Pipeline Infrastructure Improvements Update

Tuesday, July 5, 2022

**Dominion Energy Ohio Gas Pipeline Infrastructure Replacement Project –
PIR 3219 – Silverdale Avenue and State Road
(City of Cleveland - Ward 13)**

CLEVELAND – On Tuesday July 5, 2022, Dominion Energy Ohio’s gas pipeline infrastructure replacement project will begin on the following streets:

- Silverdale Avenue - From State Road to West 25th Street
- Walbrook Avenue – North side of Walbrook Avenue from 3408 Walbrook Avenue to West 25th Street
- Ralph Avenue – From State Road to Broadview Road
- Fairdale Avenue – From West 25th Street to Broadview Road
- Schell Avenue – From 2406 Schell Avenue to Broadview Road
- Broadview Road – West side of Broadview Road from Ralph Avenue to Schell Avenue

The improvements include replacing the old steel mainline with a new plastic mainline in the roadway and sidewalk area. A work zone will be established which will allow two-way traffic with traffic control personnel present to help direct traffic flow. Access to adjacent driveways and businesses will be maintained throughout construction. The work on the project will take place Monday through Friday from 7 a.m. to 5 p.m.

This project is scheduled for completion in December 2022. Should the weather not allow for permanent restoration to the sidewalk and roadway after construction. A temporary 2” thick concrete sidewalk will be installed for pedestrian traffic, and concrete road caps will be placed on all road crossings until permanent restorations can be completed in the spring of 2023.

Should there be any questions, please contact Matt Lenke - Hill International at 330-353-7111.

***Editor’s Note:** Road construction invariably presents hazards to the public. All travelers are urged to use caution in construction zones. Public safety and the safety of workers is a top priority.*
