City of Cleveland Daily News Updates - #337

The City of Cleveland continues to take numerous precautions across multiple departments and divisions amid increasing cases of coronavirus (COVID-19). Below are some important updates. **Mayor Frank G. Jackson signed an order on March 31, 2021 extending the City's Proclamation of Civil Emergency through April 30, 2021.** [Click here to view the order.](#) Essential services such as Police, Fire, EMS, waste collection and Utilities will remain operational.

Cleveland Police Officer Involved Shooting:

On April 15, 2021 at approximately 4 a.m., officers responded to a 911 call for a male threatening a family in the 13600 block of Beachwood Avenue. Officers did not apprehend the suspect but arrested another individual for an unrelated drug offense. An additional call for the same known male threatening, were made directly to the district after this call. Officers responded and encountered the male who was known to have multiple felony warrants for offenses including murder, aggravated robbery and aggravated menacing.

On arrival, the officers encountered the suspect who fled through yards on foot and attempted to climb a fence. The suspect turned and pointed a firearm at an officer at which time shots were fired and the suspect was shot. Officers rendered aid to the suspect, however he was pronounced deceased at the scene. View the officer's body worn camera footage and the 911 call on the Cleveland Public Records Center under [Trending Topics](#).

This incident will be investigated by members of the Cuyahoga County Sheriff's Office. The Cleveland Division of Police will cooperate fully with this investigation. During the course of today's on scene investigation, the Cuyahoga County Sheriff's Office executed a search warrant on the abandoned home of the back yard in which the shooting occurred. During the execution of this warrant, two individuals were found hiding in the garage and were taken into custody. Narcotics and an assault rifle were also confiscated.

The deceased suspect was wanted on a murder warrant for the Sept. 1, 2020 gas station shooting death of a 48-year-old female. A 26-year-old female was injured by gunfire in the same incident.

Law Enforcement Involved Shooting Investigation

On April 14, 2021 at approximately 3:50 p.m., Cleveland Police Officers responded to East 82nd Street and Decker Avenue for shots fired. While enroute, officers received information that

the incident was a law enforcement involved shooting. On arrival, officers encountered the victim, a Special Agent for the Drug Enforcement Administration providing first aid to a male suspect. The suspect was then taken to the Cleveland Clinic via a Cleveland Police zone car for treatment and later conveyed to University Hospital for treatment where he remains confined.

Per protocol, members of the Cleveland Division of Police Use of Force Team (FIT) including the Homicide Unit, Internal Affairs Unit and Crime Scene and Records, responded to the scene for investigation.

Preliminary information indicates that Drug Enforcement Administration Agents were in the area of East 82nd Street and Decker Avenue conducting a narcotics operation. The involved Special Agent/victim was the single occupant in a parked vehicle when a vehicle pulled up near him and two males exited, one displaying a firearm at which point shots were fired and the suspect was shot. The agent was not injured.

This matter remains under investigation. Inquiries relative to the Drug Enforcement Administration investigation and agent information should be directed to the DEA. No additional information is available at this time. Any additional information will be provided via [GOV QA](#).

From the Cleveland Division of Police:

The number one goal of law enforcement officers is to keep the community safe. Officers respond to calls for service from our citizens and will continue to do everything possible to take violent criminals off of our streets. Cleveland, like cities across the United States, has seen a sharp rise in gun violence and homicides. Although these outcomes are never what we want, they are the result of guns in the hands of criminals. We need the help of the community. Please report crime tips to law enforcement. Anonymous information can be provided via Crimestoppers by calling 216-25-CRIME.

Update on Temporary Outdoor Dining for Restaurants

In order to better serve restaurants and their patrons during the COVID-19 pandemic, the City of Cleveland has established guidelines and regulations for permitted businesses to use private parking lots, streets and on-street parking areas as outdoor restaurant spaces as part of Mayor

Frank G. Jackson's ReStart CLE plan. This legislation provides restaurants with additional dining space that allows them to safely operate.

Businesses will need to acquire permits for outdoor dining. Permits issued for a Temporary Expansion Area (TEA) may be revoked at any time for failure to comply with the provisions of this ordinance, the codified ordinances and applicable rules and regulations of the City of Cleveland or laws of the state of Ohio, including Ohio Department of Health (ODH) orders. Businesses must adhere to the following regulations:

- **Permit Fee Duration:** A TEA permit, is valid through Nov. 1, 2021, unless terminated earlier or revoked. No fee will be required for a TEA permit application.
- **Patio Elements:** An application for a Temporary Expansion Area permit shall include detailed plans drawn to scale showing the number and location of patio elements, including standard tables, chairs, and umbrella. Additional elements such as tents, generators, and other structures may require additional approvals. All elements must remain within the approved site plan area of operation.
- **Spacing Requirements:** All patio furnishing must be organized to allow for appropriate social distancing between tables in compliance with ODH orders.
- **Protective Barrier Structure for patio area expansion:** All expanded patio enclosure areas must contain the appropriate protection between the patio area and vehicular traffic. This will require a much stronger barrier than a typical patio enclosure. The structure must be removable at the end of business hours (if necessary) or after any designated period approved as part of the application. In the case of a full street closure, or where, in the determination of the City, additional buffers are needed, the City may provide the necessary protective barrier structure at no cost.
- **Maintenance:** Permittees shall maintain the TEA in accordance with all City, County, and State laws, regulations, and orders. Permittee shall be responsible for keeping TEAs clean and safe.
