ASSOCIATED MANUAL: RELATED ORDERS:

CHIEF OF POLICE: Michael McGrath, Chief

PURPOSE: To provide guidance for the proper investigation of Human Trafficking.

POLICY: The Cleveland Division of Police shall investigate complaints of Human Trafficking and enforce all laws that may relate to the practice of Human Trafficking. When applicable, the Cleveland Division of Police shall notify and assist federal agencies in investigations that involve the violation of federal statutes regarding Human Trafficking.

DEFINITIONS: Section 108(3) of the Federal Victims of Trafficking and Violence Protection Act of 2000 defines a “severe” form of Human Trafficking as:

- Sex trafficking in which a commercial sex act is induced by force, fraud or coercion or in which the person is induced to perform such act is under the age of 18, or

- The recruitment, harboring, transportation, provision, or obtaining of a person for labor or services, through the use of force, fraud, or coercion, for the purpose of subjecting that person to involuntary servitude, peonage, debt bondage, or slavery.

The Northern Ohio Intelligence Working Group defines human trafficking as: Those activities in which individuals are transported through illicit means either into the United States or across state lines within the U.S. to work in various industries. These industries may include sex workers, prostitution, massage-parlors, night-club dancing, domestic service, cleaning service (often hotel), construction (generally home), manufacturing (“sweat shops”), migrant farming, food processing (often meat packing, canning), and others.
PROCEDURES:

I. Officers receiving complaints or assignments that may have elements of human trafficking shall gather all available information and make all reports and arrests as applicable. If arrests or crime reports are made, they shall be for crimes under city ordinances or state statutes (kidnapping, rape, prostitution…). The sector or unit supervisor shall make the determination if the elements of human trafficking are evident. Further assistance can be had 24 hours a day by calling the Trafficking Information and Referral Hotline at 1-888-373-7888 (This number also provides information for local victim referral services). The sector or unit supervisor shall contact the Officer-in-Charge (OIC) of the Intelligence Unit when the supervisor has determined that the circumstances fit the criteria of human trafficking. Non-crime reports shall also be referred to the OIC of the Intelligence Unit for follow-up.

II. Record Management System (RMS) reports that involve elements of human trafficking shall have Human Trafficking in the title (i.e. Kidnapping/Human Trafficking or Prostitution/Human Trafficking).
