City Announces Neighborhood Street Improvements

**West 45th Street, Tate Avenue, West 36th Street & Portman Avenue
(Ward 13)**

CLEVELAND – Starting July 29, 2022, weather permitting, the City of Cleveland’s Residential Resurfacing Program will continue in Ward 13. Advance notice signs will be posted to advise the public of road improvements. The following streets will be complete by the end of September 2022:

- West 45th Street (Behrwald Avenue to Gifford Avenue)
- Tate Avenue (State Road to Broadview Road)
- West 36th Street (Memphis Avenue to Muriel Avenue)
- Portman Avenue (State Road to West 30th Street)

One lane of traffic will be maintained for local traffic for the duration of each project. No detours are expected. Access to all businesses, residences and side streets will be maintained during construction. On-street parking will not be allowed during construction. The work will take place during the hours of 7 a.m. to 5 p.m.

2022 Road Resurfacing Project Description:

- The work represents an investment of \$12 million in the City’s Residential Roadways.
- With the completion of the Pavement Management Study in 2017 and the continued evaluation of the City’s roadway network, the City has a grading system that allows streets in the greatest need of resurfacing to be selected for repair. The City is using the ‘worst first’ approach for road resurfacing.
- The City estimates it will resurface approximately 93 residential streets in 2022.
- The City will also be using the ‘fix-it-first’ approach to restore a high pavement condition rating on streets that are fair condition.

For questions, contact the City’s Administrative Manager, Mrs. Cherita Anglen at (216) 420-7605.

Editor’s Note: Road construction invariably presents hazards to the public. All travelers are urged to use caution in construction zones. Public safety and the safety of workers is a top priority.
