Other Important Reminders

Seasonal Leaf Pick-up Program Began Nov. 9, 2020

The City of Cleveland began its seasonal leaf pick-up program on Nov. 9, 2020. The program provides leaf pick-up in high leaf-generation areas, reducing the need for residents to manually collect leaves. View a map of the designated areas [here](#).

What to Expect

- Residents in the designated high leaf-generation areas should expect leaf pick-up signs posted one week prior to service.
- To streamline the pick-up process, residents are encouraged to rake leaves from their property onto the tree lawn. Residents are also asked to park off-street, if possible, during the service period to accommodate city crews.
- Each area will be serviced a minimum of two times within the 8-week period (weather permitting).

High generation areas have the highest concentration of city-owned trees located on tree lawns and/or those areas potentially causing flooding or other hazardous conditions. The current high leaf-generation areas have been verified by the Division of Urban Forestry, the County Tree Canopy, the Office of Sustainability and the Department of Public Works. The city's six service stations will systematically deploy sweepers, leaf machines, end loaders, and leaf blowers in these areas on Monday through Friday from 7 a.m. – 9 p.m. from Nov. 9, 2020 to Dec. 31, 2020.

Residents outside of the high-generation areas can bag any leaves gathered in their yards and set it out with their trash on their designated waste collection day. These residents are allowed up to 20 bags of leaves during the fall season.

City of Cleveland Now Accepting Requests for the Tree Canopy Revitalization Program

The City of Cleveland announces its Tree Canopy Revitalization Program. As part of this program the City is now accepting requests from property owners for a free tree installation during the spring and fall planting seasons.

Property owners can complete an [online request form](#) to have a tree planted on their tree lawn, in front of occupied structures or sidewalk cut-outs typically found in commercial areas in front of businesses. Each location will be surveyed in person by a Field Operations Forester to ensure there are no conflicts with the surrounding infrastructure and that the site is suitable. Approved sites are then added to a list for a tree to be planted during the next available planting season. All requests are handled on a first-come, first-served basis.

The Tree Canopy Revitalization Program was created in support of Mayor Frank G. Jackson's tree planting initiative, in which he pledged up to \$1 million a year to replenish the city's tree canopy. To request a tree or to learn more, [click here](#).

Calls Regarding COVID-19 Complaints

With the passage by Cleveland City Council of an ordinance authorizing penalties for non-compliance with Mayor Jackson's mask mandate, enforcement is now in effect.

There are two numbers Clevelanders should call regarding non-compliance:

- **Business complaints:** CDPH hotline at (216) 857-7165
- **Individual or private residence complaints:** Cleveland Police non-emergency line at (216) 621-1234

Cleveland City Council recently approved the mandatory use of masks in public spaces as well as certain penalties for individuals and businesses that do not comply. On July 3, Mayor Jackson signed an amended order mandating the use of masks in public in the City of Cleveland to slow the spread of the highly contagious coronavirus. This includes mandatory use in bars, restaurants, shared office settings, rideshares and other shared spaces.

Citations may be issued with fines for the following:

- Any business or person violating the mask or safe-seating order (which maintains social distancing of at least six feet between patrons) is subject to civil penalties in accordance with Ordinance No. 556-2020, specifically chapters 602 and 236.
- Any business in the City of Cleveland with an employee who becomes ill with the coronavirus is required to immediately disinfect and sanitize the premises. Following a warning, they may be subject to a civil penalty of \$1,000 for the first offense and a civil penalty of \$3,000 for each subsequent violation.

Cleveland Public Utilities to Resume Disconnections on December 1

Beginning on Dec. 1, 2020, the City of Cleveland Department of Public Utilities' (DPU) will lift the moratorium on shut-offs and reconnections. DPU will resume the regular process for collections and disconnection of service for delinquent water and/or electric accounts.

The City of Cleveland suspended utility disconnections for non-payment on March 13 as part of [Mayor Jackson's Proclamation of Civil Emergency](#) to help customers during the coronavirus pandemic. The City's suspension was in advance of Governor DeWine and the [Ohio EPA's order on March 31](#) and has continued well beyond the state order, which ended on July 1, 2020.

The decision to resume disconnections has been done with great concern and awareness of the financial difficulties and other vulnerabilities many of our customers are facing due to the pandemic.

Financial relief tools are in place to assist customers in need. In addition to our current affordability programs, we are offering extended payment plan options as well as coordinating with outside agencies to refer customers for additional services. We continue to diligently notify customers with past due accounts, so they receive plenty of notice in addition to the regular multi-notice procedures. It is always our goal to keep customers connected to utility service. We encourage customers who need assistance to contact Cleveland Water at (216) 664-3130 or Cleveland Public Power at (216) 664-4600 to discuss their payment options as soon as possible.
