Cleveland Public Utilities Disconnections Resume as of December 1

Beginning on Dec. 1, 2020, the City of Cleveland Department of Public Utilities' (DPU) lifted the moratorium on shut-offs and reconnections. DPU has resumed the regular process for collections and disconnection of service for delinquent water and/or electric accounts.

The City of Cleveland suspended utility disconnections for non-payment on March 13 as part of [Mayor Jackson's Proclamation of Civil Emergency](#) to help customers during the coronavirus pandemic. The City's suspension was in advance of Governor DeWine and the [Ohio EPA's order on March 31](#) and has continued well beyond the state order, which ended on July 1, 2020.

The decision to resume disconnections has been done with great concern and awareness of the financial difficulties and other vulnerabilities many of our customers are facing due to the pandemic.

Financial relief tools are in place to assist customers in need. In addition to our current affordability programs, we are offering extended payment plan options as well as coordinating with outside agencies to refer customers for additional services. We continue to diligently notify customers with past due accounts, so they receive plenty of notice in addition to the regular multi-notice procedures. It is always our goal to keep customers connected to utility service.

We encourage customers who need assistance to contact Cleveland Water at (216) 664-3130 or Cleveland Public Power at (216) 664-4600 to discuss their payment options as soon as possible. Cleveland Water customers can also make payments and manage their account at myclevelandwater.com, and questions can be submitted via the inquiry form at www.clevelandwater.com/ask-a-question. CPP customers can make payments and manage their account at www.cpp.org. Inquiries and questions can be submitted via www.cpp.org/Contact.

Cleveland Water and CPP customers may also use the dropbox located at 1201 Lakeside Ave. Please include name and account number along with payment. Multiple accounts must be on separate check.

City of Cleveland Now Accepting Requests for the Tree Canopy Revitalization Program

The City of Cleveland announces its Tree Canopy Revitalization Program. As part of this program the City is now accepting requests from property owners for a free tree installation during the spring and fall planting seasons.

Property owners can complete an [online request form](#) to have a tree planted on their tree lawn, in front of occupied structures or sidewalk cut-outs typically found in commercial areas in front of businesses. Each location will be surveyed in person by a Field Operations Forester to ensure there are no conflicts with the surrounding infrastructure and that the site is suitable. Approved sites are then added to a list for a tree to be planted during the next available planting season. All requests are handled on a first-come, first-served basis.

The Tree Canopy Revitalization Program was created in support of Mayor Frank G. Jackson's tree planting initiative, in which he pledged up to \$1 million a year to replenish the city's tree canopy. To request a tree or to learn more, [click here](#).

Calls Regarding COVID-19 Complaints
