CASH AND INVESTMENTS (Continued)

Interest rate risk: As a means of limiting its exposure to fair value losses caused by rising interest rates, the Agency invests primarily in short-term investments maturing within five years from the date of purchase. The intent is to avoid the need to sell securities prior to maturity. Investment maturities are discussed in the following table.

Custodial Credit Risk: For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the Agency will not be able to recover the value of the investments or collateral securities that are in the possession of an outside party. The Agency does not have an investment policy dealing with investment custodial credit risk beyond the requirement in the state statute.

Credit Risk: STAROhio is an investment pool created pursuant to Ohio statutes and managed by the Treasurer of the State of Ohio. The fair value of the Agency's position in STAROhio is equal to the value of the shares the Agency owns in the investment pool. Investments in STAROhio carry a rating of AAAM, which is the highest money market fund rating given by Standard & Poor's. Ohio law requires that STAROhio maintain the highest rating provided by at least one nationally recognized standard rating service. The Agency has no investment policy that would further limit its investment choices.

Concentration of Credit Risk: The Agency places a limitation on the amount it may invest in any one issuer to help minimize the concentration of credit risk. The Agency had the following investments at December 31, 2010 and 2009, which include those classified as cash and cash equivalents in the Statements of Assets and Liabilities in accordance with the provisions of GASB Statement No. 9 since they have a maturity of three months or less:

<u>Type of Investment</u>	<u>2010 Fair Value</u>	<u>2010 Cost</u>	<u>2009 Fair Value</u>	<u>2009 Cost</u>	<u>Investment Maturities Less Than One Year</u>

NOTE E--DEFINED BENEFIT PENSION PLAN

Ohio Public Employees Retirement System: All full-time employees participate in the Ohio Public Employees Retirement System (OPERS). OPERS administers three separate pension plans as described below:

- 1) The Traditional Pension Plan – a cost-sharing, multiple-employer defined benefit pension plan.
- 2) The Member-Directed Plan – a defined contribution plan in which the member invests both member and employer contributions (employer contributions vest over five years at 20% per year). Under the Member-Directed Plan, members accumulate retirement assets equal to the value of member and (vested) employer contributions plus any investment earnings.
- 3) The Combined Plan – a cost-sharing, multiple-employer defined benefit pension plan. Under the Combined Plan, OPERS invests employer contributions to provide a formula retirement benefit similar in nature to the Traditional Pension Plan benefit. Member contributions, the investment of which is self-directed by the members, accumulate retirement assets in a manner similar to the Member-Directed Plan.

OPERS provides retirement, disability, survivor and death benefits and annual cost-of-living adjustments to members of the Traditional Pension and Combined Plans. Members of the Member-Directed Plan do not qualify for ancillary benefits. Authority to establish and amend benefits is provided in Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report. Interested parties may obtain a copy by making a written request to OPERS, 277 East Town Street, Columbus, Ohio 43215-4642, or by calling (614) 222-5601 or (800) 222-7377.

The Ohio Revised Code provides statutory authority for member and employer contributions. For 2010, member and employer contribution rates were consistent across all three plans. Member contribution rates were 10.00% in 2010, 2009 and 2008. The employer contribution rates were 14.00% of covered payroll in 2010, 2009 and 2008. The Agency's required employer contributions to OPERS for the pension portion of all the plans for the years ending December 31, 2010, 2009 and 2008 were approximately \$364,000, \$327,000 and \$279,000 each year, respectively. The required payments due in 2010, 2009 and 2008 have been made.

NOTE F-- OTHER POSTEMPLOYMENT BENEFITS

Ohio Public Employees Retirement System: All full-time employees participate in the Ohio Public Employees Retirement System (OPERS). OPERS administers three separate pension plans: The Traditional Pension Plan – a cost-sharing, multiple-employer defined benefit pension plan; the Member-Directed Plan – a defined contribution plan; and the Combined Plan – a cost-sharing, multiple-employer defined benefit pension plan that has elements of both a defined benefit and defined contribution plan. OPERS maintains a cost-sharing multiple employer defined benefit postemployment health care plan, which includes a medical plan, prescription drug program and Medicare Part B premium reimbursement, to qualifying members of both the Traditional Pension and the Combined Plans. Members of the Member-Directed Plan do not qualify for ancillary benefits, including postemployment health care coverage. In order to qualify for postemployment health care coverage, age-and-service retirees under the Traditional Pension and Combined Plans must have 10 or more years of qualifying Ohio service credit. Health care coverage for disability benefit recipients and qualified survivor benefit recipients is available. The health care coverage provided by OPERS meets the definition of an Other Postemployment Benefit (OPEB) as described in GASB Statement 45. The Ohio Revised Code permits, but does not mandate, OPERS to provide OPEB benefits to its eligible members and beneficiaries. Authority to establish and amend benefits is provided in Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report. Interested parties may obtain a copy by writing OPERS, 277 East Town Street, Columbus, Ohio 43215-4642, or by calling (614) 222-5601 or (800) 222-7377.

