What's happening on Bridge Avenue?

We're piloting neighborhood traffic circles on Bridge Avenue between West 25th Street and West 65th Street. The project will include neighborhood traffic circles, speed tables, new crosswalks, and clear corners, with the goal of reducing dangerous driving.

This project will include:

- **Neighborhood Traffic Circles** will replace low-volume traffic signals to slow vehicle speeds and reduce crashes. The existing traffic signals will be removed.
- **Clear Corners** built with paint and flexible posts near corners will keep intersections clear, improving sight lines for drivers and pedestrians.
- **Speed tables** are planned for Bridge Avenue between W 65th and W 58th Street and for W 52nd Street north and south of Bridge Avenue.
- **New crosswalks** will be installed at W 50th and W 47th Streets.

We will use quick build materials including paint, signage, and rubber curbing for immediate impact. Then, we will evaluate the pilot for potential permanent concrete installation.

WHAT TO EXPECT

August 24, 2026

Installation begins

Throughout the week of August 24-28

A block in each direction of intersections being constructed will be closed to through traffic while crews install traffic circles and remove traffic signals. Local traffic will maintain access.

Monday 8/24 and Tuesday 8/25

Temporary daytime parking restrictions while parking lanes and clear corners are striped.

September 2026

Crews install speed tables and new crosswalks

2027

Quantitative evaluation
