

Congratulations on recently becoming eligible for the City of Cleveland's Community Choice Electric Aggregation Program!

SOPEC provides electric aggregation services for Cleveland customers with The Illuminating Company. AEP Energy (SOPEC's supplier) will be the electricity supply provider for your home or small business. Compared to the utility rate, the program saved an estimated **\$20 million** in the first two years! You'll have peace of mind knowing you are with the City's trusted energy providers!

What to Expect Next:

Your enrollment is being processed, and if accepted, you will soon receive a notice from The Illuminating Company to confirm your enrollment. Simply review the letter — if you are pleased with the plan, then you are all set! [Your service will begin in approximately one to two billing cycles, depending on your account's meter read date.](#)

Your Bill Explained:

You will continue to receive one bill from The Illuminating Company. This bill will include AEP Energy charges for electric supply and a separate line item for "Charges from The Illuminating Company" that cover distribution costs. [You will continue to make one monthly payment to The Illuminating Company.](#)

Benefits of the Program:

You will receive a competitive, fixed rate and 100% renewable power. In the first two years of the program, Cleveland residents and small businesses saved an estimated \$20 million compared to the utility default rate and you will continue to save with the program! The current rate is **\$0.09236 per kWh**, offering savings over The Illuminating Company's price to compare of \$0.0950 per kWh through March 31, 2026.

[No action is required on your part if you'd like to remain in the electric aggregation program.](#)