The Ohio Revised Code provides the statutory authority requiring public employers to fund post-retirement health care through their contributions to OPERS. A portion of each employer's contribution to OPERS is set aside for funding of post-retirement health care benefits. Employer contribution rates are expressed as a percentage of the covered payroll of active members. The employer contribution rates were 14.00% of covered payroll in 2010, 2009 and 2008. The Ohio Revised Code currently limits the employer contribution to a rate not to exceed 14.00% of covered payroll. Active members do not make contributions to the OPEB Plan. OPERS Postemployment Health Care plan was established under and is administrated in accordance with, Internal Revenue Code 401(h). Each year, the OPERS Retirement Board determines the portion of the employer contribution rate that will be set aside for funding of postemployment health care benefits. Employer contribution rates used to fund postemployment benefits were 5.50% from January 1, 2010 through February 28, 2010 and 5.00% from March 1, 2010 through December 31, 2010 and 7.00% from January 1, 2009 through March 31, 2009 and 5.50% from April 1, 2009 through December 31, 2009, and 7.00% in 2008. The OPERS Retirement Board is also authorized to establish rules for the payment of a portion of the health care benefits provided, by the retiree or their surviving beneficiaries. Payment amounts vary depending on the number of covered dependents and the coverage selected. The Division's actual contributions to OPERS to fund postemployment benefits were approximately \$207,000, \$237,000 and \$279,000 in 2010, 2009 and 2008, respectively.

The Health Care Preservation Plan (HCPP) adopted by the OPERS Retirement Board on September 9, 2004, was effective January 1, 2007. Member and employer contribution rates increased as of January 1, 2006, January 1, 2007 and January 1, 2008, which allowed additional funds to be allocated to the health care plan.

NOTE G--RELATED PARTY TRANSACTIONS

The Agency is provided various services by the City of Cleveland. Charges are based on actual use or on a reasonable pro rata basis. These costs, as reported in the statement of revenues and expenses of the internal service fund for the years ended December 31, 2010 and 2009 were as follows:

	2010	2009
City administration	\$425,484	\$452,118
Office rent	373,948	373,948
Telephone	9,358	46,734
Cleveland Public Power	23,865	22,604
Parking Facilities	2,434	2,684
Printing services	273,231	411,409
Motor Vehicle Maintenance	7,256	12,924
Total	\$1,115,576	\$1,322,421

NOTE H--DUE FROM MEMBER CITIES

The Agency has recorded certain liabilities in the internal service fund related to compensated absences totaling \$413,711 at December 31, 2010 and \$403,177 at December 31, 2009 as accrued wages and benefits.

NOTE I--CONTINGENT LIABILITIES AND RISK MANAGEMENT

Contingent Liabilities: Various claims are pending against the City involving the Agency for personal injuries, property damage and other matters. The City is responsible for the lawsuits. The City's management is of the opinion that ultimate settlement of such claims will not result in a material adverse effect on the Agency's financial position, results of operations or cash flows.

Risk Management: The Agency is exposed to various risks of loss related to torts; thefts of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Agency is generally self-insured. No material losses, including incurred but not reported losses, occurred in 2010 or 2009.

The City provides the choice of four separate health insurance plans for its employees. These plans are provided by two different insurers through commercial insurance. Operating funds are charged a monthly rate per employee, by type of coverage. The City participates in the State of Ohio workers' compensation retrospective rating program.

NOTE I--CONTINGENT LIABILITIES AND RISK MANAGEMENT (Continued)

In accordance with GASB Statement No. 10, claims liabilities are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Liabilities include an amount for claims that have been incurred but not reported. The result of the process to estimate the claims liability is not an exact amount as it depends on many complex factors, such as inflation, changes in legal doctrines, and damage awards. Accordingly, claims are re-evaluated periodically to consider the effects of inflation, recent claim settlement trends (including frequency and amount of pay-outs), and other economic and social factors. The estimate of the claims liability also includes amounts for incremental claim adjustment expenses related to specific claims and other claim adjustment expenses, regardless of whether allocated to specific claims. Estimated recoveries, for example from salvage or subrogation, are another component of the claims liability estimate. Claims liability for the Agency is immaterial.
