**CLEVELAND** – The week of August 15, 2022, weather permitting, the City of Cleveland’s Residential Resurfacing Program will continue in Ward 11. Advance notice signs will be posted to advise the public of road improvements. The following streets will be complete by the end of October 2022:

- West 106<sup>th</sup> Street (Western Avenue to S. Frontage)
- West 120<sup>th</sup> Street (Worthington Avenue to St. John Avenue)
- West 129<sup>th</sup> Street (Worthington Avenue to North Road)

- Summerland Avenue (West 118<sup>th</sup> Street to West 120<sup>th</sup> Street)
- Brookfield Avenue (West 130<sup>th</sup> Street to 12716 Brookfield)

One lane of traffic will be maintained for local traffic for the duration of each project. No detours are expected. Access to all businesses, residences and side streets will be maintained during construction. On-street parking will not be allowed during construction. The work will take place during the hours of 7 a.m. to 5 p.m.

**2022 Road Resurfacing Project Description:**

- The work represents an investment of \$12 million in the City’s Residential Roadways.
- With the completion of the Pavement Management Study in 2017 and the continued evaluation of the City’s roadway network, the City has a grading system that allows streets in the greatest need of resurfacing to be selected for repair. The City is using the ‘worst first’ approach for road resurfacing.
- The City estimates it will resurface approximately 93 residential streets in 2022.
- The City will also be using the ‘fix-it-first’ approach to restore a high pavement condition rating on streets that are fair condition.
- A separate advisory will be issued prior to work beginning in each ward.

For questions, contact the City’s Administrative Manager, Mrs. Cherita Anglen at (216) 420-7605.

***Editor's Note:*** Road construction invariably presents hazards to the public. All travelers are urged to use caution in construction zones. Public safety and the safety of workers is a top priority.
