Pipeline Infrastructure Improvements Update

**Dominion Energy Ohio Gas Pipeline Infrastructure Replacement Project –
PIR 2553 – East 105th Street and Columbia Avenue
(City of Cleveland - Ward 6 & 9)**

CLEVELAND – On Wednesday August 24, 2022, Dominion Energy Ohio’s gas pipeline infrastructure replacement project will begin on the following streets:

- East 105 Street - From Columbia Avenue to Greenlawn Avenue
- Columbia Avenue – From East 102nd Street to Parkwood Drive
- Greenlawn Avenue – From East 105th Street to Parkwood Drive
- Empire Avenue – East 105th Street to East 93rd Street
- East 102 Street – From Empire Avenue to Columbia Avenue
- Yale Avenue – South side from Saint Clair to 9118 Yale Avenue

The improvements include replacing the old steel mainline with a new plastic mainline in the roadway and sidewalk area. A work zone will be established which will allow two-way traffic with traffic control personnel present to help direct traffic flow. Access to adjacent driveways and businesses will be maintained throughout construction. The work on the project will take place Monday through Friday from 7 a.m. to 5 p.m.

This project is scheduled for completion in January 2023. Should the weather not allow for permanent restoration to the sidewalk and roadway after construction. A temporary 2” thick concrete sidewalk will be installed for pedestrian traffic, and concrete road caps will be placed on all road crossings until permanent restorations can be completed in the spring of 2023.

Should there be any questions, please contact Matt Lenke - Hill International at 330-353-7111.

Editor’s Note: Road construction invariably presents hazards to the public. All travelers are urged to use caution in construction zones. Public safety and the safety of workers is a top priority.
